Shawntelle says

It's a must-read very well done

awesome story if you like mystery and good sex ,perfect read it's not a long story,can't wait to read part 2

Rebecca says

Crazy

I was really feeling this book. I have never read a erotic crime story. This was good. The black widow was crazy for real. David Hanger was arrogant yet good at his crime skills. Can't wait to read the next one.

Bwm

I think this story has good potential. if the author would have focused more on the story and less on the sex it would have been a great story, I guess it was supposed to be a short story, so that's y it felt rushed. Idk if this was suppose to be more erotic or what, but I don't think I want to read anything else

Mirrlees says

Ok I liked the story line but Mr. Dick Hanger was a bit much for me lol. Let's solving this case, that main interest. This black widow didn't care who what where when, man or woman. My question is what was the motion? I need more. Ok and who took Hanger woman? Couldn't be, she's dead right? Ok hurry with part 2 before I have to write my own story. Lol j/k. Good read!

Barbara says

Dick Hanger is exactly how the description stated: a sex magnet

Detective Dick hanger must solve a heinous crime. Dick is in love with a woman that may come in between him and his job.

The story was good. I wasn't feeling the detective much. It seems like he was never doing his job just having sex.

But I have to give it to him, he played a major part in the story and did do his job.

I did like the murderer character. The Black Widow is on a rampage. I can actually see the Black widow

character as a movie.

Cynthia Gibbs-Daniels says

Good...

O didn't know this was an "urban erotic mystery" I thought it was just a regular mystery. The graphic sex took away from the story but good plot, fast ending.

Allena Williams says

Attention grabber

This is an attention grabber for sure. It is sexually and verbally explicit though. The title says it all....and the author does a great job bringing the characters to life. There are many grammatical errors.

Five Point Review:

-The Unrealistic Plot: Here you have the story of an apparent sex addicted Homicide Detective named Dick Hanger (lol!) who's been tasked with solving a string of strange but brutal murders. To be quite honest, none of this was realistic. I couldn't take the story seriously with people shouting "Dick Hanger" every five seconds nor could I understand how, considering that this was a pretty big case, Hanger was running around trying to solve the case with no partner. The whole "our department is underfunded" excuse that was given was a crock of shit. Normal police departments call in other forces to assist with cases of this magnitude when they are aware that they can't handle it alone. But that's neither here nor there.

-Detective Hanger: Idk about you but if you're a cop that can have sex in the closet of a room in which a man is currently laying dead with his parts in his mouth, I'm judging you. There is something seriously wrong with this guy.

-Devlin Hart: Another character that I could not take seriously. Her motivations make absolutely no sense. She witnesses her mother find her father in bed with her aunt; mom goes bat shit crazy, chops of dad's man parts, kills him and then herself. Clearly, this would be extremely traumatic to a small child but what is not explained is how Devlin makes to this leap to becoming a serial killer. What also doesn't make sense is why she chooses to seduce her victims before she kills them. *insert confused face*

-The Sex: I never thought I would ever say this but there was too much useless sex in the novel. Not only was it extremely crass and vulgar (and I like a dose of vulgarity), none of the scenes advanced the plot in any manner. It was like it was thrown in the book for the sake of having sex in the book.

-Overall: Seeing how this had a bunch of 4 and 5 star reviews and ratings, the other readers must have been reading a completely different book than I was. The Black Widow Murders was a joke. I couldn't help but

roll my eyes every other sentence. It got to the point where I couldn't even finish this travesty. Too much pointless sex, choppy and disjointed writing, and a generally stupid plot with equally stupid characters. Did not finish. 1 star.

Sex and Murder!

This really was a good book and as much as I would like to have given it five stars there were just too many grammatical errors. The storyline was on point however. The problem was it went from talking in first person to narration form. Then other times it would speak in past tense and present tense in the same paragraph. I do believe with better editing this writer will eventually be great. Still worth reading.

Happy Reading,

Wow this lady had my head spinning

Wow this lady had my head spinning

I choose to rate this book an five based on the fact that I might have ended up as one of her victims or maybe wanted to be anyway. I was thinking about her next move like it was my own. I felt like while reading that I was apart of the story.

Blkvelvet says

I usually don't give a story 5 stars when there are a lot of grammar errors, but this story was absolutely off

the frigging chain. Twists and turns at every corner.

For those of you who don't know.....read this book to find out what a true BOSS BITCH is all about.

Tracy Dickerson says

Loved It

Can hardly wait for the second installation of Dick Hanger lol very exciting and a non stop read. I'm impressed.

Tangee says

This was a pretty good book! The editing needs to be tighten up a bit, but other than that I have no complaints! Good storyline, the sex was off the chain! David Hanger, Mr. P.I. aka ladies man is ready for duty and Devlin Hart is his target. Looking forward to reading the next installment
