I received this book along with some books I got from Pastor Rod Parsley in 2008. I didn't read it until a few months later and I was greatly blessed by reading all of the promises of God were written in the Old and New Testaments of the Holy Bible. This small book is bigger than any novel or self-help book because it tells you specifically what God promises you as a Child of God who follows HIS will in obedience. Amen!

I'm still making references to this book on a weekly basis. I was hoping to actually do to it on a daily basis, but it appears that I've just brought myself to look at a verse to live by each week.

This book is great for someone who is just starting out on the bible (kinda me) and doesn't know where to begin. I love how the book is divided by the subject of the verses.

I didn't read it from beginning to end in numerical order. I found it easier to go to the topic that I know I need help in, then the topic I'm curious about, and then I just go based on what my mother says or just pick randomly. My first section was "Courage" because I knew for a fact that courage was something I lacked. Now I refer to this book whenever I'm struggling in something, and I use it to find quotes for my section markers in my notebook.

Some days I find it easier to just carry this book instead of the actually bible, because it's easier to find what you need. Especially since I'm still "in-training".

This is one of my favorite books when I want to find scriptures according to subject matter. I always keep one in my car, so I can use my time effectively when I am stuck in traffic, it is a great way to get your focus off your frustration on to what really matters.

I also try keep a new one handy to give away, if I meet someone needing encouragement. Many homeless people don't have a Bible, so this is lightweight for them to carry and I keep them enclosed in an individually sealed ziploc bag, so if they get rained on the book doesn't get damaged. I can't tell you the appreciation I've been shown from those wanting one. It is a great way to witness and lead people to Christ or repent and rededicate their life!

A must good book

This book is great book with your bible. You can share with your family and friends. You can share with this in your bible studies or on your own. It is a great book to learn and study the word of GOD. This book can bring you closer to God's wisdom.

This is a great book that reminds us of what God has in store for us. The promises are separated by topic to make it easy to find what you are looking for. Because the promises are scripture quotations, I recommend reading the surrounding scriptures for context.

OK, not sure just when I read this. But though it probably was a while ago, the several notes I placed in it makes quite obvious the point that I got quite a bit out of it. Anyone facing doubts, fears, or having questions in general about life will find great solace in this book. Chapters are arranged alphabetically, by subject heading (e.g., Faith, Laziness, Money). Just with the heading Laziness, one can see that the promises of God affect both good and bad (as the Bible says, a man who will not work won't eat). Pretty much any area of your life you wish to improve upon will be addressed in this book.

I was at a bible conference in my mid-teens and they happened to be selling this. I am absolutely in love with quote books, and this book is direct quotations from the bible on a wide range of issues. If you need advice or help in life, Browsing through this for whatever you need help on in regards to life is a delight.

A very good quotations book; useful.

Marilyn says

I like having this book with me to go to through the year to read different subjects as I need them to help me with what I may be going through..I like the fact that it's small and I can carry in my purse anywhere when my bible is to much for me to carry.

Diana Maslowski says

A great tool to find just the scripture you need for many topics.

Evangelist Jordan says

My mother gave me this book a year before she went to be with the Lord. I cherish this book with all my heart. Its a great book to read when you are down, or just to be reminded of who God is, and what God promised us in His Word.

Mary says

This is a favorite gift to the many graduates in my life. I am so proud of each, in their unique God-given ways. The promises in this book will encourage and serve them well all the rest of their lives.

Qurban says

I bought this Book from a shopkeeper in FATA, selling goods either sold out or left over by US/ISAF soldiers operating in Afghanistan. Infact there were dozens of such books selling for a dollar each besides other items of warfare.

This is a simple and reader friendly version of the holy Bible, divided under different subjects like anger, belief, charity, courage, hope, mercy, peace, repentance, sickness, trust, wisdom, work, worry and many others. There is absolutely no doubt that the words of this Book carry great solace and comfort and is of great help while passing through test and tribulations. These words contain no regard for the caste and creed of the people, the only consideration being addressing the pupil of God, affectionately called the children of God herein. The message of the Book is universal and transcends time and age. This surely is the continuation of the divine guidance offered by the Almighty since Man and Woman were created.

One of the remarkable features of the Book is the close resemblance it has with the teachings of Islam. The islamic scripture consist of two parts, the words of God as enshrined in the holy Quran as preserved in its original shape. The second catagory is the words of the Prophet called 'Hadith' or 'Sunnah' which are available in different books, compiled by the companions of the Prophet, these being the sayings or deeds of the prophet in the light of divine revelation. The contents of the bible promise Book in most of the cases matches with the Hadith and Sunnah but also with Quran in many many places. At numerous places they are just the same which affirms the beliefs in the authencity of the scripts in the two religions. Of course no seeker will be disappointed with the recourse to the Bible promise book.
