All werewolf packs need a sexual outlet. For south Florida's Red Wolf pack, the sexy, liberated and infertile werewolf Lorena is it.

Not your average Were, Lorena satisfies the males like no other wolf can. But as much as she enjoys her role as pack mistress, she longs for something she's never had. A mate she can call her own...

The Pack Mistress is a serialized novel. Each book in the series is a 30-page continuation of the story. Future installments will be released every other month beginning February 2012.

Tasneem says

For an erotic novella this was well done. I could see how her being Mistress worked for her. This was not just sex, there was a person to be found as well.

Suzan says

This is the second installment of the story and finds Lorena settling in at the gallery while still upholding her duties as pack mistress and still being pursued by R.W the wolf artist! She's genuinely attracted to him but has to fight it cause it's forbidden and she could be excommunicated and left homeless by the Pack if she interacts with a non-pack wolf. She's also dealing with crank/threatening phone calls at night as well.
