Anne - Books of My Heart says

This is a cute introduction from Bryn's point of view. It is free on Kimberly Frost's website. This is when Bryn first notices Tamara.

Christy says

Loved reading the insights into the relationship between Tammy Jo and Zach. This also gives readers a clearer picture of the bond that has always been between Bryn and Tamara. I read this after reading the first 3 novels and it was nice to look back and see how Tammy Jo's interests started out, especially after having both men fight to keep her and her always torn between the two.

Tammy Kesteloot says

Very short as well (much longer than the other short though) But I loved this one!!! It was a sweet look into a past with Bryn, Tammy Jo and Zach! Very smooth and well written as usual!

Darcy says

I found this one to be interesting. Loved that we got a glimpse of young Bryn and his thoughts, especially those of Tammy Jo. It was funny to see him warn himself away from him because she was so young. Their actual first meeting was fun, it seemed to give Tammy Jo a lot to think on.

Mlpmom (Book Reviewer) says

Seriously loved this. I think this series is going to be a must read for me. I already adore Tammy and Zach and am super curious about Bryn!

Lisa says

Great way to add an inside view of the "spark" Bryan and Tammy Jo have between each other.

Vivian (Vivi) McCormack says

I loved hearing Things about how Bryn fell in love with Tamara

Kristen says

This would make me want to read the first real book in the series. Glad it was free though - becuae at 22 pages (double spaced nonetheless), I am not sure I could still be positive if I had to pay for it though. Since it took all of 7 minutes to read.
