Damage

Stella Rhys

Damage Stella Rhys
A whirlwind of luxury, crime and sexual thrill was what Isla Maran found overnight with Abram Lenox. But she left it all behind to let him hunt and kill Jesse Toro. She left him for her shot at normal.

But there's no chance for that now. Now, in the hands of Jesse Toro, Isla has no choice but to be a part of this -- to be caught in the crosshairs of a war that will end in bloodshed only she can stop. Because with Jesse, she discovers shocking lies that will change the whole course of the chase. Lies that will change absolutely everything.

Suddenly, armed with the most fatal truths, Isla finds herself facing twice the danger and lust as she is forced to play both sides, torn between two dangerous men plagued by darkness and damage she can only pray to heal.

DAMAGE is the second and final part to HAVOC

Kelly Wants All The Alphas says

I adored everything about the way this book panned out and while I already loved book one, book two here was KILLER. Haaa choice of words. But seriously, panty-dropping, tear-jerking, laugh-out-loud-at-all-of-Jesse's-lines good. On that note, holy shit, I need more Jesse Toro. Spinoff please??

Lamees says

Wowzers. Love this book. Need more Jessie though.

2.5 *

Nathalie* says

So I find lately that I just start reading books without reading what they are about.. I love s couple of this authors books and though light funny sexy just my type ... nope this was angsty intense, violent.. murder death kill but also sexy cute funny.. I think my heart was really set on guy 2 .. he was different sorry to say but better too he was more chill and not really about that gangster lifestyle and more soulful .. i don't like love triangles someone always gets hurt and left out and it was heartbreaking, I like more upbeat books this made me feel too much and think about the what ifs and the sadness of the guy not picked

Carol says

Now that Isla has hooked up with Jesse how is her relationship with Abram going to play out? Jesse isn't the bad guy he is portrayed to be, although he isn't innocent either.
I had moments that I really was fed up with Isla. She was playing both Abram and Jesse. She professes to love Abram but she kept leading Jesse on. She knew how he felt about her and yet she wouldn't stop him from doing things to her. Abram should have thrown her to the curb, but he accepted the excuse that Jesse tricked her. He may have at first but she kept coming back for more.
The one thing this author did that was such a major turn off was when she was describing Abram and Isla having sex and she would use the word HELMET when describing his cock. Every time she did this I would get a picture of a football helmet on his penis....LOL
There are many more words that could have been used and this one just ruined it for me.

Ayse says

more Jesse!!!! omg pleaseee!! ... I kinda liked where the book was going. even though I was pissed it didn't go the way I wanted it I still loved every single thing about this book!! don't thinking gave 5 stars in a while :) ..

Carol says

DNF @ 36%. I tried. I couldn't.

A little warning about the love triangle that occurs in this book would've saved me so much time from bothering with this story in at all. Not my jam at all and even tho it seems it's more emotional than physical aside from that first time at the end of the first book (according to others reviews)...yeah no. Pass.

Abram had lots of potential but this series was just disappointing. The pacing and timeline of events confused the hell out of me. And Isla...no. Horrible heroine. She was annoying and flaky with her feelings. Isla was also dumb IMHO. How she ended up so easily in Abrams world was astounding. None of it made sense. Isla got herself in a mess, got horny, wanted the guy...had to wait for the guy while getting orgasms for her patience and still somehow she sleeps with Jesse within a fucking second of time regardless of the subterfuge from Jesse. It was soooooo stupid! And there were so many questions and holes in the plot. No.

Sekena Price says

loved it....great conclusion....would love love love to read more about jesse

Cheryl O'Harney (The Book Whisperer) says

Brilliant book was once again hooked from beginning to end read it in one sitting, plenty of action hot sex, hot cocky alpha type men what more could a woman want :D.

Jamie says

This was a good continuation. I enjoyed the characters in this story, and while I'm super happy about the ending, I'd love to know more about Jesse.

Janee says

Surprise

This duet surprised me. Rhys was become one my favorite guilty pleasure authors.

I really know what to expect for an ending for this book, but it did leave me totally shock.

Em says

Would have given it zero stars, if it wasn’t for this author. I love her writing, but I absolutely hated this story because of one reason only;

I hate when the heroine is involved with two guys at the same time. Even though she never technically cheats on the hero, she’s still clearly emotionally interested (and invested). And that just ruined the whole story.

I wish I knew that these books involved a love triangle before reading them. It would have saved me from this bummed-out-feeling I’m left with.

Felicia says

This was such a good wrap up to Isla and Abram's story. I did find it to be a little boring in some parts. And I found myself skimming some of the paragraphs because I was just so bored.

Anywho, this book picks right up where the first book left off. And I must say that I absolutely fell in love with Jesse's character. I would 100% read a spin off for him. I just love his cute little cinnamon roll self. He stole the show for me for this book. I ended up loving him much much more than I did Abram. And I am definitely not ashamed to say so. Lol.

And let me just say, that epilogue... So mean Stella Rhys, SO MEAN! Lol. You can't leave a girl hanging like that for pages on end! Lolol.

Loved this story so much. <3

Kelly Fountain says

A completely and totally messed up story but I loved it so much. Playing both sides, getting answers and the fear and danger were fantastic. Not to mention the "fan my face" hotness of these men...a great fine h to this two book series.

Bookabulary says

This read was the epic conclusion to the Abram-Isla love story that just got complicated! Because that ending in the first book was a killer. Goddamn. I did not expect the spin. Or the spins, because there were lots of 'em. But as with the first book, I loved how well-paced this book was. In your face and no dragging on with the story. I really enjoyed the epilogue because it really detailed things that I wanted to have closure on.

PS--And I also did not expect Jesse Toro. Whaaat?! I am not ready for this villain-slash-hero. I could not even bring myself to hate him. I have not researched it yet but feel free to let me if this delicious piece of a man has his own book.
