Of Temples and Trials John Van Stry

With the first of what he suspects will be many favors completed, William finds himself busy with important tasks back at his home on Saladin. Queen Rachel has several jobs she needs him to do, and Feliogustus has similar tasks in mind for him as well. All in all, it seems easy enough to Will, it's not like he'll be fighting in any wars, or traveling across the infinite on a strange quest after all.

But things aren't always as easy as they might seem, and both politics, as well as the other gods, aren't going to ignore Will, or the tasks he's been set to complete. And is if dealing with that isn't problem enough, when the time comes to do some serious diplomacy between Hiland and a neighboring Kingdom, a deadly problem comes from a most unexpected quarter, forcing Will to take immediate action to payback both his, and his God's foes.

Stoney O'Hanlon says

The adventures of Will the Godslayer continue. It's just plain awesome. Read it!

Steven Naylor says

[I liked when Will was about to be attacked by the woman from his dojo and the woman he was with yelled, stay away from my boyfriend, even though they had no gone out yet. Then

David Beck says

Will is back kicking but for his Queen and God, mostly dealing with other kingdoms and gods trying to enter Saladin.

Celia Robertson says

Can't say enough good things about this series

Story is simply amazing. Characters are vibrant and filled with personality. Every book gets better. My only complaint is that I know eventually it will be over, hopefully a long way from now.

Kelly says

Can't get enough!

I have burned through these books like nothing else in a long time. This is an excellent series, I can't wait till the next book.k

Mr Tdj says

loved it

Johnny says

191 pages

This is a novella, not a book. Anything over 250 pages is a book, 100 to 249 pages is a novella, anything under 100 pages is a short story.

Editing wasn't as good in this one, as I found a few mistakes.

Only read this on KU.

Danny L Walling says

Best of the best

Of his three books, this is the best book. You could get into the story, great plot. Had a good flow.

Cody Lewis says

Good read

I enjoyed it entirely. Characters develop even more and you learn about the day to day life of a champion. Exciting stuff.

Lisa Phillips says

Triple Crown

I am always surprised when an author sustains his story arch through his third book so many initially great reads either drift into lethargy or chaos pass the second volume. However once in a while i am pleasantly surprised by continuity in the characters, the world building and the story line. Thanks for the great read.

Kate says

Good book in Good series!

Good book! Lots happened, lots of development of plot and characters. So glad there are several more books to this series!

Kevin Beck says

Another excellent adventure with Will and the other champions.

Chace Brown says

Very good read

I loved this story. The story is well fleshed out and the extra bits are well done without being over the top. All in all a good read

xenofixus says

An excellent addition to this series. I am looking forward to the developement of both new and old relationships Will has going on in future books (especially Steph). I am also looking forward to dynamics of the new group of champions. Still wishing that the author would either increase the length of the books or put them out more quickly but as it is, I just hope he keeps this series going. It has the potential to be a very long reaching series.

Robert McCain says

Another great book

I really enjoy reading this series so far. Plan to keep going until the end if they stay at this level of quality. This book had far less sex in it, and I felt it really didn't add anything to the other books. I liked how this book had more than one main plot and added several spins in the storyline. Still a lot of editorial errors, but nothing major unless it's an issue that irks you.
