While on an adventure vacation Lace McElhannon didn't expect to become part of a pirate takeover of the private yacht she was on while diving with sharks. Ex-SEAL Dex Haygood is in the shark cage with her when it is dropped to the bottom while the pirates take over the yacht in *Mutiny's Bounty*.

Falling hard for the ex-SEAL came with this extra adventure to her adventure vacation and to finding the love of her life. WOW!

Mutiny's Bounty is in the Sealed with a Kiss anthology. It is also part of Delilah Devlin's girl adventures series, book #2. I enjoyed this series a lot. Hot hunky alpha guys (SEALs and DEA) and strong women who are challenged by something and continue to be strong.

there was so much that I really enjoyed about this book... mostly the details about everything... I felt the end needed a bit more but other than that I really liked it!

Steamy, short with action! Really nice for a quicky

Having read the first Adventure Girls, Inc. novella, I could wait to get my hands on this one. So fun and

exciting. Lace is on an adventure tour swimming with sharks and is learning not all of the sharks are in the water. She can't take her eyes off one of the members of the team there to protect the guest on board that are worth a small fortune. Dax is here to do a job and move on but can't take his eyes off Lace and the sparks fly. Very hot and sexy together and the story keeps you entertained throughout. Looking forward the next one.

I got this book as a gift, I read it and I chose to review it. I loved this book. I encourage everyone to get this book, you will not regret it. This was a quick easy read for me. This is a hit for Delilah Devlin. This one is worth your time and effort. I don't do spoilers but I can tell you the story has some twists I didn't expect. I really did enjoy the story!!!!

I really enjoyed this story. It is complete even though it is shorter and the characters are great. Dax and Lace are well written characters that make a connection, even though Dax tries to ignore it at first. Lace doesn't allow him to ignore it and entices him to act. I liked the fact that it was hot and had action. There was a good balance between them. The story is smooth and fun. I really enjoyed getting Lace's story because I enjoyed Maya's.

This is the second in the series and can be read as a stand alone.

Denyse Bridger says

I haven't read a lot of Delilah Devlin's stories, but I have to say, this one is a sizzler from the first pages. I found the introduction a little choppy, but after the first scene, the book settled into a smooth, easy to enjoy tale of dangerous attractions and even more dangerous events waiting to unfold.

Lace and Dax are both strong, sexually driven characters. Neither of them has forever in mind when they seek to explore the explosive attraction between them. However, there is no denying their connection, a bond that is made more unbreakable with each new encounter. Lace trusts Dax with her innermost fantasies, and he more than delivers when she places herself in his willing hands.

The novella is fast-paced, sexy, and adventurous. I'm sure Devlin fans will be delighted, and I have to admit, I really enjoyed this peek into the world she's created with her Adventure Girls. If you like a hot and wild ride, you'll love this one!!
