McKenzie's Choice Bella Bentley

McKenzie Kane is on her way to attending the medical school of her dreams— Stanford. McKenzie worked hard to get accepted into the prestigious, yet extremely expensive medical school, but when she realizes her funding has fallen through she is forced to rely on the one thing she has avoided relying on her entire life...her looks. Her lucky stars provide a mysterious solution for her—an invitation from The Elusive and Exclusive BC. One night here, and her first year's tuition will be paid in full. But what MacKenzie doesn't realize is she will become the new Alice who falls down an erotic rabbit hole.

From Reader Review McKenzie's Choice for online ebook

RachelvlehcaR says

Another girl that needs money for college. It is a sexual slave auction, good idea but really it didn't pan out and it was way too short for anything good to happen. Very limited, than again, it's a free kindle book.

Sara says

The writing was such a sh*t sandwich I didn't get more than 10 pages in. And you know it's bad, because this was literally the first time I've ever given up on a book within five minutes.

Stephania says

HOT!!!

I really liked it! I will read the next one for sure!! (when someone lends it to me :-))

M says

Broke College student

An intelligent college student was accepted into Medical school then her financing fell through, he best friend/roommate convinces her to compete in a bikini contest with a prize of \$5,000. Then she is invited to an exclusive billionaires club where she is auctioned and sold.

Charlene says

I've got to stop reading these one chapter books. So aggravating.

Temple says

This book was a free read and I used it for a GR challenge. It is an okay book. Girl needs money, girl gets picked up in limo, girl puts out for cash to get through med school. Blah, Blah, Blah

Angel **Book Junkie** says

Novella/Short Story Ratings

Book ♥♥♥ 3 Stars

Author ♥♥♥ 3 stars

Total ♥♥♥ 3 stars

Okay while going through my Kindle freebies I have finally determined after reading this book what I really hate.... 1.) Cliffhangers 2.) I could deal with one if the book was not so short that it seemed like the series could be combined into fewer books with longer pages. So after I finish ranting, I cannot believe the author left a 34 page book with a cliffhanger. This book would have ranked much higher had it actually finished. It does show that hard work and determination will get you anywhere maybe I should go to the club to get someone to pay off my student loans :)

Melgogs says

The premise of the story itself isn't bad, its the fact that it is SUPER short and you have to buy these little installments. I get novellas, I actually like them in between or at the end of actual series. But this little bit here, little bit there, is so not for me. I won't be reading anymore of the billionaire's club.

Serena Smith says

Good

Need to read next book can't wait this one good book I was hooked right away so enjoy this book

Candace says

This is another one of those books that only gives you a little teaser and then wants you to buy each next little section. I enjoyed this first one, but am not quite sure if I'll take the bait. I'm going to put the other ones on my "to read" list and see if I get back to them or not.

Rebecca (everyday reader) says

McKenzie is finishing up at USC with an acceptance to Stanford medical school, but her funding disappears at the last second. Desperate for money she enters a beauty contest and wins, and then she received an anonymous card giving her weird instructions and offering to pay for her schooling if she goes to a mysterious location. She ends up being auctioned off to the highest bidder for a night of adventurous sex. Stupid girl. Ok read.

A??ela W. says

This was a free book that was short and not that interesting to me it took me two hours to read it and it would have took less time if my two year old was sleep. I don't think I will be reading the rest of this story.

Brittany ashby says

I think this should become a legit book! I didn't want it to end!!! very very good! read it on kindle!!!

Ashley Hedden says

I liked this story it showed what determination and want can do. A girl who wants so badly to go to med school, what will she do to make her dream a reality. This is a quick and good read.

Jane says

The Elusive & Exclusive Billionaire's Club: McKenzie's Choice is labeled as book 1, so the reader knows this is the start of a series. The main character is developed to the point where the reader knows and understands her motivation for her actions. The sex experience is nice and hot with no BDSM elements. The ending leaves the reader up in the air and ready to find out what is next? I am tired of series but I can remember needing funds for my college tuition so although I felt it was a 3.5 story, I moved it up to a 4 star review.
