Rush Rie Warren

Hot girls, hot cars, and time behind bars . . . I'm the most unsuitable dude for pretty girl-next-door Shiloh Lockhart.

MAX HANDSOME RUSH

I'm the black sheep of the Rush family, cut off from the bourbon distillery dynasty. *Shrug.* They didn't approve of the high-octane rap sheet of arrests marring my pretty boy, prep school upbringing. Hot girls, hot cars, and time behind bars for illegal street racing—what can I say? *Speed* is in my blood.

Now I've cleaned up. I'm being good. I've got my own plans, and they for damn sure don't include Shiloh Lockhart. *Shy.* The goddamn classic girl next door. She shows up out of the clear blue, turning all the MC dudes into drooling manwhores. But not me. I've got too much to lose to risk falling for a perfect girl like her.

When Shy's overprotective folks tell her I'm bad news, they're right. But come to find out she's already endured more than her fair share of shit-gone-bad in her life, and she's convinced I won't make it any worse. Shy couldn't be more wrong.

SHILOH LOCKHART

I haven't seen Max since he got kicked out of the Rush family home years ago. Now I'm determined to get back in touch with the boy I used to crush on growing up. They call him Handsome at the motorcycle club he belongs to, and I can see why. The long dark brown hair. The smoldering whiskey-colored eyes. The sculpted face and big muscled body.

Too bad he's intent on treating me like a kid sister. *Hmm.* We'll see how long that lasts, because to squash this schoolgirl crush I need to be with Max just once . . . turns out one taste of Rush isn't enough.

My situation is life threatening, but what he's hiding is even more dangerous. Too late. *Rush* is already in my blood.

Rosa Sharon (iScream Books Blog) says

"Drink like you ride!"

I'm a big fan of both Carolina Bad Boys & Bad Boys of Retribution MC series. Rie Warren has created some very colorful characters and I really enjoy their witty banter in every book. She somehow manages to throw together a great story that includes bad boys, strong women, family, friends and enough suspense thrown in to keep me gripping my kindle long past my bedtime. And did I mention the sexy side? Well, let's just say that she most definitely writes erotic romance, the best kind, the stuff that will have you blushing and looking over your shoulder if you're reading in public.

Rush is the last name of Max (aka Handsome). It's also a good description of what caused him to become the black sheep of the Rush family. His need for speed and his disregard for the law was the final straw when his father had to bail him out of jail... **again**. Apparently there was a magic number that he crossed without knowing it. Who knew that there was a limit where family was concerned, and if you exceed it, you're kicked out of the family? I guess it's a good thing that the Bad Boys of Retribution MC have his back **no matter what**. His brothers accept him just as he is, and are proud of him too. He enjoys his work at the garage, but he has another dream, one that he hopes to accomplish some day. He wants to make something of himself, and prove that he's not just a waste of space. He might not be using that fancy degree his parents paid for, but that doesn't mean he's not smart. It doesn't mean he doesn't have goals or the ability to take care of himself. He never even used the cash his father threw at him when he kicked him out of the family. He's working hard to earn his own way, determined to make it on his own. He tries not to think about his past, but when **she** comes strolling through the doors of his clubhouse he's reminded of all that he lost. She's the girl next door, his little sister's friend... **Shy**. That's what he called her, short for Shiloh. But it's definitely not the first thing that comes to mind when he sees her all grown up and looking sexy as hell. His feelings are far from platonic. Not that he'd admit it. Nope, he's gonna fight the pull. Good luck with that...

He might call her Shy, but she's not anymore... Nope Shiloh's all grown up now and Max is gonna have a hard time resisting her if she has anything to say about it. Shiloh has always had a crush on Max, and he knows it. Not that he ever did anything about it. But she's older now and she's stronger, not afraid to go after what she wants. And she wants **him**. When she shows up at the clubhouse, hanging out with one of her girlfriends, she sees the grown up version of Max. He's been working out... **a lot**. He's bigger than she remembers, tall and muscled. He has long blonde hair that his brothers tease him about when he wears it in a man bun. And his road name tells the story, he **is** Handsome.

It seems that Handsome might be strong enough to push her away when she flirts with him, but when she flirts with one of his brothers, it's a different story. Where did that jealousy come from? He's always been able to have any woman he wanted, but he's never wanted one for more than a few nights at the most. Yes, he wants her, but he doesn't deserve her. Her parents live next door to his family. They are all rich and judgmental. He'd never measure up. He tries to avoid her, but she keeps popping up. His meddling brothers might have something to do with that. They couldn't help but notice the chemistry between them and their seeing each other might not be such a coincidence after all. She brings out his protective side, though she doesn't like it when that happens. She's very independent and determined to prove that she doesn't need taking care of. In fact, her bossiness and her feisty come backs are very enticing to him. The more she sasses, the more he wants her. Yup, it's time to grab the popcorn and wine, it just gets better from here...

Club chaos, secrets, shame, and a past that won't stay hidden shows up to steal the peace that Handsome enjoyed briefly. He is forced to make choices that could ruin the future that he's hoping for. Will everything

that he's worked for be taken from him? Will he have to start over... *again?*

I'm sad this ride is over, but I'm excited about the one to come. There are several *bad boys* that I have my eye on that I want to get to know much better. The line forms here...

Louise says

This is the first book in this series i have read and i felt that that there are a lot of characters i would like to know more about but it was perfectly fine to pick it up here. This was one of the best MC books I have read. They usually are not my fave genre because I find it hard to get past the overly violent and ultra alpha behaviour. However that was not the case in Rush. The MC is trying to be legit and the big bad bikers turn out to be really nice guys who only do what they need to do when drama pops up.

Max and Shy were a beautiful match and it just made me fall for Max more when he was being so caring with Shy.

Now there is still plenty of exciting drama and loads of steamy, steamy sex scenes in Rush it's just all not quite as unnecessarily violent as other MC which I loved.

Jennifer Hines says

I received an ARC of this book free from the author in exchange for an honest review

If you've been reading the series then you know who Handsome is. He's always been kind of the silent one out of the bunch, but pull his hair out of his face and add in a new fitness routine and he has even more ladies drooling than before.

Max (Handsome) was rejected from his family and the lifestyle he once knew, but Retribution is family now and he wouldn't trade them for anything. They're supportive of not only him, but his dreams; the way only family should be. When someone from his childhood appears at the clubhouse one day out of nowhere he's left speechless. No where is the young girl he remembered, and believe me he sure does trying finding her underneath the sexy bombshell she is now.

"Spinning with my hands skimming the excess before it reached my abs, I was heart-stopped by Shy's hungry look. At Me. Oh God. This wasn't gonna end good. I needed a T-shirt. Chains to lock me up. To tase myself, maybe, as she advanced."

Shiloh got dealt a bad hand, but she's doing everything she can to make the best of it. Now she's going after the one thing she's always wanted, but could never have, Max, and she isn't taking no for an answer. She's sweet, loveable, and determined; all the things that spell disaster for Max.

"If I told you you just broke me, would you still let me sleep with you on top of me tonight?"

Once Max overcomes the fact he cares for Shiloh they'll make an unstoppable team. They'll be there for each other, help each other's dreams come true, and even be there when disaster strikes. And disaster definitely strikes. My heart broke for Shiloh and what she goes through.

I don't think I can ever sing enough praise for Rie Warren. Both the Caroline Bad Boys and Bad Boys of

Retribution series blends action, suspense, raw emotion, and a sizzling hotness. The characters and storylines intermingle throughout both series and the way it all comes together is pure art. Rush is another example of her greatness.

"We're gonna go slow. Then I'm gonna fuck you so hard you'll ask me to drill you into the mattress again, as soon as you get your voice back from screaming my name."

Elizabeth Horbaczek says

This book was given to me for an honest review.

4 stars

What a great MC book. The family bond is so tight with this group. This group isn't made up of wanabes, they are men that have a past, that were broken, or just wanted to be free from what they thought they were going to become. Everyone has a story in this group, but what is nice is that you learn more about each of them through out the story, but also get the main story of the two that the book is based for. There is a lot that goes on in this book and for that I sometimes had to reread to make sure I was reading about the same brother in the story. The details that are put forth in this book is one of those that you hope to learn more and more. The old ladies of the book always seem to be in trouble too. I think I like that because you see how much love the brothers have for their women, how protecting them doesn't come with a cost, it comes with love and devotion. I can't think of another mc that puts their women in danger more than this series. Now before I go on, there is some adult situations in this book that are hared to read about, but the details arent too graphic.

Handsome (Max} left his past behind him years ago. He was a troubled boy, that caused a lot of trouble and his family disowned him. He has made it on his own and found his way to the MC that he is with now. He is very content and feels everything is in place now. I loved Handsome. He is strong, a good guy, and he is there for his brothers. He is a protector of sorts and tries to help everyone he can. He is just an all around good guy. So when he is at the club and hears his name a flash from the past appears before him. Shiloh has not seen Max in forever, so when she sees him she can't wait to see where it will lead. Shiloh is very strong. She has a past also and a lot of things she is hiding, but she knows what she wants and right now that is Max. So what happens when pasts keep popping up on Handsome, when someone else shows up and endangers everything that he loves? Will Handsome be able to figure out everything before it is too late.

There is a lot that happens throughout this book, not only with Max and Shiloh. It is more than a complete book, it details the life of most of the brothers in this book. Sometimes I thought it was too much, but at other times I couldn't get enough. I truly enjoyed reading this book and I am so glad it came across for me to read. I hope to read more from this author.

My Rating:

4.5

Favorite Quotes:

Tucker had the right idea about this MC. Good fodder for a soap opera or a porno.

Boomer reverentially positioning pairs of wicked high heels on glass-topped tables. He made sure the shoes were arranged just so, his big hands lingering on the strappy sandals.

No apologies. We take each other as we are... You're the thing I'm most sure about.

My Review:

I have read and enjoyed several of Rie Warren's Carolina Bad Boys. This is a quirky bunch of sexy alpha MC characters that are secretly big teddy bears that go all sweet and tender for their sassy women - women who seem to be a magnet for trouble. Rush was action packed and full of humor, lascivious observations, and highly erotic sensual scenes. Written from the point of view of Max/Handsome, his inner musings frequently focused on the love of his life Shiloh, who kept his libido on high alert and a circus tent in his pants. Max

was so sweet and sexy, and now my new BBF. The writing was highly amusing, salacious, scorching hot, and full of fun and invectives. I smirked, gasped, and struggled to catch my breath throughout.

LeeAnne says

4 Stars

I've really enjoyed each of these books, though this one wasn't my favorite it's still pretty rockin'!

Max Rush, aka Handsome, was disowned by his rich family years ago because he couldn't stay out of trouble. Since then he's found a home and family in the Retribution MC. Shiloh (Shy) was Max's neighbor growing up and when she shows up at the MC clubhouse he definitely doesn't remembering her being so grown up. Shy's had a crush on Max for years and now that life has thrown her an unbelievable challenge, that's she's working to overcome, she's decided not to let life pass her by and she's determined to get her man. When Max's rough past comes back to haunt him it threatens Shy and opens his eyes up to his feelings, but he doesn't want to drag her into his crazy MC life...

This is a sexy read and I really loved every page after the first few chapters. It was a slow start for me and that's why I'm giving 4 instead of 5 stars. I can't wait to see what Rie Warren puts out next! Though this book can be read as a stand-alone one of my favorite parts is that we get a little of each of the other Carolina Bad Boys in this one!

I received a free copy of this book to read and review for Wicked Reads.

Heat Rating:

5 Rush stars!!! Emotional and beautiful!

Wow, I'm an emotional mess after reading this!!! When starting this book, you need to make sure you have plenty of tissue handy!!! My heart was being tugged in so many different directions while reading this book. But it was so well put together and so perfect!! I'd say this is my favorite book in the series... I can't wait to read more!

Max "Handsome" Rush is a sexy as sin, badass biker. Shiloh is his innocent and beautiful childhood friend. What happens when she comes strolling into the Retribution MC? Sparks fly!

Rie has done it again. I have loved everything she has written but this is by far her best writing yet!

This book will grab you from the start! You won't want to stop reading. I felt so many emotions with this story. I cried because my heart broke, I laughed because you have to laugh at some of the guys' antics, I fell in love with Max and Shy's relationship! This book was fantastic. It's full of suspense and heartache as well as full blown passion and love. The sex is so hot you will sweat!

This is a must read! You won't be disappointed! 6 stars!!!

Lenna Wright-Berry says

Told in Max's POV never from Shy's, with a HFN ending and more to come in his sister's book with the Clubs playboy Tail. My kind of gritty MC romance, drama, brotherhood and friendships, sex with a side of dark to balance out all the flirty fun. These two Shy and Max 'Handsome' grew up as neighbors, his sister was and still is Shy's best friend then Max and Shy became friends until his last time he was in jail and his father paid him off to stay away from their family. Now 7 years or so Shy got the nerve to find Max and hopefully a friendship. Max was fighting his attraction to his 'friend' Shy with all his might but she won't leave him alone until he was mean to her and hurt her feelings. Then he gave in and apologized and then their 'ship rather friendship or a start of something else started, until her secret is out in the open then his feelings will become different.

S.M. Harshell says

I received a free copy of this book to read and review for Wicked Reads.

I love coming back to the *Carolina Bad Boys* series. *Rush* definitely can be read as a stand alone but it is so much better being read as the author intended, including *Bad Boys of Retribution MC*. You really don't want to miss any of action or sexiness that these books provide.

Rush is centered around Maxwell (Handsome) Rush. Handsome comes from money but he's been making his own way for some time now since he's been estranged from his family. Not making the best decisions growing up, his past mistakes are threatening his future.

Shiloh grew up next to Handsome when they were kids. When she pops back up in his life he can't believe his eyes. The girl he once knew is standing in the middle of Retribution MC looking more like a woman than

the girl he remembered. All the MC guys are all taking notice but Handsome. He still sees Shy has he's sister's friend, which he clear put into the friend zone. Will Handsome be able to see Shy as the woman she is today and not the girl he once knew? Shy has her own secrets to protect. Can Handsome break down the walls she's built over time?

I loved getting glimpses of the guys, to see how their lives are progressing. Rush was full of so much emotion. I can say I shed a tear or ten while reading but I also found myself laughing out loud at some of the conversations. I can't wait to see where Ms. Warren goes next!

Marie says

I am a HUGE Carolina Bad Boys fan! I love every single one of those books and have been awaiting this one. Max (aka Handsome) Rush is the black sheep of his family after his need for speed and breaking the law meant his father had to bail him out yet again. In fact he is such a black sheep that they have kicked him right out of the family. Who knew that you could mess up and the people who were suppose to love you no matter what just said nope. However the Bad Boys of Retribution MC accept regardless and are not just a family for him but they are proud of him. He needed them more than he knew I think. He has goals and plans that he wants for himself and he is determined to forget his past. Then his little sister's friend Shiloh comes walking through the door and he is reminded of everything he doesn't have anymore.

Shiloh is one determine girl! She is all grown up and has always had a crush on Max. Now she is determined that he is not going to ignore her. He pushes her away but when she decides to flirt with one of the other guys Max's jealousy is unleashed in full force. Not to mention the fact that Shiloh is bound and determined to show him that she doesn't need protecting or taking care of. Which of course brings out Max's protective side more than ever.

These two are so great together. Their chemistry is off the chart hot! I thought at one point that my kindle was going to catch fire they were so hot. This was the best ride since I read Boomer's story (he will always be my favorite!) As always Rie Warren takes us and draws us into the story where you feel as though your watching it as it unfolds.

Amy says

Rush
Rie Warren
5 stars

I had been waiting for Rush ... Max Rush to be exact.

Max never had a good life. In fact his family didn't even want him. Troubled and always causing a problem his family disowned him. Finding his own way into the MC is what saved him. They made him the man he is ... He protects with all his heart and lives a life he can be proud of. Hearing his name off the lips of a girl from his past send him into a tailspin that can't be controlled.

Shiloh hasn't seen Max in years. Circumstances kept them apart but seeing him again brings the memories flooding back. Her past is something that cannot be forgotten but her future may just be in the arms of a man who will lay down his life for her.

This book is not your normal MC ... These are amazing men ... Men who you know and new names. They all are fierce in their loyalty and love hard. The brothers banter along with the storyline will keep you turning the pages. There were some ridiculously heartbreaking moments but that's what we want when we read right?!?!? We want to feel That I did.

Rush can be read as a standalone but I would consider grabbing up the first 4 books in the series. You will love being a part of this MC family.

The cover shows the amount of pain you will feel when reading this beautiful tale. The covers are a big deal for me and Rie did an amazing job with this one. Perfect ...

Thank you Rie for another incredible read with emotional characters we can love. Review to post to Ramblings From Beneath The Sheets. This is a five star keep on your shelf friends!

Ruthie Taylor says

~~I received a free copy of this book to read and review for Wicked Reads ~~

This is the fifth book in the series, and is a really, really good read. It is very emotional and intense book.

Following on from four wonderful romances, it was difficult to believe that Ms Warren could pull any more stories out of the Carolina Bad Boys, but she certainly did. And as we get to see the rest of the gang and witness their ongoing happiness too, it is a special addition to the series.

Max deserves a woman who can heal the wrongs of his past and bring him peace in his present. Shy turns out to be just that woman, although the journey is certainly not smooth and easy. I managed to laugh, cry and tense up at the prospect of what could go wrong. And I loved how they worked on fitting together. This is not an easy read, but most definitely a fulfilling one.
