By the King's Command...

Diego de la Vega is quite pleased with the king's command to mate the dragon leader, Xavier Rodriguez. The man's strength and bravery in battle were legendary, as were the scars that marred his massive body. But there is a vast distance between admiration and love, and despite Diego's efforts, he's not sure the two of them can find a middle ground.

Xavier Rodriguez is a man used to the rigors of battle and being alone to lick his wounds. Experience has taught him that the scars littering his body would disgust even the most indiscriminant of lovers. When Diego says he sees them as symbols of valor, Xavier is skeptical, growing even more so when Diego's gorgeous ex-lover appears, claiming to want Diego back.

Trust is not an easy thing and neither is accepting a mate with all their faults. Stubbornness and the need to protect their hearts might be more dangerous to their mating than the mysterious foe bent on stealing their territory, and maybe even their lives.

Tyisha says

I loved the romance of the book, it was so sad too. Love this series so much

Finnegan says

Diego the leader of the human clan and Xavier the dragon lord are mated by their King in order to protect the Southern Border of his kingdom, in this third installment in the series. I liked this book so much more than the second book, as the characters are likeable, and both are warriors and act like it. Diego is more than capable to run the keep, even without the protection of Xavier. I also like the underlying theme of the book, that you should look at your mate's heart and not at his scarred body. It was a nice, easy, short read.

Fadia Pierre says

its Esposo not Espouso, simple google search would of cleared it up. GOD my Spanish teacher would of had a cow.

Elayne says

I continue to love this series, again it's Mpreg, Dragons, intrigue and a coming war. What's not to love?

Cheryl says

You don't know what to expect with this series but what you get is good. This time we have 2 strong warriors who know their own minds and fight for their bond.

Lizzy says

Best book of the series by far, I was hooked by page one. I don't want to say too much and give the story away so I'll just say it's a must read for this author. Even though this book is a part of a series you do not have to read it in order (except for the last one, that must be read at the end of the series or you miss some things)

Southern Heat

I just loved this story. These two had fallen in love with each so hard and deep. Xavier and Diego were mated by their king who has an uncanny knack for finding the perfect mates for his people both human and dragon. Xavier and Diego up some problems come that got resolved with some personnel losses. But they came out stronger in their love and mating for it. I can not wait for the next book in this series. Erin

~SexyBookWorm~ says

, I really like this series. It's interesting that this book had characters with Latin names and they spoke Spanish at times when in the first 2 books the characters were other ethnicities. Maybe changing ethnicity is a theme in each book. But they are all dragons so I guess that's the unifying theme.

Makhda says

Although I did find the action part kinda disappointing, I really liked Diego and Xavier. They're likeable characters. :)

Southern Heat [King's Command 3]

Omg I couldn't wait for this book cause I knew it was going to be just as great as the first two and it was I definitely can't wait for the next one I hope it comes fastWtg Authors both of you..

DoaJaneoDoe says

first reading

from books so far of this series I liked this one most... 3*

On re-read I still like this book but it's not in first place anymore. Now it's in cozy middle with Wicked West. 3.5*

Lilladii says

I didn't enjoy this one as much as the first two. But, regardless it was entertaining enough that I still enjoyed

it. After reading 3 very intense and dark mystery novels I needed something that was light, predictable, and more important simplistic in its characters and story one that had its HEA. These are my go back to books after a long hard day

3 thumps up

Jeliee Maye says

Looks aren't everything... hehehehe.. Lesson learned.. XD

Andries Burger says

Dragons and men....

Swash buckling adventure, romance, betrayal, and glorious love. Almost, almost, Errol Flynn like film play... Just wait you will love dragons too.
