Shadows Rising Bryna Butler

For hundreds of years, these dark woods have held a secret. Every living part of it knows, from the top-most leaf on the tallest oak to the tiniest earthworm needling through the earth below. They see them. They hear them. They feel them. They fear them. They are forced to watch with no way to scream out. No way to stop the shadows.

Senior year has begun. Keira Ryan should be worrying about the two boys that are vying for her heart. She should be worrying about Prom. She should be worrying about graduation. But instead of a dress, she's choosing which dagger to carry. An ancient evil is working to infiltrate our world, and she's the only one who can stop it...the prophesied "Child of Sun & Moon".

In this fourth installment in the series, Keira and her friends race against time to rescue her charge before The Harvest. They must hurry. Their enemies are bringing forth a new force to sway the balance toward evil. The shadows are rising.

Readers are calling the Midnight Guardian series original, cool, and fun. Woven with elements of action, suspense, horror, romance, and comedy, SHADOWS RISING will leave you breathless with its surprises.
