His Selfish Love: Sons of Lost Souls MC Book Two Ellie R. Hunter

When Harper McCarthy and her mom rolled into town, JJ was the only one who could calm Harper's mind. He quickly became her obsession.

He's cocky, he's a biker, and he's the most selfish man she's ever met. He plays with her like a cat toys with a mouse.

She has her problems and she has her secrets, but she doesn't feel free until she puts herself first.

Jason 'JJ' Carter, son of Sparky and Bonnie Carter, is as selfish as his dad used to be back in the day. He lives for the patch and his brothers. He loves the freedom of the club, the partying, and the women. Harper is fresh in town and she makes it too easy to seduce her, until he learns how crazy she is.

It's not until Harper gains control of her life that JJ realises how different she is, and the chase begins.

With the club under threat and bullets flying in every direction, will JJ be able to keep Harper safe, fight for his club, and show her he can be the man she needs? Or will Harper show him how she can look after herself? Just because you love someone doesn't mean you need them.

Read His Selfish Love and follow their journey.

Freaking floved it....

Harper is a very complex individual. I felt sorry for her, and honestly still do with how everyone in the club are treating her. JJ finally got his head out of his butt and I think he's good at helping reel in Harper's crazy. This couple and their circumstances still feel unfinished to myself though. Hopefully we'll get more from the next book in this amazing series and set of characters.

Things are coming to light, and oh what twists are weaved. This reader can't wait to see where this series goes next.

Thanks Jamie Nibarger Ellis

Great read

I loved this book and the way mental illness was worked into a very strong storyline. Another great installment in a fabulous saga. Can't wait for the next book!

This is the second book in the Sons of Lost Souls MC by Ellie R. Hunter. Jason Carter "JJ" is a member of the Lost Souls MC, his dad, Sparky is the Vice President of the club. Harper McCarthy is the niece of Slade, her mom, Lily is his sister. I didn't like this book because of who Harper's dad is and had I read the original

series I'd be even more pissed. I don't wanna say anything else and spoil shit so I'm just gonna say I can see where this series is going and I won't be continuing with it.

Harper

She damaged and hurting and finding comfort where she can but it all comes together with a mad man and the mc club. Does end in cliffhanger but a worthy read

Mellie Aquire says

This is book 2 of the next generation, the plotline is really intensifying. This book ends with some sad news, made me very upset. Can't wait for book3, maybe we'll get Zach's story.

Debbie Earley says

His Selfish Love

This book was perfect for this couple. So many test and turns. I can't wait to read Sparky's book. Love all the characters and what they mean to their story. If you haven't read the first book you need to.
