Over the Line Franca Storm

This is an alternate Cover Edition for ASIN: B00TMQZ2BA.

(Author Note: If you are offended by profanity, this book is not for you.)

Recently reformed wealthy playboy, Matt Hawley, was content with his newly uncomplicated life. Until a chance encounter with Rachel Whitman--the one that got away--reignites an obsession that he'd thought he'd buried long ago.

Innocent shy-girl, Rachel Whitman, was an expert at self-preservation. Her traumatic childhood had taught her an important lesson: never let them get too close. But when Matt Hawley is thrust back into her life, she is unable to resist his intense pull and her own burning desire. As he leads her down a path of desperate need and unbridled passion, the connection between them evolves into something much deeper than what either of them had intended.

But there is one thing standing in their way. A dangerous enemy with an even deadlier reputation: Matt's sociopathic older brother, Tommy.

Tommy's vendetta threatens to pull Matt back into the corrupt and twisted world of his former life. When he steps up his torment, Matt must fight to protect the one thing that he can't bear to lose: Rachel. He is forced to decide just how far he is prepared to go to protect the woman he loves.

Beachbaby says

Quick paced and steamy. I enjoyed the beginning of Matt and Rachel's story, but am not a big fan of cliffhanger endings. Currently, there are four installments available in this ongoing series.

1. Over the Line (The Redemption Series Book 1) - \$2.99 / 187 pages
2. Undertow (The Redemption Series Book 2) - \$2.99 / 167 pages
3. Reckoning (The Redemption Series Book 3) - \$3.99 / 211 pages
4. Salvation (The Redemption Series Book 4) - \$3.99 / 213 pages

3.5 stars

Lovetoread47 says

I could not put it down. Matt and Rachel are the main characters. Both have baggage - Matt is rich, has a psycho brother, Tommy and a mom who avoids the issues and wants to be in control. Matt wants nothing to do with his rich lifestyle. He works at a bar, tries to avoid his mom and his brother. Rachel was nearly raped by her stepfather when she was a teen. She has an ugly scar to show for it. Since then, she has taken up boxing, she does not date; nor does she do relationships. She does random hook ups but remains a virgin; thus, that is the catalyst that intensifies the conflict between Matt and Tommy. Tommy "dated" Rachel but their attempt at intimacy failed. Tommy wanted to rush things and was a little aggressive in his task to get there, roughing up Rachel a little. Matt bumps into Rachel as she tries to leave Tommy's place and offers her a ride home. He notices how she seems uncomfortable in the passenger seat and Rachel tells him that she is a little sore. Matt has been crushing and lusting after Rachel for 2 years. They attend the same university and have several classes together. Rachel breaks up with Tommy via text. Matt knows it's a bad idea to date Tommy's exes; however, after 2 years of crushing and lusting, Matt gives into temptation and pursues her with a little tryst that has wetted his appetite for Rachel and Rachel for him. Meanwhile, Tommy ignored Rachel's break up text and claims to Matt that she is his. Also, Matt finds out that Rach is a virgin and decides that he can't be her first. He likes his women and sex to be rough and hard. Despite his attempts to keep away from Rachel, they begin and explore a very sexual relationship that is constantly on Tommy's radar. I like the fact that it was a from both points of view; including a pov from Tommy. I wish there was more background history on Matt and Rachel, their families and the supporting characters. I love their BFF's - Mel (Rachel's) and James = Matt. Both play a pivotal role in dealing with all the intense crap that goes on between Matt and Rachel; hence, all that crap brings the BFF's closer. I loved that Ms. Storm wrote in detail about Matt's thoughts and emotion of wanting more than sex with Rachel and that he was the first one to say I love you; while, Rachel with her history, was surprised and scared. She actually bolted out of his bedroom. Wow! Talk about role reversals. The only thing that I disliked was the fact that the book ended in a cliffhanger. Nonetheless, I loved it. I could not put this book down. It was an amazing start to the series. It was an amazing read.

A??ela W. says

This was a short quick read that was a little confusing at time and if the ending was a little better I would has

given it a higher rating. Matt Hawley is a wealthy playboy who is trying to lead an uncomplicated life until he reunites with the one that got away. Rachel Whitman is a shy girl who had a traumatic childhood. But when Matt Hawley is thrust back into her life, she is unable to resist his intense pull and her own burning desire. The sex scenes between these two were hot and they had great chemistry. Matt's brother Tommy is crazy and willing to do anything to keep them apart. This was my first time reading this author's work and while this book was well written with no errors in grammar or spelling, I wanted more of a backstory on the brother's why were they like this to each other. I am looking forward to reading the next book in this series.

Kit Vogler says

I'm just glad that the leading lady has her wits about her more than most in other books. She seems a bit stronger and smarter despite being behind the curve in some respects. This is only my second series that I've read of storms, but stronger and smarter heroines seem to be her forte while still keeping the twists coming.

Kdk929 says

what a screwed up family! I really liked some parts of this book, but other parts were very disturbing.

Briana says

Awesome Book

This book is amazing and I would compare it to 50 Shades of Grey...
It has awesome detail and a great story line.

Shellie Johnson says

This book was a little confusing at times. There was not a lot of background info on the brothers and you had to guess what it was. This is the first book in the series so I was a little lost at times. Wish it delved more into the history about their wealth so you would know what was going on but it didn't. It was an ok read but just not that great. Will I read more from this author?? IDK.... Hard to say. I will not buy another book yet by her. Free I would try again.

Wayne says

Crap!

Was expecting some mystery, not a semi-porn novel. Definitely should be an "adults only" read. A disappointing read in many respects.
