Cute little short story about the guys of Schoolboy Choir and their significant others. This revolves around a pink, yes pink with rhinestones, car that a potential client has given Thea to try to win her over. Of course, the guys think it's a terrible thing to do to a sport car.

It's worth signing up for Nalini Singh's newsletter to get these short stories she frequently sends.

Les Chroniques Aléatoires says

Je préfère prévenir d'emblée, ce bonus est en réalité une scène coupée de Rock Redemption et il faut l'avoir lu avant afin de bien tout comprendre, alors si vous ne voulez pas vous faire spoiler, faites demi-tour pauvres fous !!

Cette petite scène se passe dans les derniers chapitres du tome sur Kit et Noah, ils commencent enfin à vivre ensemble et la fameuse piscine promise par le guitariste est enfin finie. Mais alors qu'ils allaient passer une après-midi tranquille, une ferrari rose flashy (crime contre l'humanité si vous voulez mon avis) débarque et traumatise tout le monde (ce qui est compréhensible).

C'est agréable de voir tous les membres du groupe ensemble, se détendre et profiter de la vie, enfin plutôt d'essayer dans le cas d'Abe qui doit faire face à une crise avec son ex-femme (pour comprendre : lire Rock Redemption). Ils sont comme tout le monde, ils s'amuse ensemble, loin des paparazzis.

Ce bonus pourrait être sans intérêt pour certains, mais j'apprécie toujours cet effort de Nalini Singh de mettre en scène ses personnages dans des moments plus anodins. On rigole et on récolte quelques petites infos croustillantes pour la vie qui risque bien d'être ravageuse.

Kayread says

Nice recap of the couples.

Sarah says

Nice to see all the couples so far spending time together. I love these little shorts Nalini includes in her newsletters :o)

Kierstin says

I think Noah and Kit are my favorite. They are super cute. I love that he calls kissing "romantic bullshit". I like that we finally get to find out about the pink car.

Bibliophile Booklover says

Love "Romantic Bullshit"

Shannon says

I'm so glad to see Noah and Kit living a happy life.

Darcy says

Another fun short where Noah had no problem letting his band family know how much he loved Kit.

Sara says

Super short!

"I suppose you want some romantic bullshit now." <3

Myndi says

This was a cute little interlude in the series that told about Noah and Kit and their pool. Since the pool was discussed in Rock Redemption, it was cute to see how it all panned out. As with any novella, I wanted more, but it was cute for what it was.

Dali says

He felt his lips curving, the stupid happiness overflowing his body. It was still scary as hell leaving himself this vulnerable, this open, but every time Kit smiled at him with her heart—her love—right there for him to see, it got infinitesimally easier. “I suppose you want some romantic bullshit now.”

How can I not love extras from one of my favorite authors and series!?!

Note from the author: Please save this short story to read after you read Rock Redemption (unless you don't

mind spoilers, in which case, enjoy!).

Kitlina says

I haven't read the series yet but this looks promising.
I'll give it a try.

Sheila Melo says

A short free vignette by Singh for fans, SUNSHINE is the story of a pink Ferrari that the characters from the series react to. The story is really to show how happy Kit and Noah are after the events of ROCK REDEMPTION. I like that Singh shows an uncomplicated moment for all the characters of the series. The vignette is funny and sweet.

Fanny says

Corto, lindo y rapisimo de leer, no aporta nada nuevo pero si eres fan de esta serie estoy segura de que disfrutaras leyendo un poco mas sobre estos maravillosos personajes.

3 Estrellas!

Jackie Lane says

This was a cute, fun little ditty.

I love how Noah showed his love for Kit as did David for Thea and that this story had a little bit of cute with a pink car and waterfalls.

Short and sweet.

3.5-4 stars (only because it was soooooooooooooo short and I wanted more.
