Wizard's Tale Aegyodaydreamer

Alyanna Rohan never believed in fairy tales and happy endings. At the age of seven, her parents died and she had no choice but to live with her evil aunt and despicable cousin. She was forced to work at a young age and to suffer pain, hunger and loneliness with them.

Despite the hardship, she was still hoping for a better future since her eighteenth birthday was soon to come. That meant Yana can already claim the money and assets that her parents left for her.

But her life turned into a mess when her loathsome relatives deceived her and stole all her money at the bank. They abandoned her with nothing. Yana's future was in chaos and now she was twice as miserable!

All her dreams just disappeared! Even her fantasy of going to college vanished as well! She got nowhere to go and her only chance of survival was to accept an old man's advice that she should work for a guy named Brylle Zaffiro.

Yana found her way to Brylle's house and there she attested that she will never be a fan of fairy tales! That was because the sudden twist in her life made it clear that the reality she was facing was way more magical, absolutely thrilling, and surprisingly romantic!

This is the first novel by a local author I've read! The title and the synopsis got me like love at first sight! If you're into fantasy/romance, I would recommend it! The author have a good sense of humor. The banter between protagonists is on fire! :D

P.S.: If you are looking for your ordinary fairy tale with a happy ending, you're in a wrong place. But if you are looking for a journey to a happier ending, this is it! :D

I'm a huge Harry Potter fan. And as a Potterhead, I personally consider reading any fantasy and any magical-related novels as sacrilege or disrespect. Early this year, I accidentally bumped to a bookshelf in a local bookstore here in our province. This particular book, "Wizard's Tale" caught my attention. I found myself in the cashier and bought the book. Later that night, I scanned its pages. And what seemed to be just scanning and skimming turned out to be leafing its pages until to the very end. I just couldn't put it down. I was magically hooked. I finished reading the book in just one whole night. Well, though it is not comparable to Harry Potter series, I feel a sense of pride that Pinoys could really match any novelist in writing relative to fantasy and wizarding world. This book is a combination of the resurrected and long-lost trading of story telling, the likes of Pedro Penduko, the nuno-sa-punso, and other folkloric tales to the tune of modern or present era of presenting a tale. Like Harry Potter, one of the central themes is about friendship, loyalty and the joy of being in love. The magical sensibilities are added to create not just an illusion, but a reality that everything is possible when one just believe. Now after reading, I realize that WT1 is not a disrespect anymore, I consider this book as a companion to my HP books, and once more brought my senses into being that I really believe in magic. I still do.

This is the best book that I have so far.. Binasa ko na ito for like 5 times now.. And hindi sya nakaksawa, at first Naboboringan ako at naiinis lalo na yung sa pagmamaltrato ng tita nya,, BUT!!! Ito lang naman yun, kung naapektohan ka ng pangyayari it means to say it is effective right?

We cannot make the book really perfect because the author is a young and am-mature one.. Pero magaling talaga sya.. I don't expect too much but she exceeded my imagination.. GALING!!!

Great Story but it's more confusing for what next. But then I really loved what should be the next episode.<3

5/5

I read this book when I was 13, I had no idea of plots, characters, cliches, world-building, etc etc. (and if I would read it again, it'd probably have a lower rating) But this helped me get into fantasy, and writing.

I was looking for an interesting book until I saw this book along with other pop fic books in a shelf of a bookstore. I bought and read this book and this is insights about it so far:

Plot - The plot is a cliché and predictable. But there are some parts that caught my attention that should be emphasized. To be honest, I was quite disappointed because of the events in the chapter were rushed. 6-8 pages were not enough to emphasize every scenes in a chapter. There were lots of plot holes in the chapters that should have been emphasized.

Character - The characters were too cliché. There's not that much new in the characters' concept and their personalities were not much developed. Brylle (the wizard) has the potential to make the whole concept different but I was disappointed because he was portrayed as a cold, mr. masungit type of guy. But he was later on portrayed as an emotional, moody type.

Yana's personality was too ordinary to me and her personality was too boring for me. The way the characters' mood and concept was written in a feminine tone that somehow hinders the whole story's potential. The romance part was too cheesy and rushed. Everything was centered on Yana which led me to think that the whole concept was too idealistic. My expectations dropped when I read the succeeding chapters.

Structure - The story's structure was okay. POVs helped me understand the feelings of the characters.

Overall, despite of its flaws and cliché concept, Wizard's Tale is one of the best wattpad stories around. The book was entertaining and fun to read. It definitely became my stress killer.

Recommendation - The feminine tone of writing very much appeals to younger teens. So, I recommend this

book to younger teens who are fans of fairytale and magical romance.

I gave up. Chapter 14. Page 85

This kind of story really doesn't suit me. If contemporary romance irked me, this one is worst. I feel like I'm watching a Pinoy Fanta-serye with lots of cheesy romance and stupid characters. The dialogue is irritating and their budding romance is full of "Ow Em Ji" (the author's word, not mine!).

Yana is so stupid, I want to bash her head when she went back to her former house to pay the debt that was not her responsibility in the first place. She should have sued that woman! Oh well, the girl wasn't using her brain and claimed she's an excellent student? She even allowed herself to be a slave of a stranger just because she's penniless and have nowhere to go. Doesn't she have a friend, at least? She said that she's talkative and yet she's not friendly enough to gain even one loyal friend?

The story is very predictable too. I am 100% sure that she's the lost-princess-of-some-magical-kingdom-with-powerful-bloodline, that she'll even surpass the abilities and skills of Brylle. The stealing of her properties and money in the first part of the story is not even convincing. She should have sued that bank who authorised the transfer without her presence! Signatures and papers are not enough unless the person is already dead.

The only thing that kept me going was the magical settings and the creatures. It is intriguing but not enough to make me stay. The illustration in between pages are also cool. It will give you an idea how the characters looks and some scenes.

Anyway, I just decided to DNF this book because it's not really my genre and I was cringing on each pages

with cheesy dialogues between Yana and Brylle.

Masasabi kong ito ang isa sa pinakamagandang librong nabasa ko na nagmula sa Wattpad. Pero hindi pa rin naman maiiwasan ang mga butas. Una, may pagka- cliché na maituturing ang 'pagpasok bilang kasambahay sa taong 'di naman kilala' na pangyayari. Medyo hindi logical ang ginawa ni Yana na basta na lang pumunta sa lugar na 'yun. Pangalawa, may mga paglalarawan ang author na para bang basta lang sinabi. May mga time na maganda sana ang mga pangyayari kung mas palalawakin niya pa ang kanyang paglalarawan. Sayang ang mga scenes kung basta-basta lang ang narration. Pangatlo, hindi ko rin mapigilang mapansin ang pagkakatulad nito sa Harry Potter. Tulad na lamang ng components ng wand at 'yung eskinitang patungo sa Otherworld, hindi ba? Pang-apat, hindi maiiwasan na maging girly ang point of view ng character na lalaki kapag babae ang author. Heto ang halimbawa na matatagpuan sa page 107:

"Bakit ba ang kulit niya ngayon? Kanina pa niya ko inaasar! At naiirita na rin talaga ako sa mga tingin at ngiti niya. Tingin ba niya ang ganda-ganda niya?

Pero sa totoo lang, kahit nabubuwiset ako sa kakulitan niya, parang--parang nakakatuwa rin? Ewan! Hindi ko rin maintindihan sarili ko."

Isn't it really a man?

Panglima, I'm greatly disappointed sa changing of POVs. Hindi ko akalain na mula sa first person ay magiging third person ang paraan ng pagkukuwento. Sobrang nakaka-disappoint. Pang-anim, masyadong nawasak ang mundo ko sa ibang mga dialog. Inappropriate at may oras na nagiging baduy.

Hindi man gaanong kagandahan pero masasabi kong the best sa mga stories na na-published mula sa Wattpad.
