The King Trilogy: Boxed Set Mimi Jean Pamfiloff

KING'S (Book 1):

"I am the man who can find anything or anyone. For a price. And my price is you."

When Mia Turner's brother goes missing in Mexico, while on an archaeological dig, she believes that life couldn't get much worse. But when she's blocked at every turn from finding answers, by both local and U.S. authorities, she must turn to a man she swears is the devil.

Others might be fooled by his private jet, fine tailored suits, and disarming smile, but Mia knows something dark, sinister, and unnatural lurks behind those penetrating, pale-gray eyes. And the more she learns, the more she realizes she may never be free again.

KING FOR A DAY (Book 2):

King isn't who she thought. She wasn't even close.

When Mia Turner's life becomes tethered to a mysterious billionaire, who she swears is the devil himself, she knows she must break free. It doesn't matter if everything about him—those sinful lips, those pale gray eyes, that perfect male body—keeps her awake at night. He's evil. She has to get away.

But when this man, known simply as King, suddenly disappears, Mia will discover she's not home free. Because without King, she's no longer safe from his ruthless, depraved, power-hungry social circle.

To survive, Mia will have to conceal King's absence and walk a mile in the evil man's twisted, cruel shoes. What she discovers will leave her more terrified and her heart more conflicted than she ever imagined.

King is not who she thought. She wasn't even close.

KING OF ME (Book 3):

"You're asking me to...love you?" asked Mia.
He slowly scratched his thick black stubble. "I suppose I am."

What if you were asked to love a dangerous man who betrayed you at every turn, who terrified you even in your sleep? Could you do it to save the people you hold dear?

Mia Turner is ready to give it all—her body, her heart, her soul—to the mysterious, ruthless billionaire who holds the cards to saving her family. But when this sinfully sexy man, simply known as King, demands something more, something horrifying, Mia will be forced to face the impossible truth about their lives.

Sometimes the truth brings salvation. And sometimes the truth breaks you.

I really loved this trilogy and bought in on Amazon for \$1.99. I recommend this series if you are into Paranormal Romance with a ton of angst and plot twists. It's a wild ride!!!

Had my Head Spinning...

This story made my head spin and hurt sometimes. The story of King and Mia read like the 'Fever' series by Karen Moning. It was however a little bit far fetched than that series. Barrons was an entity by himself. King? I don't really know. It seems like there are two of him. So many people died then, resurrected in this book, I was completely confused.

It is an engaging story though. I bought the three books at a bargain, so hey, I really got my money's worth. Good read.

The King Trilogy

After I read the first book, I had to buy the rest. Excellent read, the twists and turns kept coming. I felt like I was in an emotional roller coaster. I would recommend anyone who wants a story to keep them on their toes this is it.

This is not my usual type of book and although it was sometimes confusing I found I couldn't put it down. A good read in a quiet room.

Fantastic, I loved this series so much it needs a slower re read to take everything in again. Mimi always delivers a brilliant book and I look forward to reading more of her supernatural romance books

Emotionally draining

Whew I was with the characters the whole way. Flipping good job the ending met with my approval or there would be he'll to pay.

I'm conflicted on this one. On the one hand, there are some great ideas here (although I note others' comments regarding fanfic), but the execution was really lacking and read amateurish enough that I'm not going to bother with books 4 and 5. Can't go beyond 2 stars for this.

MACK and MIA and KING oh my!!!

What a roller coaster of emotions and plots! I.Could.Not.Stop.Reading. I binged on this trilogy and knocked it out in 2 days....whew....need Mack's story now. This series absolutely has it all. Characters you love, you hate, you love to hate, you hate to love...and some verrrry steamy luvin going on. Expect to be hooked from the first page....and also expect to be surprised....a lot. MUST READ

Sleepless in San Fran

Omg! You kept me at the edge of my seat with this story! I walked around with book in hand. Jumped when the phone rang. This is a great series and a needed escape. I have loved your style since the "accidental" series. The characters and storyline are 3 dimensional. I can't wait to pick up your next series you go Mimi!

Toni says

At first I wasn't so sure about these books when I started. I mean, who was this guy King anyway? He was acting suspicious and making Mia do things that I wanted to reach through the pages and grab her back! But, by the last book, I was behind King just as much as Mia was! Can't wait to read the next installment!

Terri says

Excellent series that will keep you up late to finish.

Eleonora says

I recently read new books from Mimi Jean P. I remembered giving this trilogy a less-than-average score and I couldn't remember why, so I re-read the first three instalments (i clearly recall that the last book was awful so I cut it off).

So...now that I've refreshed my mind, I can say that the first book was ok, the second was tolerable and the third was a mess. The idea was good but the characters are poorly written, the time-travelling confusing and the villains are ridiculous.
