How to Stay away from fire!!!

We all know that children are very curious about fire. THIS story is full with colorful creatures and flowing with humor bring a clear message about the danger of fire. The pictures are so cute and imaginative for young ones. It's hard to keep kids captivated, but this book does it making it fun with rhyme, color, and an adorable main character that is easy to Adore. Most importantly it offers toddlers a perspective that they have choices with regards to their health.

This is an important message and at the right age. It's a sweet book to snuggle up to with your children anytime.

Lynn Hallbrooks says

I met Sigal Adler in a Clean Indie Reads forum. I'm so glad that Sigal took the time to introduce others to this book.

The forest folk find an egg without a yoke what came out was Hokey-Poke. The story really heats up after that.

It is a fun children's book for all ages. Truth be told, I think I liked it more than my 6 year old Godson.

Zabrina says

Great Bedtime Stories

Sigal Adler's books are perfect bedtime stories. Each is nicely illustrated with an original story performed in rhymes. My toddler loves the three books we've read so far, and we will certainly read more stories in the evenings to come.

Guy says

I can't wait to read this with my granddaughter

I will read this with my granddaughter and I suspect we will read the rest of the series. She will plead and I am sure we will go on.

Thanks for a read that will excite her I am sure.

Janice Spina says

This book is beautifully done with bright and colorful illustrations that are very eye-catching. Children will be delighted by the musical rhyming of this story and at the same time learn how to stay healthy like the dragon.

The characters, varied and interesting, will keep children entertained and engaged. This author is a talented storyteller that knows how to write and keep children captivated.

Katie says

Ok

Cute enough, I suppose. There are some extraneous punctuation marks in the writing, and one or two words that don't seem to really be the best choice to fit the rhythm of the rhyming scheme.

P.S. Winn says

This is a beautiful book full of colorful pictures and a rhyming tale that will keep young readers fascinated. Add in that it teaches a lesson and you have a definite winner.

Ashley Usadel says

Love it

Loved it was a great book my ex's daughter loved it. Well written children books very funny book she was laughing the whole time.

Kenneth Preston says

This is a fun story that children of all ages will enjoy! Hokey-Poke is an adorable new-born dragon who just wants to live and be loved. Unfortunately for Hokey-Poke and his friends, he doesn't understand his own powers. Of course, Hokey-Poke doesn't mean any harm when he tramples on a house in the village. He's just a fun-loving dragon who doesn't understand how dangerous his size can be. Hokey-Poke's size alone is dangerous, but when Hokey-Poke catches a cold, he begins to sneeze fire.

The story is wonderfully told, and the illustrations are beautiful! Your kids are going to love it as much as you love reading it to them!

Christoph Fischer says

"Please Don't Sneeze How To Stay Away From Fire The Animal Tales Collection Bedtime & Dreams" by Sigal Adler is an utterly charming & sweet children's book about a dragon. Told in witty rhymes and illustrated with beautiful pictures this is simply adorable. The different segments of the story make for either several short bed time stories or one long one for children with bigger attention spans. This is the first translation of several books already in existence in Hebrew, I hope the others will follow soon.

Jenny Bynum Black Words-White Pages says

This is an adorable story that caught my attention and kept me smiling. The illustrations are very eye popping and I found myself taking the time to look over each one throughout the story. A recommended must read bedtime story for children and adults to enjoy.

Chris The Story Reading Ape says

Colourful drawings and a rhyming story of a dragon who catches the cold and sneezes fire! Younger readers (and listeners) will love this character.

Shani says

This book was so cute! I loved that the characters were accepting of each other. They weren't "perfect" like in some children books. I laughed quite a bit and loved the whole thing. Great illustrations!

Lynn Burrows says

5 & 7 yr old enjoyed

Good book, great rhyming. Kept my boys interest and 5 yr old immediately asked for me to read it again!

Angela Lambkin says

Please don't sneeze is a great bedtime story for the younger ones!

Wow! What a cool ebook this was! About how a dragon was hatched and then caught a bad cold, please read. this ebook to learn more about how his friends were able to cure this, ok? I would like to recommend this ebook for five stars and for kids ages 6-8 &+ ! I received this ebook for free and in return, here is my honest review. Super job Sigal! By Angela

Tanya A Nance says

Quite enchanting.

Quite enchanting.

The rhythm flowed nicely and the story was nice. The illustrations I liked. This was a wonderful children book. I enjoyed reading to my grandson.
