Unplugged Sigal Ehrlich

It was supposed to be a lot of things...but not this.

After surviving the long and excruciating recruitment process, I thought I would end up working for Madonna or the CIA at the very least.
Boy, was I wrong.

Even in my wildest dreams I couldn't have imagined what I was in for. What my heart was in for.

I couldn't have possibly fathomed the lifestyle, the responsibility, how much it would take out of me, the inner battles, and mostly, the emotional whirlwind.
I could never have imagined, prepared myself for, or anticipated...

Him.

It was supposed to be a job. Just a temporary job. Just a few months. Just a short stop before the journey I was about to take to follow my dream.

It was supposed to be a lot of things...but not this.
Little did I know it would be the one event that would shape me, would change me, would bring on such a shift in the balance of my world.
Would bring...

Him.

Would bring...

Them.

Both.

Into my life.

*UNPLUGGED is the first part in a two-part, new adult,
non-love triangle, non-cheating, series; it has a cliffhanger-ish ending.

Alison says

Review to come ...

Ivi is an Estonian girl, looking for a job to help her to save for her trip to Nepal where she hopes to work with a charity called Youth With Purpose to rebuild homes and a school destroyed by natural disasters. Ivi hits the jackpot and gets hired to look after Jeremy, the wunderkind secret child of one of the most famous rock singers of all time, Tyler Lee Adams.

After a rocky start when Tyler thinks Ivi is just another groupie and tries to kick her out of the house, Ivi settles down and builds a great relationship with Jeremy who is staying with Tyler while his mother is in Africa. Guess what happens?

I love me another unrealistic 'normal girl gets job with billionaire rock star despite no experience/ references. I liked the quirkiness of Ivi being Estonian and I could just about allow the fact that she knitted weird knee length socks which she wears ALL THE TIME. But I found the writing too much to swallow. I'm not sure whether English is a second language to Sigal Ehrlich or whether she is a writer who likes to use fancy words in an attempt to make their writing seem more literary. All I know is I have never seen the word "supple" used so many times and in such a peculiar way. Eleven times! "Supple grins", "lips supplely caressing skin" all just wrong. And don't get me started on "The sensation is numbly electrifying" - what on earth does that mean? And how do you "kiss someone profoundly"?

I felt that Sigal Ehrlich was too busy throwing every NA/YA cliché into the pot whilst being Estonian at every opportunity and having Jeremy be a child genius who spouts random factoids to actually give her characters personality.

And there's a cliff-hanger!

I'm sure that there are loads of readers who will love Ivi's quirks and swoon over the bad-boy rockstar with his genius son, they'll love the purple prose and the supple repetitions, just not me.

I received a free copy of this book from the publisher via NetGalley in return for an honest review.

☆ Bianca ☆ BJ's Book Blog ☆ says

22 year old Ivi [Eeevee] just landed in Los Angeles. (She's coming from Estonia!) She'll be in California for six months - working as a nanny to make some money to go to Nepal and help build houses for the needy. That's her dream. But first she has to survive those six months. Because who is 10-year-old Jeremy's daddy? None other than mega-super-rockstar Tyler Lee Adams!!!!

The boy's professor-mom had to leave for six months to work on important professor stuff in Africa, and now poor Jeremy is living with his dad - a man he has never met before!!!

And of course we have this instant like/dislike lust/hate thing happening between Tyler and Ivi!
Mega sparkage!!!

But he's the biggest star in the world and she's just a young european girl on her way to asia...

WHAT WILL HAPPEN WITH IVI & TYLER?

WILL THERE BE A HAPPILY EVER AFTER???

BUY THE BOOK TO FIND OUT! ?

????????????????????????????

Whenever a new Sigal Ehrlich book lands on my kindle I'm really excited!
You never really know what it'll be, but you're pretty sure you're going to love it!
And what is better for this reader than a rockstar romance?? NOTHING!!!! ??
Whooooopppeeeee!!! ?? I just love rockstar romances.

Amazing story.

First of all, Ivi is from Estonia!

I bet no one ever read a romance with an estonian heroine! I know I haven't. I loved that!

The secret star of the story is of course little Jeremy! He's soo adorable!

He's 10 going on 36! Only that he's so much smarter than the average 36 year old. He's a genius!

But he's also very scared to meet his dad and to get to know him.

But Ivi is very good in bringing Jeremy and Tyler together - to talk, play, et cetera.

Then we have a bunch of 'entourage' guys - which every star needs to have. They hang around the house at night to drink and whatnot. Interesting guys - and Ivi is not scared to tell them what she thinks of them. Too cute!

And all through reading it we wonder... why doesn't Jeremy know his dad? How does a supersmart professor end up with a child by a rockstar? Why? How? What? Huh? Grrrr. ?

And of course we wonder if Ivi and Tyler will fall in love and live happily ever after.....

I really enjoyed this story. It was so adorable and funny and serious and romantic.
Even though the romance part - or rather the sexiness part - takes a while to develop. It's more like a beautiful slow ballad (like November Rain) - not a Ha Ha Ha Ha Staying Alive rhythm! ?

PERFECT ROMANCE!!!!

A #MUSTREAD FOR FANS OF ROCKSTARS!

FOR FANS OF MUSIC!

FOR FANS OF NANNY-FALLS-FOR-THE-MAN-OF-THE HOUSE ROMANCES!

FOR FANS OF CELEBRITY ROMANCES!

FOR FANS OF AMAZING ROMANCES - because this is really not just your average nanny-falls-for-

daddy thingy! It's so much more!! More mature somehow, even though Ivy is still so young, it's not your typical New Adult thing.
READ IT!!!!

UNPLUGGED was such an amazingly beautiful & different kind of rockstar lovestory! Please run to your nearest amazon for your own Tyler, because this one is MINE!
MIIIIINNNEEEEE!!!! ? !!

Were there some things I didn't LOVE love? Hm, not really. Maybe there was a bit too much inner dialogue. Too much thinking. And too many big words. ?

I NEED BOOK #2 NOW!!!! Because we might have a tiny little semi-cliffy! Not really a cliffy - the story is just not finished - it's just getting started ?

????????! Unplugged, book 1 of 2. An against-all-odds & forbidden romance between a superstar & his nanny!

“Our closeness is like the force between two magnets. Something almost impossible to fight, unless you keep a certain distance.”

Books in Unplugged duet should be read in order:

Book 1: Unplugged

Book 2: Untitled

Unplugged (book 1) opens up to **Ivi Kert, Kiisu** arriving to Los Angeles to start a 6-month nanny job. Imagine her shock when she realizes her new boss is no other than singer, song-writer and recording superstar **Tyler Lee Adams, Ty**.

Follow her as she settles into the Hollywood, meets her new charge and gets to know her boss.

Tyler and Ivi both feel a spark and an attraction, but time is against them. A **slow brewing romance** between a small-town girl out to save the world and her heartthrob boss who does need another entanglement.

A flirtation which **explodes into passion** before it must come to an end... or will it?

Seven words to describe **Tyler Lee Adams, Ty**: charming, noble, considerate, reserved, complex, possessive and private.

Seven words to describe **Ivi Kert, Kiisu**: reflective, assertive, charismatic, confident, determined, caring and loyal.

Unplugged, told from Ivi's POV, is a mixture of **forbidden and impossible** romance not meant to be played out in front of the world. It ends as the next chapter of their affair begins to be concluded in **book 2**.

Connie says

I loved the hot chemistry between Ivi and Tyler. It kept me turning the pages to see how this would all play

out. However, Tyler is going back on tour and Ivi is traveling to Nepal for her missionary work. She's in love with him, but he's a rock star and is simply in lust! It looks like Ivi is setting herself up for the biggest heartache ever, especially when Tyler is not offering her anything concrete. Now waiting for book # 2 to sort it all out.

3.5 Stars

Reviewed by Sharon Thérèse

Ms Ehrlich's descriptive writing cannot be disputed. She's set the story in an ambience which couldn't have fitted the title better since to my way of thinking, Unplugged has two meaning. The musical side and the emotional one. Her two leading characters who come from completely different backgrounds do unplug their feelings; slow-burning feelings which opened up my curiosity. The build-up per se is steadily paced; however, I would have liked a little more angst.

Despite finding Tyler Lee Adams a tad standoffish, my opinion of him changed once I got to know him better. The spoilt Rockstar vibe I had was unfounded since he showed me he was on the ball and always concerned for the goings on in his household. Actually, I thought his problem was no-one really understood the true him. He's backstory isn't such a tragic one although it saddened me to discover how his career started and how he'd been treated by his peers. Understandably, he'd protected his son. How he did it was perhaps erroneous, but he's deadset on making up for lost time.

"Is there anything you don't like about it?"

"When people think they know me. . . or own me." "Or put me in a pigeon-hole. . ."

Motivated by past events, Ivi's determination to carry out plans for the future are noble, exciting and a chance of a lifetime. Ah, but the card of life dealt out to her is unexpected. Now then, it certainly seemed to me she'd landed a cushy number working as an au pair for the son of Tyler, a single father. And I had no doubt she'd make it work seeing as she's so easy to get on with and so willing. There's a down-to-earth honest-to-goodness about her that drew me to her instantly. In other words, she could do no wrong for me or the motley crew who hung around with her boss. Lovable guys too.

"Thanks for taking such good care of him. I don't know what I would've done without you."

"It's my absolute pleasure." "I'm more than a little in love with your boy."

Who won the show had to be Jeremy! He's old beyond his years and a walking encyclopaedia! What an adorable child and what great comebacks he has. The whole situation is overbearing for such a young child and this is where Ivi steps in. She'll do her utmost to make sure he finds his place in new surroundings.

"I asked you what you wanted, not what you needed."

"I'm still trying to figure that one out. Recently, my wishes have been changing."

What I liked more about this story was Tyler and Ivi's prime concern for Jeremy. Regardless of their attraction which is indisputable from the moment they set eyes on each other, they always put him first. The ending left me with a bitter-sweet taste in my mouth. It had to happen, I didn't want it to but a contract is a

contract with all the its clauses. Hopefully, I won't need to wait too long to find out if these two are going to have the ending they deserve in the second book in this duet.

"It's the unplugged version of you that I've been falling for."

#99cents #Sale <http://amzn.to/2mCNPcn>

A deliciously slow, warm and languorous romance.

Ivi Kert flew from Estonia to LA in the US knowing she's be someone's nanny, she never imagined it would be the ten year old son no one knows about of one of the biggest and hottest rock stars in the world and therefore was not prepared when faced with him, much less cohabitate with him, with both of them, for the next six months.

Ivi is not the kind of woman who shies away from a challenge or an adventure easily, but this job will require her to open her heart to these two people and cause her an emotional upheaval that will change her life forever. What will she do when the time comes to say goodbye?

I've been a Sigal Ehrlich fan from the beginning, loving her writing style which pulls me into the story from each chapter's epigraphs, to richly detailed descriptions, to the subject matter which in this Unplugged's case is a wonderfully angsty love story.

Ivi's first encounter with her boss is anything but normal, especially when he tries to get rid of her a few hours later. He's less than happy with her presence in his home and she's not shy about putting him in his place, besides she's there for his son, not him. Even though Ivi is fairly young and inexperienced in love, she knows her own mind, knows what she wants and in general is a tough cookie whose biggest dream is to go to missions wherever help is needed. She's impossible not to love.

As for our cantankerous hero, I'll put him in pause for a bit to talk about the other awesome man in the book. Jeremy, Tyler Lee's son is truly adorable. A sweet boy and somewhat of a know it all who can state long facts about almost anything in the cutest fashion, causing Ivi to repeatedly tell him to read children's books and carve a special place for him in her heart.

Even though Tyler was certainly aware and attracted to Ivi from the moment they met, it was the bond between her and his son that most assuredly thawed his cranky exterior. As they spend time together Ivi gets to know the stripped down version of the rock star. Tyler unplugged is flesh and blood human with a somewhat sad upbringing, who wants to get to know and love his son and while doing so, falls for the sassy nanny.

“I think you put a spell on me, Kiisu.” His voice becomes raspier when he adds, **“And I like it. A lot.”**

“I think this magic works both ways, Tyler,”

The relationship between Ivi and Tyler is slow and seductive. I got swept away in every alluring minute of it, from the struggles and tears, to the longing and irresistible surrender. They have the forbidden issues that come with a boss-employee relationship, there's also the fact that Tyler has never had a serious relationship and Ivi has to learn to navigate the rock star lifestyle, and finally there's the fact that Ivi's time in LA has an expiration date as she has big, very laudable plans for when her job is finished, but the bond they form is strong enough for them to work to keep it. I can't wait to see how they do.

“Tyler, what are we doing?” The way he looks at me is a prelude to his next words. He brushes my cheek with his thumb.

“I don't know... But I can't stop... It never felt this amazing.”

Unplugged is book #1 in the Unplugged duet by Sigal Ehrlich. It is a standalone, contemporary romance, told from the heroine's point of view with a semi cliffhanger.

Eve Recinella (Between The Bookends) says

This is a gorgeous cover. A great representation of the hero and story. Original typography and great composition. I love the overall "artsy" look to it.

I really enjoyed this one. This is my first time reading anything by this author, but it won't be my last. I find she has an engaging way of writing. The pace was fairly good overall, although it did drag a little for me through the middle.

I'll admit I am not a real huge fan of rock star books. I find they tend to be top heavy on the angst and other women/groupie drama. Thankfully this one was pretty mild in that department. It also had some great secondary characters. Especially Jay (I'd love to see him get a book) as well as some of the other guys from

the band.

I found Ivi extremely likable. She was a sweet person that didn't refrain from putting people in their places when they deserved it. I liked that she called the hero out on his behavior when it warranted it. Tyler was a bit of a mixed bag for me. He was a bit of a douche at first, but then the real Tyler starts to show and I started warming up to him. His interactions with his son melted my heart. That said I did get frustrated with his hot-cold routine that lasted right up until the end. Honestly, though the real star of this book was Tyler's 10-year-old son Jeremy. I loved that kid and his random facts.

A couple things stopped this from being a total hit for me. One this was a real slow burn type of book. These two dance around each other until pretty late in the book (I want to say 60%-70% in). I also feel that Ivi and Tyler's HEA could have been wrapped up in this book. A few more chapters were all that was needed (IMO). I enjoyed this one enough that I want to read book two but part of me is worried it is going to be a whole book of manufactured drama to keep these two apart. I guess we will see.

Yiota Misiou says

Αχ! Τι καλ? που ?ταν! ?να γλυκ? βασανιστ?ριο θα ?λεγα. Δεν το περ?μενα να μου αρ?σει τ?σο πολ?. "How lucky I am to have something that makes saying goodbye so hard. "

Αυτ? το βιβλ?ο ?ταν πραγματικ? ?να γλυκ? βασανιστ?ριο αλλ? με πολλ?ς εκπ?ξεις γ?λιου, καθ?ς το χιο?μορ της κυρ?ας Sigal Ehrlich ε?ναι ανυπ?ρβλητο..

Η Ivi,-η ηρω?δα του βιβλ?ου- ε?ναι ο ορισμ?ς του αξιολ?τρευτου κοριτσιου?! Ο Tyler Lee Adams απο την ?λλη-ο ?ρωας της υπ?θεσης- ε?ναι μ?α εντελ?ς διαφορετικ? ιστορ?α! Μπορε? να σκ?σει μ?χρι και γ?ιδαρο,(ειδικ? στα τελευτα?α κεφ?λαια) που θ?λεις να π?ρεις τα βουν? (και τα λαγκ?δια) ουρλι?ζοντας ΕΛΕΟΣ!!

Οι δυο τους δεν θα μπορο?σαν να αν?κουν σε ποιο διαφορετικο?ς κ?σμους..Αλλ? η ζω? ?χει τον δικ? της τρ?πο να επεμβ?νει στους ανθρ?πους και να τους κ?νει να θ?λουν πρ?γματα,που μ?χρι εκε?νη την στιγμ? δεν π?στευαν ποτ? πως ?χουν αν?γκη.

Το unplugged ε?ναι απο κε?να τα βιβλ?α που στο τ?λος δεν μπορε?ς να μην παρασυρθε?ς απο την ιστορ?α του και να μην θ?λεις να δεις τους χαρακτ?ρες σου ευτυχισμ?νους να οδε?ουν προς το

ηλιοβασ?λεμα!

Αλλ? αυτ? δεν πρ?κειται να συμβε? στο 1ο βιβλ?ο.

Γιατ? για τον Πρ?γκηπα και την Σταχτοπο?τα της κυρ?ας Ehrlich τα δ?σκολα τ?ρα αρχ?ζουν και ?χουν πολλ? ακ?μη μπροστ? τους μ?χρι να φτ?σουν εκε?!

Doris says

Ivi is a young woman from Estonia who volunteers her time worldwide helping those who need it but now has taken a nanny position in the U.S. trying to earn money so she can go to Nepal for her next mission work six months from now. Six months at a nanny position for a little boy who I think is the most adorable kid around. He's ten but is well beyond his years in a wealth of knowledge. It probably helps that his mom is a renowned professor with one little secret she has been keeping from Jeremy...his dad is the world famous rock star, Tyler Lee. Now that Melena has to leave the country for work for six months and it is no place for Jeremy, he is going to be meeting his dad for the very first time.

Jeremy is scared and nervous with all of the changes but he and Ivi hit it off immediately. Ivi is very personable, funny and caring and has a love for children which is easy when she has a charge like Jeremy she easily falls for this little boy. Speaking of falling how do you not fall for one of the hottest rock stars in the world whose home you are now living in for the next six months?

One of the numerous bits of information that Jeremy shared one day was that the heart can actually break and I have to say that this author had a way of writing this story that you thought at times your heart was breaking. Ms. Ehrlich wrote about love, passion and taking chances. Will the bond that Ivi forms with Jeremy and Tyler Lee be enough to keep her from going to her mission work in Nepal or will Jeremy go back to his mothers and Tyler Lee will continue to be the elusive playboy rock star that won't settle with just one woman? This is book one in a series and I cannot wait for the next book to come out. I HAVE to know if Ivi and Tyler have an actual chance at anything more and what is Jeremy going to think of all of this if things actually do come out and you know they will because Tyler Lee is front and center for paparazzi. I have just found myself a new rock romance author that knows how to write giving you a glimpse at the rocker's life along with knowing how to keep you engaged in a book so much so that you feel emotionally invested in this story.

I received this ARC from NetGalley for a freely given and honest review.

Reviewed @ Confessions From Romaholics

Review copy kindly provided by the author in exchange for a honest review

He was my employer and I'm just the nanny.

But my heart told otherwise.....

Unplugged is the first book in a duet. What this story appears to be, the typical forbidden, angst and against the odds new adult story. However it is far from just that, it a heartwarming sweet book as well. Ivi Kert, is a

girl with simple dreams to change the world . Now aged 22 she is still eager as ever though a little wiser and jaded with her ambitions after experience a taste of real life .

She needs money to help with her next mission , knowing that dreams can only get her somewhere. So after a rigid recruitment process she expecting this 6 month nanny job will be for a someone high up. Not expecting to be a music superstar , Tyler Lee Adams, Ty.

Immediately this job doesn't become a 6 month job just to get money. The job has open the doors to more then Ivvi expected. This job was only a stop gap, for her dreams. But dreams can change?

As the heart is in for a beating as Ivi navigates this new world. She may be a fish out of water but this girl isn't going to be a cliché. She prepared herself for her charge and to be challenge by him. She isn't ready for Ty.

Ty the game changer

It hard to describe the story but that blurb does it justice. The author took an idea that we hear played on in the gossip magazines time after time. She embraced the idea and made a heart warming captivating story. This isn't straight forward romance that is clear cut. This more just a forbidden story who happens to have a rock star.

There is very real lives involved who have different dreams and plans. Humans whose lives are changed the moment they become unplugged from the world they know and thrown into another. Hearts are on the line and dreams. And this only the beginning
