RNWMP: Bride for Ernest Kirsten Osbourne

When Josephine McClain finds out she is losing the only home she's ever known, she doesn't know what she should do. She soon meets Miss Hazel while walking around Ottawa, a woman who is building a reputation as a matchmaker to the Mounties. Within minutes of meeting the older woman, Josie is offered a letter to read from a Mountie looking for a bride. Feeling she has no alternative, she agrees to marry the man, but she makes a vow to herself to be positive.

Ernest Keeler was a Mountie who loved his job, but realized he was lonely. He sent for a bride, and he was sure she would be the perfect woman for him. When he sees Josie get off the ferry, he realizes that she's exactly what he'd imagined he would be. Ernie hopes his absentmindedness won't cause trouble with his new bride. Will the two of them, with their positive outlooks on life, be able to be happy together? Or will their differences keep them apart?

Enjoyable

This was a wonderful way to describe the what, how, when, and who of a new couples life. I liked how the story also included a little bit of the wrongs that they had in the beginning of their lives. Not just a telling of a happy, lovely, new marriage. No one is ever all happy, lovely, and no problems in a marriage, no matter who they are. Thanks, for including them to, it makes the story better. For no one is perfect.

If a writer wrote a story like that, then you could tell that it was to perfect. Not real. It's better when problems are mentioned, for the story is written by someone who tells how life really is.

I enjoyed reading how she was trying to not do things, for she would be even madder at herself or she would start yelling, or she didn't like to do or think or do something because of how she would react to the situation or because of what she would say.

I liked how the story was written to make it sound real. Sorry if I am not making sense. I'd like to say that the story was written in a really nice way. It was a really enjoyable story to sit back and read. Thanks!

Another Wonderful Mountie Book

Josie and Ernie are quite a pair. It is always fun to see how they are going to interact when Miss Hazel gets them matched up. It was really neat to see Josie pitch in and befriend Lillian who needed a friend. I love this series of books.

I've got to quit reading this authors books. What Mary-sue claptrap!! Yuck.

I like a happy ending but this was soooooo bubble gum with nothing actually resolved - it was sickening to remember I actually paid money for it. If it weren't for the side mentions of 'marital duties' I'd say give it to children as a super sugary fairytale (not the good kind with a moral or underlying meaning) about what adult life is like.

This actually hurt my head a little.

Love the series

Another great book in the RNWMP series. I'm really enjoying the series and I always enjoy Kirsten Osbourne's books.

I enjoyed the characters. Josie is unbelievable. One ,I could either use some of her energy or at least she can come to my house and get me organized. She is so joyful its infectious. Ernest needs a wake up call. But I didn't get to meet the other Mounties or their brides. Left wanting to know what is wrong with Katharine and how does Nessie feel. Plus no introduction to the other Mounties. Also no hints at all about the mystery.

Wonderful book

What a great read and one I couldn't put down until I had finished every word. A great mail order bride story and with the Mountie thrown in even better.

Great lead in

This sweet and sassy story was a great lead for this next group of Mountie matches. Can't wait to have the mysteries solved

Ernie

There were some really cute parts to this book but there wasn't much of a story. She kept trying to stay busy but never once went to check on her sick friend. She and Ernie had a sweet relationship but it was missing something. I'm normally thrilled with Kirsten's books but this one left a lot of loose threads. I hope things are tied up in the next three books. I still recommend you read the book. They are very sweet characters.

Mail Order Mounties

I have read all 21 Mountie books and have enjoyed all of them, some more than others. Number 21 was a little disappointing as it was so short and left you feeling you had just fallen off a cliff not knowing how you'd end up. When will the next ones, about the other three Mounties and their Brides be out for us?

Bride for Ernie

Is a great book and is an awesome series. Before their brides get there. The commander Timothy is murdered and Ernie goes in rank. The first two nights he forgets to go home.

Josephine has been told by her soon to be step mother that she needs to go. There is no room for her. As she looks to her father she is reminded he never appreciated a thing she did for the past five years. She has no clue what to do until she runs into Miss Hazel while walking around town. She agrees to go with Miss Hazel and marry a mountie.

Ernest is Bert's brother and after his good fortune of a good bride decides to do the same. Once he see Josephine get off the ferry he knows she is the one. The first few nights he forgets to go home as he forgets he is even married. Will this be his downfall or can Josephine make him see reason?

Another great story in this series. Not one of my favorites but over all a great read.

I just love The Mail Order Brides series! I live in Minnesota & have experienced winter weather up North very much like the Authors describe in these books! Thank you Kirsten Osborne for your wonderful books!

Wonderful story! Drama, Treachery, with Love & Bravery winning the day! This book shows how even when someone is not perfect, kindness & Love can overcome our fears!

It's a decent story but it did the me forever to read it! I struggled to get into it and found it vague in some places.
