What About Tomorrow? Michelle Stimpson , April Dishon Barker

Patrick has heard the clichés "tomorrow is not promised" and "you only live once". Actually, he used to live by them. But now he is busy trying to walk in the footsteps ordered by the Lord. As Patrick continues to morph into the man God created him to be, a negative paternity test actually tests Patrick's heart in ways he never imagined. Will he bend or break under the pressure of being the kind of father he never had? And will he find someone to walk down this rocky road with him into uncertain tomorrows?

Montrel is drowning his sorrows in alcohol. Will distance make his heart grow fonder of his estranged wife, Glenda, or solidify their plans to divorce?

Katrice is eating her cares away and quickly falling into a food dependency while trying to plan her wedding alone. Desmond is busy working hard to pay for the wedding and their relationship is tested as pre-marital counseling uncovers some of Desmond's not so handsome flaws. Is a year of knowing each other too soon to make the walk that will end in a lifetime commitment?

All three of Momma's children are wondering, "What About Tomorrow", but can they make it through today first?

What About Tomorrow?

It was a good read but it ended so abruptly I was left to wonder what next. I liked the way God was featured. That was comforting for me.

ElLOWyn says

I love this series. Michelle Stimpson and April Barker has done it again. They have done a great job with the characters. Once you finish reading this book it will make you think of your character and who you are and how you handle different situations. This book is about love, friendship, family and forgiveness.

Tracee says

Great Book

This was another great read. It was truly a testimony of if allowed God can change you inside out! He can turn you into a person ...in Him!!!

Edwina Smith says

Forgiveness

This is a good example of forgiveness. It can be hard when it is your family. Family can push buttons and cause you lose trust in those you love .

God can put it all in check when He shows His love and forgiveness.

Latanya says

Eugenie says

A nice read but I was left high and dry at the end with no where to go. That was sooo unexpected and not in a good way, hence only 3 stars

Sharon Simmons says

Wonderful end to the series!

I like the realty in this book. It shows that God doesn't give you all of your wants, but he supplies all of your need. Without giving away the story I'm glad the siblings worked things out. I really enjoyed this series!
