Dark twisted and sexy

A Fast paced, dark, and twisted read that's sexy as hell on top of everything. I loved everything about this book and it grabbed me from the prologue and didn't let go until I turned the last page. Not to mention a twist in the end that I loved. This author is great and I look forward to reading more from her. Love this book!

WOW WOW WOW - what an awesome suspenseful mystery!!! This book was well written and kept you guessing as to what was going to happen next!!!

The main character - Jazz - was well written into her part. She handled herself well - no matter what was thrown her way (and believe me, a lot was thrown her way). I also loved Michael - the hunky detective that helps Jazz out of several bad situations. And the story with the little bit of erotic romance added in -- that really helped make the story that much more interesting. I don't write spoilers, so I won't say anything more. BUT - once you start reading, you won't want to put the book down until you finish because it is that good!!!!

There are plenty of twists and turns that will definitely keep you on the edge of your seat!!! For sure, this is a must read!!!

This was one of the darker but, at the same time, entertaining reads. The story kicks off where Jazz is blamed for the murder of Michael's friend John, even though she didn't know the guy. We later learn that there is a possibility of another woman looking like her and possibly being her twin who is going around killing men. I liked both Jazz and Michael. They developed well as characters throughout the story. Lolla's scenes were a little worrisome, but they conveyed the character's hatred and anger well. As for Gabriella, I feel sorry for that character. She needed help and never got it. It almost brought me to tears. If you like romance with a darker side, this read may be for you.

What an outstanding and well written suspenseful thriller. The added bonus of erotic romance made this story a win for me. Thrilling and riveting from start to finish, I enjoyed the slow gradual build and shocking circumstances that the main character Jazz was forced to endure. Enter the hunky hero Michael ***SWOON*** and he's all about saving and protecting Jazz.

The main plot is full of twists and turns and kept me guessing up until the end. So well done, and those last few chapters really cinched the story and tied up the loose ends. The author presented it with a pretty bow and handed over one hell of an ending. LOVED it.

This author is one of the best. Great descriptions, engaging story, real characters - flaws and all, and fast paced plot. Add to your list, this is one you don't want to miss. 5 thrilling stars!

What a suspense!! What a book!! woohoo...

First, thank god I'm alive. I loved the book so much. Characters were awesome and to the very end, they are complimenting to the story. How smart and resourceful Mike was, that was lovely. You really did & incredible job with this "Suspense/Mystrey/Thriller", I would say.

Hats off!!!
