Elena says

Madre mía, se han vuelto todos locos.

Anthony says

AvX RE-READ!

War.

The Avengers continue to be on the run as they try and think of a way to stop The Phoenix Five. Fractions writing is good here, giving big moments to characters he obviously has an affection for (Hawkeye and Iron Fist), while moving the story forward a little bit. I especially like how the last two pages are a call back to early 1930's Marvel stuff (Namor and a BIG tidal wave).
