Three Minute Man

Kim Dare

Three Minute Man Kim Dare

Book four in the Perfect Timing Series Three minutes doesn't give Ian much time to prove he's the dominant that Susan had given up on ever finding, but it's amazing what the right man can do in three minutes! Ian had plans for the submissive he'd seen playing casual games with other dominant men in the local leather bars, but she disappeared off the kinky scene before he had a chance to claim her. When he finds her working in a speed dating club, he's determined not to let her slip through his fingers again. Susan made a conscious decision to give up on the lifestyle. She's not going to change her mind just because some dominant strolls into her life and starts snapping his fingers. The fact that Ian calls to the very part of her that she's been trying to repress for the last eighteen months isn't important. She's not going back on her decision. Unfortunately for Susan, she's never been able to resist a bet - not when there's more than money at stake. Reader Advisory: The stories in this collection are linked solely by theme. Each story can be read on it's own and the stories can be read in any order.

From Reader Review Three Minute Man for online ebook

Gwengwel says

Ian is so arrogant, I wanted him to fail. Suzan is annoying and frankly stupid.

Kim Dare pull here again one of her cliché: all ex (in this case, master) are asshole. She use that idea in almost half of her stories. The manzell-in-distress syndrome.

L-D says

Ian sees Susan running a speed dating event and, knowing instinctively that Susan is a natural submissive, manages to finagle his way into the event. In order to keep the numbers even, Susan has to also join the event. Ian has 3 minutes to convince Susan that she should give the lifestyle one more chance. I liked Ian in this story, but I didn't really care for Susan much for some reason. Still - it was a fun novella and a nice addition to the series.

Recommended for...

People new into the bdsm scene or people curious about bdsm.

About the book...

This book is a m/f contemporary romance erotica with light bdsm elements. It contains scenes that deal with titles, safe-words, negotiations, trust, & aftercare.

The series...

I only read this book in the series & it worked as a stand alone.

The bad...

Some errors with grammar and PoV changes.

Certain aspects of both the story and characters were unrealistic to me.

Star rating...

I'm giving this book 2.5 stars because I did not like the characters or feel any emotional connection to them. The story was okay, but needed some work.

The author...

I've read newer works by this author and she has greatly improved since this book was written in 2010. The

author is mostly known for her m/m books and that seems to be where she excels.

I wish she would write some more m/f now that she has improved her writing style and is more experienced, but I doubt her m/m fans would agree.

** I won book of my choice through author giveaway by Kim Dare that was hosted by the BDSM group on Goodreads.

Joël says

I really did not like the male lead character
