Rafaella

George McNeill

Rafaella George McNeill

They lived in a world of secret guilts.

Rafaella: at seventeen she had a beauty that could possess and destroy. No man was safe from her, not even her father.

Wyman: He would do anything to gain Rafaella's favor. His pursuit of love would lead to disaster.

Frannie: Rafaella's stepmother.

Lawton: He knew the secret of Rafaella's past, a secret his lust would never let him reveal.

Marenda says

Finally

I waited reading through the whole book to finally get the satisfaction of that spoiled bitch getting what she deserved. Poor Lawton.

Rosie says

Very good. Second in a series.

Sherry Bledsoe says

Story of the. south

I started this series and was determined to finish them. The first book should have warned me off from the whole series. The love scenes were very graphic and there seemed to be a lot of interest in incest by this author. He certainly spent a lot of writing time on the subject of incest. I don't think these books represent the Southern History in any way.

Debbi says

The second book of four. This one is about a demented cousin who plots to win the heart of Lawton; head of the "Columns" plantation. Better than the first book but still not up to a three. Maybe the next one....

Teresa Page says

Have you ever?

Is it wrong to hate a character in a book? I know in real life Jesus says we must not hate but oh how ugly my heart was for Rafaella. I have never disdained anybody real or fictional as I did her.

How ironic these people felt that somehow slaves were lower than them but they had morals of the most wretched of demons.

I honestly thought that the first book Plantations could not be topped wow was I wrong. I cannot wait to start book 3 of this series The Hellions even the title scares me to think what more cursed debauchery await the morally corrupt Deavors.

Phyllis Salmon says

Gotta love sequels

Doesn't everyone love sequels? When we read a great book you want a sequel, because sometimes there are things left undone or maybe we just want the story to go on. This was the case with me. I was not disappointed, to say the least. Now that I have finished Rafaella I see there is book 3. yay! Can't wait to continue the saga. Great read...highly recommended.

Nick Stewart says

2.5 stars. Plot-crammed, pot-boiling paperback plantation pornography gave me the vapors.

Connie Wyatt says

Sexually repetitious to the point of boring frequently.

This book is not as good as his first. He continually has some explicit sexual encounter between the characters every chapter or at least every other. If this is what it was like during that time it is no wonder the South lost the war, no one but the slaves did any work.

Heidi Harsch says

Rafaella

Well written plot though at times dragging but always leaving the reader wanting more. Some of the storyline farfetched. I will be reading book three in the series out of sheer curiosity. Well edited, more so than most ebooks.
