What Exit? says

This older and obscure book is a lost gem. If you can find it and you like the art of storytelling, get it and read it.

John Medicinewolf is scraping by in rural Montana. He hunts, he lives and he tells stories and he just might have the feather to prove it.

The Author wrote no other books that my wife and I can track down.

Jim

Robbin Rose says

I was married to Michael for less than a year - he was 11 years older, and I was his 3rd wife. He went on to number 4 before he dies in 1987. Too soon
