In the Barn Selena Kitt

The temptations of the flesh prove too much for devoutly Amish Sarah, and to make matters worse, the devil has come in the form of her own adopted brother, Eli. When she discovers him doing something strangely exciting in the barn, Sarah can't help letting her hair down, in more ways than one, and together the siblings give rise to a new definition of sin.

Amish Porn...

Thats Right People.....

I watch that show, "Amish Mafia" and I can promise you... those Amish people are into more than just shucking corn and roadside stands.

Amish brother is up in the loft of the barn jerkin his gerkin and sister goes to tell him something.. witnesses what he is doing and instead of telling on him... she is fasinated by it... and continues to follow him up there to watch.

After a while, she starts to get turned on and goes at herself through her undercloths, gets a little too worked up, and as he cums, she cums, and falls off the ladder she has been purched on.

Brother runs down, grabs her, takes her back into the loft... next thing you know, he wants to see and touch, she wants to see and touch, they get it on.. and

!!!!POOF!!!!!!

Sex cant possibly be a sin if it feels that good...

cant be a sin if it feels that good

hhhmmmmm.....

They are going **STRAIGHT TO AMISH HELL**

lmao

I blame Karen and her hilarious amish porn reviews for this one.

Meh.

This was just ignorant, I was expecting something with more kink, not just regular old porn.

The main character was the equivalent of the pizza guy, cable guy, or plumber.

Just another voyer that joins in on the fun, the only difference was she was TSTL.

What a let down.

I'm actually quite disappointed. Selena Kitt is my favourite erotica author, but this book just wasn't as good as most of her other work. I expected better.

This book was still written quite well, but it was too short. There was something missing from the story. I still recommend that you try if you have not tried any other books by Selena Kitt, but if you have you will probably be as disappointed as me. Try *Under Mr Nolan's Bed* if you are looking to read a Selena Kitt book!

Lance Greenfield says

This was a free download, which, combined, with a few good reviews from friends persuaded me to dive in and give it a try.

The naughtiness of a relationship between two young cousins in a strictly religious society is greatly enhanced by the fact that if 'Da' catches them, there'll be, almost literally, Hell to pay!

When Sarah discovers her adopted brother, first cousin, Eli, beating his meat in the top of the barn, it stirs strange feelings in her tummy which she doesn't understand. Her secretive voyeurism becomes a regular event, and the feelings become stronger and stronger, until she surrenders to her natural physical inclinations.

It doesn't take a lot of imagination to work out what ensues, but it makes for a great short, hot story.

William G. says

In The Barn is a delightfully naughty story whose innocence leads you to overlook the taboo pseudo-incestuous nature of the subject matter. It is the story of young step-siblings that are learning to shed their inhibitions and explore their sexuality in a sexually repressive Amish community. While the characters of Sarah and Eli are almost a bit too naive, it is none-the-less a nice, short story freebie that leaves you curious as to where these two might explore next if given a chance and could easily serve as the foundation to a much larger story! Yes, the story is short and not overly developed, as some have pointed out, but read the story for what it is and what it is intended to be, a simple, FREE introduction to the author's works!

I read this 'taboo' short story by Selena Kitt and I got mad with her. If I had paid for this, I would have asked for my money to be refunded. Luckily the day I nabbed it, it was a freebie. This short story on kindle shows 496 locations, in my eyes decent short story about 30 mins or so read, just enough for a lunch break. So story starts at 8% or location 39 and is completed by 40% or location 200 of the 496. Yes, it didn't quite make one third of the downloaded content. I was so cross.

Yet, I really rate her stories. I think she is one of the better story tellers. From her Heidi and the Kaiser, Mother Goose, to the ménage Baugartners and so on, great stories. Yet when up to two thirds of a download can be ads or intro chapters to her other works...which personally I never read and can't stand seeing more than a brief product description and I know I'm not the only one. So this came up on the Amazon BDSM search engine....duh!

It is sweet, coming of age, between an adopted brother, stepbrother, and step sister and becoming aware of their sexuality and their own bodies with masturbation to start, yet being Amish it is seen as a sin by their sect, i ask you, a sin...poor fooled souls. They go on to explore themselves into losing their virginities, first sexual intercourse, but tut tut, he goes straight in, no more than a gasp, and red vision....what no pain!!!! Bad Selena, memory lapse?

Trouble is the search engine on Amazon is not good. This has nothing BDSM in and as such I shall read others in place for my reading challenge....poor poor me! I don't see unrelated step brothers and sisters as taboo either...or is it just me? So the story rates as 3 stars but I chopped one off and give 2 stars because of short changed to what I thought I'd get!

One of the challenges I'm in this month is about Taboos. While this contains no BDSM, it does contain a slightly taboo subject - brother and sister getting it on. Since there is no blood relations, I've flagged this as psuedo-incest. The story is really short - I think shorter than the proposed twenty five pages. It's not all too taboo. It moved very fast with virgins playing with themselves and then each other. It was just okay for me.

2 stars

Wait... they're cousins!! I kind of like this better than On the Bus and Under the Stars, though Under the stars is hotter than this one. I wanted to buy the taboo collection but the novellas... it's too short and it feels like a waste of money... sorry. I'll probably wait for someone to share it with me.

Sammy Loves Books says

Free ebook of about 8 pages. Older adopted brother caught pleasuring himself in the barn by his pseudo sister. She's enamored and not only continues to come to watch him daily, she discovers that she can pleasure herself too. Well eventually she is discovered and they find pleasure in each other's arms. I believe I managed to read this book while in line at the grocery store. Call it a quickie!

Selena Kitt does naughty very well, and this is no exception. A young religious girl catches her adoptive brother in the barn giving himself some self-love. She knows it's wrong, but she can't stop watching him. But the sparks truly fly when he catches her.

Very naughty, very hot, but alas way too short. Selena is such a tease but I loved every minute of it!

Glad I got it as a freebie. Short and sweet, about related-by-adoption only young adults in the loft of a barn, doing what comes naturally.

Quote taken from the author's notes at the end of this read:

If it weren't for this note I would never admit having read this story.

I had no business downloading it in the first place...

From looking at the title and at the length of the read I already knew this was going to be...erm, masturbation material?

But hey, I was in the middle of a really depressing read and it was either slitting my wrists, jumping out of the window, or one-clicking all freebies on amazon...

I chose the painless option, or so I thought.

But it's harsh to rate something with one or two stars, when I already knew from the beginning what I was getting myself into, right?

So three stars it is. It looks like the author takes her job seriously, what with the editing and formatting.

amish porn!!

i mean, sorta. the amishness of this porn is not as ramped-up as i would have liked...

i think the author missed a few opportunities here, just in terms of the giggles we could have gotten over amish clothing-fasteners. no zippers! too proud!! no buttons! too showy!! spend a little time on the undress, give me some hot hook-and-eye action.

mmmmm yeah, like that...

because once the bonnet and breeches come off, there isn't a whole lot that is amish about it, sadly. in the nude, we are all amish. right? i mean, there is a little amishness, in the character names, and in the shame of the intercourse, but that's true any time you fornicate with your brother. GROSS!! don't worry, o squeamish masses, it is just her *adopted* brother. PHEW!! yeah, in reality, he is just her cousin. GROSS!!

you see the roller-coaster of emotions this book will take you on?

it's just a short little story of a girl (18) who watches her (adopted)brother(cousin) masturbate in the barn, as one does, and learns how to masturbate herself until things take their natural course, and she is discovered (oh noes) and then there is wide-eyed earth-shattering intercourse.

it's almost sweet.

but no jokes about "rump"springa?? shame on you...so many amish puns, all wasted...

but that's okay, because i found plenty to giggle at!

*Still, I didn't stop watching. I couldn't. I felt compelled, even though i knew it was a sin, I knew the devil was in me, and I had to rub him out. I tried.*

i mean, i know you're amish and all, but you've already broken that vessel, so here's what you do... you get yourself a tape-recorder and record yourself for a whole day.. you'd be surprised at the amount of poorly chosen words...

*"Something that feels so good can't be a sin," I insisted, half sitting now, back on my elbows. "It can't possibly. I just...I understand now. Why you keep doing it, how the whole world opens up for a moment and you feel like you're dying, or flying. I felt like I could touch God himself."*

this has to be blasphemy, right?? are you trying to hit all your deadly sins in one day? the amish certainly are a hardworking lot!

did you know there were so many amish porn jokeses on the internet?? there are. but do keep your safe search on, because there is also a lot of actual porn with people half-wearing amish clothing, and it is just too too sexy. beards and bonnets. phoar.

thank you, sweet e-book publishing industry. you supply me with so much.
