Arlene says

No star(s). I could not get "into" the story...did not finish. I will try again in the future.

Julia says

There is a lot to like in this story. The opening shows the independence of the father and his self-sacrificing love for his little girl, during their struggle of being lost and hungry in the wilderness. The relationship with the loving family-friends that take her in is wonderfully portrayed, as well as the fun of growing up in in this wild mountain area. It's a great transition when we follow her to England to defend the horrible accusations against her beloved father, and intriguing to learn his whole story. I listened to this book as a free download from Librivox.org.
