Trouble's Child

Terry Goodkind

Trouble's Child Terry Goodkind

Wandering through the snowy woods in the mountains, Angela Constantine stumbles upon a wolf feeding on the body of a murdered young woman. And that discovery is only the start of her problems. Throw a blind evangelist and his mute sister into the mix, and #1 *New York Times* bestselling author Terry Goodkind has concocted another irresistible cocktail of suspense, a tale where the difference between life and death dances on the edge of a razor-sharp blade.

Trouble's Child, a brand-new novella set in the world of the highly anticipated upcoming novel *The Girl in the Moon*, is the perfect introduction to Angela Constantine, Goodkind's most memorable creation yet: beautiful, mysterious, and deadly.

Tiffany Grevemberg says

Exceptional Novella! Mr. Goodkind never fails to deliver and always leaves you begging for more! It was a perfect way to hold fans over until the release of The Girl in the Moon! Angela Constantine is intriguing. The storyline is page-turning, action-packed, and compelling. I love this side of Terry Goodkind's writing prowess! Must read!

Literati Literature Lovers says

Good Set Up for new novel

This book introduces Angela Constatine, and how she stumbles onto a murder scene of dead woman. Goodkind is known for his epic fantasy, but this novella is set in present time and is well written. As a reader I immediately wanted to know more about Angela. Goodkind always is a great author for setting scenes and giving his readers a completed world. You can even feel the snow fall as Angela hikes through the woods. I will definitely be reading Angela's full novel.

Pat Welte says

Tribe's Child

I fell into this story as soon as I read the first page. I liked most of the characters, and despised some. There was shape as and action from beginning to the end. I am looking forward to the next book in this series.

Michelle says

Great story! A brisk, short read packed with action and an introduction to the thrilling and deadly, Angela Constantine. I liked that she's a wounded soul, tired of the evil of the world, and she's fighting back. I also liked the length of the novella. Perfectly bite-sized and a fun read. Stellar work, Terry. Thanks for the great story. More please!

Deb says

A short story

This was my first Terry Good kind novel and I enjoyed it very much. It is a physic suspense thriller. Have to love a bartender that forks over \$4000. for surgery on a wolf that may not survive. I wish I had that much soul.

Brittany says

It was a decent teaser. I wouldn't say that it made a good "novella" but I am not the biggest short story fan in the first place. A little too rushed but it did leave me curious about Angela. I am sure that that was the point and it accomplished that.

Christopher Adkins says

Masterful

Masterful piece of storytelling from Terry Goodkind. The kind of psychological thriller that prevents you from putting the book down. I can't wait to see what Terry Goodkind has in store for the character of Angela Constantine!

Michelle Schneider says

Great read!

Angela is a wonderfully complex character. I connected with her right away. I have read Nest. So I had a bit of a clue as to what would happen, but it was still a surprise. For such a short story, it took me on a roller coaster ride of emotions. I highly recommend it.

Elizabeth says

I have read many Terry Goodkind books. They are usually rich with well thought out characters and plot twists. I don't read his books for the prose but more for the stories. This seemed like a first draft of an idea. I knew everything that was going to happen after the first few pages. This was a lazy effort.

Mark Redman says

What an excellent book. This short novella is a great introduction to Terry Goodkind's new series. It is set just before The Girl in the Moon. The central character Angela is a fighter, she's tough, yet empathetic, she's damaged but resilient. Terry gives us just enough secrets to make us want to know more and teases us with just the right amount of detail and tension. Brilliant and enjoyable read.

Virginia Maloyed says

Trouble's Child is absolutely gripping. Terry introduces us to his new character Angela Constantine and she

is yet another strong female character. This Novella is intense and I just couldn't put it down! Definitely recommend this book!

irvin r russell says

It was great to read.

Terry has a way of drawing you into the book and leaving you wondering what is getting to happen next. The book was nothing that I had expected to read, but it well worth it.

MEG Munro says

This GREAT AUTHOR DOES IT AGAIN! Great story

This was a short story, but very easy to be drawn into the plot; before you know it, you can't put it down. The main character is self described as different. She is.

I really enjoyed the little plot twists when they occurred.

Mr. Goodkind has it going on no matter what genre he chooses to write about. He attacks with a passion from beginning to end.

Candice Majewski says

What an introduction!

This was a great way to introduce us to a new character before we get to read The Girl in the Moon. Angela is a fighter, tough yet empathetic, damaged but resilient, and with no end of secrets for us to discover. Terry gives us just enough to make us want to know more, and teases us with just the right amount of detail to make us desperate to read the next book!

Mark Hengst says

I must admit I am surprised how much I enjoyed this novella. Turns out Goodkind just needed time and an opportunity to step away from the Sword of Truth universe and just really recharge his creative batteries in a different genre. while not perfect, he does craft and interesting character and he has succeeded in that I will now read the full book next month.
