Fairy Dreams Gwyneth Rees

Evie sees fairies at grandma's house in the third delightful, exciting novel in the Fairy Dust series

Evie gets a wonderful surprise when she goes to stay at her grandma's house. Fairies appear in the night. They are dream fairies and they live at the bottom of Evie's bed. Even better, Evie can go and have magical adventures with them in fairyland! Soon Evie discovers that Grandma can see the fairies too. But will they still be there when Grandma returns from hospital—and how can Evie make sure that their special brand of fairy magic will stay with Grandma forever?

ember says

I read this series when I was about 7 or so. I really enjoyed them at the time! These books bring back so many memories of my younger childhood! I remember I went on holidays during the school holidays to a beach, and I remember lying in bed, and reading these books. They were some of my favourites!

Ophelia says

it was when i was 9, as i remembered. discovered this in the shelves of the state library and.....loved it!

will do a reread of this in the near future.

Kestrel Class says

This book was very exciting and mysterious

Amie says

I loved this as a child

falling asleep reading says

DONT LAUGH AT ME THIS BOOK IS SO GOOD IVE LITERALLY READ IT 7 TIMES

Evie says

I think this book is very good beacuse it amaganative: it hasn't got any GORE in it that is another reason why i like it. I aslo think that the author Gweyneth Rees is a very imaganative character in her, herself. The story is about a girl named Evie and her family. They have been to visit her nan and the day they got back they got a phone call saying that she has has a stroke. So they go and live at her nans house whilst she is in hospital. Evie sleeps in her nans bed and on the first night she has two fairy visitors : Star and Moonbeam . Evie has beleived in fairys all her life and knows they are very clever so she ask's them to tr and make her nan better , the fairys say that they can try there best but she will have to right a letter to the fairy queen but she has to find the post box herself.

That is all i have read upto now.

Susan says

Really good to read

Ewelina says

The main character's name is Evie (probably pronounced differently than mine, but still) and I felt like I was with her seeing the fairies.

Beth says

I loved this book when I was little and I was absolutely thrilled to finally find it again this year I've had the basic plot in my head for years but I couldn't for the life of me remember what it was called I had a bit of a lump in my throat when I recognised the front cover ♥? thank you Gwyneth for so many childhood memories !!!

Jacey says

This was my favourite among all The Fairy Dust books by Gwyneth! I loved all of them, but this definitely was the star for me. It was such a fun book! I really loved the dream fairies(I still remember their names, Moonbeam and Star!) and their shenanigans, from having kick-ass girly fashion to all the really exciting fairy food! As you can see, it still makes me excited despite it being almost a decade since I've read this.

Maria says

I read these books when I was much younger and they were so magically written that I believed in fairies! Would highly recommend them!

Mia Bakhthiar says

Bit too obsessed about fairies, but this was such a cute read!

Malu says

i love this book.this is great.i thought i was going to the dream world.
