Gay Since Today

Kim Dare

Gay Since Today Kim Dare

Ford's hidden everything about his sexuality his whole life. Tyler says he can accept everything about him. But can he?

Tyler knows he's wasting his time fantasising about Ford. The guy he's had a crush on for months might make a wonderful dominant, but a straight dominant never did a gay submissive any good. It's time he stopped wasting his history lectures wondering what his life would be like if he belonged to James Ford.

Ford's had enough. A man can only stay in the closet for so long. It's time he came out and made his peace with who he really is. And if he can get a date with the cute guy from his history lecture, so much the better.

Gay Since Today Details

Sammy Goode says

Yes I will freely admit I am fully besotted by this author--it's true--but I can be impartial when reviewing, so here goes. First, The GAYseries that Kim Dare puts out are light and fluffy--they are quick little reads meant, I think, to entertain--not to mire one down in a lengthy novel or sort out the world's problems. No, these little tales are simply offered as a way to lift your day, make you smile a little more deeply and sigh about how wonderful the world would be if we all could just get along and live and let live. SO with all that in mind...I recommend that you read them for just that reason--a bit of escape because they are perhaps the best written little shorts around--seriously they are that satisfying. It is the mark of a fine author in this genre when a story as short as some of these can still place you right there--in the middle of the action. When that same little story can make you care--worry over it's characters--want to hear more about their lives, their passions, their woes. Yes---they are short...yes they are fluffy...yes there is always a HEA...and yes with limited angst. Many may say these stories are formulaic and trite at best--I say they are a little gift to tired and oftentimes jaded readers who just need a little bit of fun in their lives.

Ford is gay for the day--but not really. In fact, he has finally figured out that he has been chasing skirts to avoid what he really wants to chase--pants--men's pants...and in comes Tyler, a submissive that has been worshipping dear Ford from afar. Again, this is no mewling little submissive--no, this is one who knows what he wants and will not be walked upon in order to get it. What develops is a sweet and endearing relationship that will have you signing with joy and wishing for more.

I unabashedly enjoy these books--they have their place in my library along with more harrowing tales and longer more involved novels--some of which are Ms Dare's as well. I do recommend you form your own opinion though--you may enjoy them as well--I hope you do!

Unapologetic_Bookaholic says

Quick comment: Favorite scene which gave me a strong emotional reaction? When Tyler had just done "something" for [James:] Ford and [James:] Ford realizes Tyler hesitates to finish his sentence. The conversation is best experienced when you read it. Tyler knows what [James:] Ford can do for him but is nervous about applying the role of Dom to [James:] Ford right off the bat. Experiencing Tyler's anxiety and nerves was something new. Too often romance is cookie cutter the characters hardly ever have distinct personalities. Are given moments of indecision, hesitation or confusion. Realism can be sexy too!

Serena Yates says

This is a story about a submissive who falls for a dominant he thinks is straight.

Trying to navigate the many pitfalls of coming out for Ford as well as trying to remain submissive while teaching his new master is a journey of discovery and confusion for Tyler. There is a twist to the story in the middle which I hadn't expected and made reading it a lot more interesting.

Alvin says

This was a cute GFY! And this is probably the first time I read about a Novice Dominant so it's refreshing for me.

3.75 DOM FOR YOU STARS!

Salem says

if your my boock to the email of reading in your my boock

Seregil says

Very cute short story. College boys, bdsm with a novice dom, coming out and friends that don't believe that you're gay :) Has a bit of everything that a kinky college story should :D

Madeleine says

Damn, how I wish that some of these would have been longer! ^.^

Steph says

2,4

Clerah says

I gave this book a four star mainly for it unique story line. Dare explores a D/s relationship where the sub is 1)more knowledgeable as a sub than his dominant, and 2) out of the closet. Ford who is just coming out of the closet and has never been with a man before begins a relationship as a Dominate to Tyler's submission.

As a short the story is very good, but I would definitely be very interested to see a more fleshed out story with this unique dynamic.

Stacy says

Another Kim Dare short story - great characters with a bit of BDSM thrown in. Kim rarely lets me down with these shorts, but frequently leaves me wishing she had saved these characters for a longer story with more character and plot development. I'd love to read more on the main and peripheral characters in this

short novel! On a Kim Dare scale, this one falls solidly in the middle of her other m/m shorts. On a general "any author" scale, Kim Dare provides reliably enjoyable reads and is one of my top 20 m/m authors, particularly for those that like a bit of BDSM in their m/m reads.

Serena says

My Rating System:

* couldn't finish, ** wouldn't recommend, *** would recommend, **** would read again, ***** have read again.

I enjoyed the characters, and their world and hope I get the chance to read the story again and/or to read more within the series.

Camille Adams says

The dominant, the submissive, the dominant, the submissive, the dominant, the submissive, the dominant, the submissive, the dominant, the submissive...

You get the idea.

Could this (Chandler Bing) *be* anymore transparent...and bloody poorly written?

Elisa Rolle says

Kim Dare is an expert in telling stories of young boys about to become adults; college boys whose life is changing, but they are still so young that any change will be faced with an open mind and a whole lot of prospects for the future.

Tyler is in love with James, but James is straight, or so he thinks. When a friend of him runs telling that he has seen James in their local gay bar and that he is alone, Tyler rushes there to not having the man snatched away from someone else. But sincerely James is there all alone, right waiting for him to come save him from a life in the closet.

That is probably the nicest side of the novel: Tyler is a submissive, or at least he likes to play the role during sex, and he pinpointed James as a Dominant, but truth be told, James is a novice to all gay things and Tyler has to play training ship with him. And sincerely, I didn't have the feeling that James was really a Dominant, but to me it seemed he didn't want to disappoint Tyler, a guy he was mooning over for months; if Tyler wants a Dominant, then James will do everything to please him.

James and Tyler are really young and cute, and their D/s relationship is fresh and light; nothing really serious, James and Tyler are playing at being Dom and sub, like they would with a new toy, with all the thoughtlessness of their college years, without really thinking to a future (not that I don't see a future for them, on the contrary, I can imagine them 10 years from now remembering how happy they were in college together).

There is neither drama, James's coming out is done with an easiness that is not so common, but that probably it would be the best way to approach things; James is not exactly the "gay" type, he is more the boy next door, the man every girl would like, and by the way also any guy. Maybe the little fact that he was way more of a gentleman with the girls had to ring a bell in someone mind, but one way or the other, when Tyler put his hand on him, James is prime for the taste and eager to learn more on the gay life. And of course Tyler is more than willing to teach; Tyler is also willing to play according James's rules, and to follow his pace: if James wants time to come out, Tyler will give it to him. But once James had a taste of Tyler, there is no way back in the closet.

Kaseka says

Sweet and hot. I adore Kim Dare's writing!

I liked reading a story where the *Dom* was the inexperienced one in the relationship. It was wonderful watching him figure things out with an experienced, if insecure, sub, and to see his confidence grow--both as a Dom and as a gay man. Excellent story!

Ami says

3.5 stars

I think this is one of the cutest stories from Kim Dare G-A-Y series. I think it's cute because Tyler can't seem to be able to control his mouth *g*. He blabbers and it's just cute (the condoms fall to the floor when he is trying to shake James's hand made me giggle like crazy). Also because James, who is "gay since today", is for once, an inexperience/virgin Dom (compared to Tyler's sub). So the dynamic is different than the other stories I've read from Kim Dare. I enjoy this two very much.
