Too Hot to Handle Alexis Anne

Two "first in series" standalone full-length romances from Alexis Anne.

THE STORM INSIDE, The Storm Inside Series Book 1

The hardest thing I'd ever done was let go of the one person who needed me most...

Jake Spencer was the kindest, truest, strongest man I'd ever met. He also had the worst childhood I could imagine. All he needed was a chance and someone to love him. I gave him everything I could, but it wasn't enough.

It took me a long time to accept that there was nothing else I could have done. That disappointment has followed me ever since. I built a career and a supportive network of friends, but kept love out of my life.

I was on the rise and thought nothing could slow me down, until my greatest failure came back to haunt me. Jake came home, stronger and wiser. Whatever it was he needed to overcome his past, he'd found it. Somewhere, or with someone, else. I hated that it wasn't with me.

His sudden reappearance has thrown my life into a tailspin. He's back to claim the life he wanted, to be the man he says I deserved, but I'm not the girl I used to be. Professionally I am powerful and moving up. Personally I'm broken and uncertain, but mainly...I'm angry. Falling in love with Jake was the easiest thing I'd ever done, losing him was the hardest, and giving him a second chance might just cost me everything.

TEASE, The Tease Series Book 1

Two weeks.

No strings.

With Adam Callaway I thought I'd found the perfect fling. He was great in bed and only in town for a few hot nights.

There was no way I could have known Adam wouldn't be satisfied with just sex. My craving for his body made me careless. I broke my rules. I let him in. I never thought two weeks could change everything. All I wanted was an escape, what I got was so much more.

Keep reading the Storm Inside and Tease series! More standalone romances that heat up your pages with passion, romance, and happily ever afters.

***Alexis Anne novels are explicitly romantic. You will find intense stories of love, passion, and self-discovery, alongside intimately detailed encounters that can only occur when two people are falling hopelessly in love. These novels are best suited for readers seventeen and up due to these exciting reasons. And language. Alexis Anne uses a lot of language.

Kathleen Williams says

Taking Chances

Both stories were awesome loved them both. The characters and the storyline grabs you and pulls you in. Look forward to the next books.

Helen Cuevas-tolentino says

Great book!!

Mary Stockwell says

Average

The stories were good but got bogged down with too many repetitious sex scenes. I would rather read a shorter story with more insight into the characters personalities.

Carole says

Sexy shorts

An enjoyable set of sexy reads. Hadn't heard of this author before but did enjoy the romance starter. Beach read.

Lydia Frazier says

It was a really great read. I would read it again!
