A Thug's Wife (Full Length Novel) Shan

****80,000 Word Full Length Novel****

Zaria, Yessenia, and Cherie are just your average around the way girls. They live normal lives just like everyone else.

Zaria is ride or die for her husband Quasym. She believes in holding her man down to the fullest extent. But when Quasym becomes sick of his wife being the one to hold him down, he forces his way into the game bringing his best friend Devon along with him. Quasym is suddenly the King of the South and is seeing money that he had never expected. With his sudden change in status, he and his wife Zaria are hit with one thing after another.

Yessenia and Devon are happily married. Yessenia is a hair stylist who does everything a wife is supposed to do for her husband. She believes in catering to her man's every need. But when she finds out that her husband is holding on to secrets, Yessenia ends up caught in a web of lies that could cost both her and Devon their lives.

Cherie is young and full of life. All she wants is to marry a man with money and to be taken care of. When her love life isn't going as expected, she becomes jealous of her sister Zaria. She's desperate for a mate and will do anything to have one. But what happens when her get rich schemes begin to backfire?

These three women have to deal with the drama, lies, betrayal, and even murder....but will being a thug's wife become too much for them?

Tonia says

A Thug's Life

Cherie started another war. I can't wait until her and her mother Tammy get theirs. Yessina and Devon hopefully they can work on their relationship. Zaira and Q was made for each other. Praying everything will work out for them as well

Taz Will says

This was a little boring at times but held just enough to keep me reading. Quasym seemed like the last person to hold the throne because he was just too indecisive. It was like he needed someone to hold his hand and walk him through everything. He kept going on about how people wouldn't give him a chance, he didn't want to get in by doing Dan-D and almost messed that up. Like the next one want you to come take money out their pockets and give you something. He wasn't strong enough to hold the top spot in my opinion. Quasym didn't hold it down again in the end with Hova and Hova is going to be a problem that he will regret.

Zaria was cool she had her issues but they seemed real enough but she kept getting the short end of the stick. Cherie was just foul and from the beginning she was no good and what she did was all kinds of wrong but I guess it'll come out later.

Devon seemed like a stronger character to carry the weight but he didn't really get his shine. Yessenia needed to sit down somewhere with all her drama. That mess with her being in the house was silly, never understood why you'd step to the chick if she was with "your" man crap. If she didn't want to keep the baby why even tell the man knowing full well she was married and she was the one who went after him.

It's alright but it's something about it that you can't really connect with the characters to pull you in. Maybe the next one will be better.

Toya Merritt says

This was a great soap opera type book to me. It had minor errors but the book is so good that I over looked them. Quasym & Zaria was the perfect couple even though Tianna (Quasym crazy baby moma) was always trying to do something to break them apart. Kareem & Cherie would have made a good couple if she had a mind of her own instead of always trying to please Tammy!!! I could not stand Zaria & Cherie mom Tammy!!! She don't think about nothing but money!! Makes you wonder how she was in her younger days. I sure hope that it be a part 2 so I can find out if Cherie got caught up in the lies that she told!! Good job Shan!!!

bridgette acevedo says

Omg

I can't believe that this book leaves me hanging I hope part 2 comes out soon, they are 2 sisters that were raised to believe that a man was only good for money, one sister is married and her man has money the other one is trying to get one, well a terrible accident happens between the sisters and one lies she causes someone to lose their life and a war is bound to happen

yeama soya-bongay says

Thanks but no thanks! Okay read

Robin Perryman says

Very Good Book

I loved it. I even know some mothers like Tammy. This book was good from beginning to end. I read it every chance I got. I especially liked the way it ended. I liked how each character was described, I could picture them in my mind. I highly recommend this book if you like nonstop drama and I will be reading more from this author.

Delani Clendinen says

Love love love !!!!

I think my title explains it all. A must read . This novel kept me on my toes . Can't wait to read what's next

Iamshawnda Hamilton says

This book to me was missing something it was dry. It had it's high points here and there throughout the story but for the most part the story failed me . I think that it needed more development and more structure. I really cannot explain what it was it just overall did not do it for me.

Juanita says

I'm mad because I don't like to read a book without having the next book I'm waiting for the next book please hurry up with part 2!

Joy says

!!!

I read this book in two days. It's a good book! I'm so passed at Cherie for getting an innocent woman killed. I wanna know what's gone happen next. And I hope Zaria pulls through and can have more babies and her sister gets exposed!!!

Kristie Kilson says

it was ok!

Well for starters this was supposed to be a full novel, it wasn't completely finished. I'm not sure if there is a book two or not but I was under the impression that this was a full complete novel. They left me hanging for real tho! Lol! It wasn't what I thought at all.

M4queen says

Good read but quite complete though

Although the title has full length novel after it, it isn't. It ends with a bit of a tragedy and a vow for revenge. It also leaves a lot of unanswered questions. A but disappointed at the false advertising. Still a good read though.

Shakeria Sharie says

This was a okay read for me.

Lisa says

Wow! That is all I can say since this is our book club book. Well! I do recommend.

Myra M. says

An Under Developed Storyline

I was really enjoying this book, but you left me hanging. Cherie caused a lot of chaos with no answers? What happened to Devon and Yessenia? When did Marco and Ashley get together in this storyline? Etc??????? Really Confusing!!!!!!!!!!
