Bijou Hunter

Rich S.O.B. Bijou Hunter

Who is Asher Ferrer?

Filthy rich? Yep!

Deliciously attractive? Oh, yeah!

Fastidious solitary? So much so!

With a life meticulously organized, Asher remains perfectly isolated from people and their loud, messy problems.

Until Junie skates into his life.

If the handsome hermit wants to win over his Roller Girl, he'll need to give up his reclusive lifestyle and unseal his guarded heart.

Rich S.O.B. contains sexual content and harsh language. The book is appropriate for adult readers ages 18+.

3.5/4 stars

Becky says

Rich S.O.B. by Bijou Hunter

Actual Rating: 3.5 stars

Let me start by saying that this book is, at times, hysterically funny. There are some great lines in this book, to the point where it's hard for me to pick just one or two that were my favorites.

"You're a rich prick from the north side."

Asher's smile widens. "I wasn't always rich."

"Yeah, but you were probably always a prick."

The novel does a nice job avoiding gender stereotypes, a pitfall many romance novels fall prey to. Our heroine, Junie, is a nice change from the stereotypical romance heroine. She's not timid, not a virgin, and *she's* the assertive one when it comes to initiating sex. She also wears roller skates everywhere for some reason, even to places like movie theaters and restaurants.

He's delusional if he wants me to pretend I'm a skating virgin in her mid-twenties.

If only other romance heroines shared your practicality, Junie.

Our hero, Asher, also manages to avoid some of the stereotypes for male heroes. Although he's wealthy and good looking (naturally!), he is not a womanizer and even suffers from crippling anxiety (more on this in a moment). He does assign a PI to tail the heroine to "keep her safe" at one point, but that felt more like a symptom of his anxiety issues than anything romantic.

"Your boyfriend doesn't fit into your life, and you don't fit into his. How do you expect to make this relationship work?"

I didn't assign this more stars for a few reasons. One, I am not convinced that Asher and Junie could actually stay together and made it work. Asher has MAJOR issues with his anxiety, to the point where he sabotages their relationship several times. Junie appears to have her own issues, although they aren't delved into as much as Asher's. (Why does she roller skate EVERYWHERE, including work and expensive restaurants? This seems like a red flag.)

Two, as a person who has dealt with anxiety and depression in the past, watching Asher struggle helplessly with his anxiety was pretty difficult at times, and not really what I was looking for when I picked up a novel with "romantic comedy" in the title. I expected something light, fluffy, and maybe sexy. (The author refers to Junie's vagina as "Mistress Beaver," so... I'll allow you to draw your own conclusions about the sexiness.)

Safety Stats:(view spoiler)

B.E.Love says

4 1/2 stars

Like with all Bijou Hunter book we get tons of funny moments but this one also add in some really great quirky ones as well. Since i discovered Bijou Hunter I have been a huge fan and with each book I have grown to love the worlds she creates more, in this one we get something a little different but still amazing.

Asher doesn't go anywhere, he stays in his penthouse and the building he owns, but when his best friend abandons him Asher decides to visit a diner his friend always raved about. When he goes to the diner Asher see's a girl on roller-skates and she turns his world around quickly becoming his obsession. Asher thinks he is fine just watching the girl till a mugger comes in and Asher is no longer ok with just watching her.

When Junie went to her diner all the regulars were there including the cute guy who kept to himself. After the mugger was taken care of Junie never would have guessed the cute guy would talk to her and though he gives her his name she quickly knows exactly who he is and agrees to a date. Asher isn't like most guys but Junie doesn't care because she isn't like most people either.

Dating Asher is like nothing she could have imagined but with all of Ashers quirks and all of her opinions it isn't easy. But both know they can't imagine living another day without the other and no matter what obstacle comes their way as long as they have each other thats all that matters.

I really liked this book, it's a great summer read, it was so fun to read. Yes Asher is different than any other hero we have gotten from Bijou but I loved him so much and he is still crazy obsessed with Junie. She is his world. June is hilarious she is one of a kind and she has no desire to please anyone. June is ok with who she is and loves life. I loved seeing the growth both Asher and Junie both go through as they fall in love. And i loved seeing all they were will to do for the other.

We also get some great sider characters. Mallory, Junies friend was the perfect side kick for Junie. Like all Bijou Hunter books we get some great epilogues which if you know me you know I love. I highly recommend this book. It was such a great read, and I never wanted to put it down. From beginning to end I was engaged and hooked enjoying being a part of this world that was created.

*Thank you Bijou Hunter for this Beta/ARC read

Linda Sims says

Hmm I've read way better by this author. I just couldn't warm to these characters they were a bit too eccentric for my taste. I assume they were meant to be amusing, just not for me. I skimmed a lot.

Shelley says

I went into reading this novel blind. I have read everything this author has written and loved them all. This novel did not disappoint. I loved the quirky heroine Junie. I loved the story. But no one writes dialogue and banter like this author. I really enjoyed this novel, the loved the hero Asher had some real life issues (phobias) that he was working thru. I was sucked in from the first page to the last. I can't wait to see what this author has planned for next. What I do know is that if this author writes it I am going to be reading it and loving it.

Rachel says

WHAT A BOOK! You think you know what you're getting when you pick up a book written by Bijou Hunter. Broken girl rescued by a rough and ready guy with a heart of gold. Love always conquers all and the girl finds her strength, the guy finds his girl. It's never predictable but there's a comfort and familiarity in her writing. It's why I keep coming back time and again.

But, but, but here comes this book, Rich S.O.B, from the first page is different. The familiar is absent here. We are introduced to Junie and Asher in a novel, funny way. No spoilers, where's the fun in that? ? What follows is a great fun, clever story where Junie is the true star of the book. She sets out to free Asher from the prison of his own limitations. The way she loves and helps him is a beautiful, remarkable thing. Junie is quirky and truly lives life in a way that makes her happy. She works around others in order for the rest of the world to accept her as is. Roller skates as everyday shoes and all. Frankly, Asher is lucky to have her.

I loved this book so much, that it may have become my favourite book by this author. Totally recommended.

Emily says

Asher Ferrer doesn't do relationships, friendship, or anything that really requires him to be close to someone even his family. When he sees Roller Girl he becomes fascinated by the girl who seems to be oblivious to everything around her. Asher decides he wants her, but his eccentric ways have him making the move he needs.

Junie noticed Asher and after a strange courtship she decides she wants to keep him. Even if that means taking him as he is but he will have to do the same for Junie. Can two opposites come together and find a happiness they would never have with someone else?

Another delightful read from Bijou Hunter. This was hilarious but are quirky and I loved the way they communicate with one another. Junie is a favorite, I thought her running around in her roller skates was a hoot and she has a friend you will hope gets a book too. Fabulous.

Fre06 Begum says

Had to stop as I found the heroine quite annoying with the whole wearing skates everywhere!

Julia says

This was such a cute story!!! The heroin was amazing, and their romance was heartfelt. Highly recommended!

Jamie C says

Happy birthday to me! This comes out on my bday & I can't wait!!

Melissa says

These two are deliciously quirky BUT almost to the extreme. The story focused so much on their eccentricities that the plot fizzled out. A for effort with writing a different kind of rom-com but it fell flat. 3*could have been better*stars

dasm says

Bijou Hunter has actually surprised me! This book is a novelty in the romance, HEA, genre of books. This isn't an easy thing to do these days but again Ms Hunter has been successful in this surprising story! The H and h in this book have issues to say the least. Junie (h), is quirky, more of a familiar character for anyone who has read Bijou Hunter's previous books. I tried to find an alternative adjective than quirky, but nothing else fits so well! Despite the quirky characteristics, Junie (h), is a significantly well adjusted, mature personality! I want her as a friend! Asher (H), is a more troubled, complicated personality who has to struggle to deal with his issues. But together, the two of them create a whole functional, loving couple whose developing relationship is a map of how to successfully build a strong and cohesive union. This isn't a preachy story. It is a GREAT, sometimes funny, sometimes frank, but ultimately loving story between 2 flawed people who succeed in creating a strong cohesive family! 4.5/5 and totally recommended!

Janie says

It's not often that I love a heroine more than the hero. But that is the case with this unique story by Bijou Hunter.

Asher is very introverted and lives high up in his tower almost never leaving. When his bff moves away, he decides to venture to a restaurant his friend told him about. This is where he sees and becomes obsessed with his Roller Girl.

Junie definitely dances to the beat of her own drum. She lives her life the way she wants and doesn't care what anyone thinks. She's noticed Hitchhiker (the name given to him by her and her bff Mallory) for months at the restaurant she frequents.

Asher has never allowed anyone close to him and Junie never found anyone worth more than a few dates. These two both have to make a lot of compromises to be with each other but they also know they won't be happy if they don't.

I am always amazed by the range of characters and storylines that come from this author. I love how I always get true lol moments blended with the sweet and sexy times in her stories.

With a great cast of secondary characters and two awesome epilogues, I truly enjoyed this read. As always, I can't wait for the next.

ARC provided by the author for an honest review.

Beware of Spoilers!

Star Ratings:

Heroine (Junie): 27yrs old

Hero (Asher): early 30s?

Plot: 4/5

Grovel: none

Cheating: none

HEA: yes with kids

Triggers: none

Average score: 4/5

Best Line: *"I am a taxpaying citizen! I refuse to have them stand between me and my strawberry waffles."*

Worst Line: *"I lie to you about a lot of things."*

Personal Review:

An unusual love story between a rich anxious hero and a laidback rollerskater heroine

Random Ramblings:

- Wow, realistic names this time...spoke too soon
- This story just chucks you in
- So many good lines!
- Their relationship is certainly interesting

Overall Feeling:
