The Trouble with Andrew Heather Graham

There Were Two Hurricane Andrews... As Hurricane Andrew raged through Miami, single mother Katie Wells' solidly built house was destroyed. Cold and scared, she'd been too grateful for the handsome stranger who'd rescued her and her son to wonder why Andrew Cunningham's home had suspiciously survived... Now Katie felt the fury of the hurricane raging through her -- because the man who'd saved her was none other than the architect who'd built her house. The destruction of homes he had built brought back bitter, painful memories for Andrew Cunningham -- and told him that someone was sabotaging his company. But when the storm died down, Andrew Cunningham was going to wreak some havoc of his own...

Jill says

I enjoyed the story line. Heather Graham has a way of writing a story and keeping your interest. Hard to put this book down.

Chelsea says

I give it a 2 1/2 stars.

Saly says

Strictly okay book. Hero rescues widowed heroine and her son during a hurricane. They are attracted to each other, give into feelings, a little conflict and HEA.

Alice says

The Trouble with Katie

Andrew is the name of the Hurricane that rips the roof off Katie's house. And Andrew is the name of her neighbor who saves her life, offers his house to stay in, and is definitely going to be the hero of this story. Now I not into subservient heroines nor do I like weak willed females. But Katie is headstrong and obstinate in self destructive and rather stupid ways. After the storm eases she wants to go into her wrecked home and he tells her to wait for him later as it is dangerous. So she waits till he is occupied and goes by herself after all its her house, and nearly gets killed again. She also has a temper. Now we are not talking about a random guy giving orders, he's a contractor and knows buildings. But this seems to be typical of Katie. Yet I truly enjoyed this very different plot and the people involved. A good read, but if this wasn't a romance with the required HEA ending, Katie probably wouldn't make it to the end alive.

Rebecca Delio says

Excellent Story

As I am sure I have mentioned before, I have read several books by Heather Graham, and I loved each and every one of them, I read The Trouble With Andrew before and I decided to read it again as I enjoyed it so much the first time....
