Sixes and Sevens

O. Henry

Sixes and Sevens O. Henry

From America's favorite storyteller: A rich selection of twenty-five tales by the author of "The Gift of the Magi."

Writing under the pseudonym O. Henry, William Sydney Porter was an incredibly prolific and popular master of the short story in the early twentieth century. His stories are known for being witty, playful, full of plot twists, and marked by surprise endings. The author had a special fondness for New York City and a deep interest and appreciation for the ordinary folk who populate his timeless tales.

First published in 1911, his eleventh collection features such classics as "The Duplicity of the Hargraves," about a destitute Confederate major and his spinster daughter in Washington, DC, and their encounter with a vaudeville actor; as well as "Makes the Whole World Kin," about a thief and a sick old man who form a surprising bond. Once entered, O. Henry's world becomes an unforgettable destination, and over a century later, readers continue to return—again and again.

Sixes and Sevens includes "The Duplicity of Hargraves," "Makes the Whole World Kin," "The Last of the Troubadours," "Witches' Loaves," "The Adventures of Shamrock Jolnes," "A Ghost of a Chance," "New York by Camp Fire Light," "Ulysses and the Dogman," and more.

This ebook has been professionally proofread to ensure accuracy and readability on all devices.
