Suellen Ocean

Evaline's Fiddle Suellen Ocean

When Winterwolf, stepped into Evaline' life, she tumbled into his arms. Unfortunately, she was not ready for all that love requires... but Missy was. And although Missy was just a girl, she had the mind... and the desires... of a woman. Winterwolf fought her advances... time and time again but when Evaline began taking advantage of his love, he needed more and Missy was there waiting to give it. With the taste of Evaline still on his lips... could he?

From Reader Review Evaline's Fiddle for online ebook

Jennifer says

I received this book as part of Good Reads First Reads

This is the story of Evaline and the love of her life Winterwolf. But trouble is lurking in the form of another woman - will she keep her man - or will fate give her a bad hand - I loved the intrigue.

A true love story told amidst Evaline's dreams of going to New Orleans - playing her fiddle - and living a life totally unknown to her

A gret love story and a great book

Juan says

A fascinating page turner !

Suzanne Hunt says

Finished reading Evaline's Fiddle by Suellen Ocean this week.

I enjoyed the Native American elements of the story since I am native very much.

It's a compact read with romance and travel through the US.

I recommend to anyone who enjoys seaport history esp. New Orleans.

Stephanie says

An enjoyable read.

This would make a nice addition to anyone's personal library.
