Dark Duke Sabrina York

Dark Duke, by Sabrina York

Book 2 in the Noble Passions Steamy Regency Series

Edward Wyeth, the Dark Duke of Moncrieff's life has been turned on its end. His well-ordered home has been invaded. By destitute relatives. From Scotland. How on earth can he write Lord Hedon's salacious novels with hellions battling in the garden and starting fires in the library? But with the onslaught has come a delicious diversion. His cousin's companion, the surprisingly intriguing Kaitlin MacAllister. He is determined to seduce her. Using her desperate need for funds and her talents as an artist, he convinces her to draw naughty pictures for his naughtier books...and he draws her into his decadent web.

But Kaitlin has a secret. She's fled Scotland--and a very determined betrothed. When Edward's cousin is kidnapped and held in her stead, Kaitlin is honor-bound to return to her homeland and rescue her--much to Edward's chagrin.

Because suddenly he can't bear the thought of Kaitlin marrying another man. He can't bear the thought of losing her at all.

Sidsel Pedersen says

Steamy and so much fun

That was really enjoyed. The book is funny, steamy and quite readable. The story is very far from historical correct, but it's better for it.

Bambi Unbridled says

I would love it if these books were full-length novels. I am enjoying all of the characters... dark nobility and saucy heroines are my favorite historical character types. So I would love it if these stories had more character development and back story. It's hard to jam those aspects and building sexual tension into a novella-length story, you kinda got to it fast and dirty like... and that is just what Sabrina York does here.

We met Edward Wyeth, the Duke of Moncrieff in Dark Fancy where he helped the Earl of Darlington with his recalcitrant fiancée. Edward (a/k/a the Dark Duke) has a debauched history full of orgies and wicked deeds, but now he finds himself jealous of James (Darlington) and his wife, Helena. Edward's life has also been turned topsy turvy when he agreed to take in his six orphaned cousins, including his cousin Violet's companion. As an author of naughty novels under the pen name Lord Hedon, Edward finds himself lacking inspiration.

Kaitlin McCallum, daughter of an earl, fled Scotland to avoid an unwanted marriage. Rather than suffer at the hands of the McCloud, she goes in hiding as Violet's companion. Residing in the Dark Duke's abode creates all new temptations for Kaitlin, and she doesn't resist too hard (or at all). Once her curiosity is peaked by Lord Hedon's books, Kaitlin becomes a wanton at the mercy of the duke's dark desires.

So this story was pretty much sex over substance as well... but it was enjoyable and entertaining. If you like a little Fifty Shades with your historical reading, you will enjoy this series. It offers up deliciously naughty heroes and curious heroines willing to be tutored in the ways of pleasure. They are quick and light reads, perfect for when you have a little time to kill... or maybe before bed if you need to get your motor running. ;P

3.5 stars / 4 flames. Full review posted at Bambi Unbridled.

Rebecca says

This was a pretty good second book in the series. I am still looking forward to the other books in the series but I feel as though it's going to go down a different route to what I originally thought.

The main characters are Edward and Kaitlin. Edward is the notorious womaniser we met briefly towards the end of the previous book in the series. Kaitlin is his cousin's friend who is living with him. They meet in the library late one evening and try to fight their undeniable attraction for each other but Kaitlin is due to be married to another and that complicates things.

There are some secondary characters but I think they will get their own books.

The storyline is vastly different to the first book in the series but it is just as enjoyable. The pacing is also good. I look forward to reading the next book in the series.

Hotness Rating 4 out of 5

Dark Duke is the 3rd book of the Noble Passions series. I have not read the first 2 books in this series, so I was a little afraid it would affect my experience with this book. Boy, was I wrong. On top of that, I'm not typically a fan of historical books. Sabrina has now made me a lover of her historicals, at the very least. This book was amazing! I couldn't get enough of it and was so disappointed when I got to the last page.

Edward Wyeth is known as the dark Duke. His exploits are famous throughout the ton. Why shouldn't he enjoy his life? He's rich, titled and single - no one is getting hurt. Strangely, it's all starting to lose its sparkle and appeal. A different conquest every night is not nearly as fun and his writing is suffering terribly. It seems everything is changing. Somehow his cousins have taken over his life and home. The older cousins aren't a problem, but the younger ones are hellions. He can't step out of his chambers without tripping over something or finding his stuff destroyed. It's all about more than he can take, but then everything changes. He begins to notice his cousin's companion. She's definitely not the severe, drab woman that he originally thought her to be. Now, all is looking up. He feels passion again, he can't write fast enough, and he is even finding joy in the hellions that have taken over his life.

Kaitlyn is in hiding. What better way to hide than pose as her best friend's companion? When she finds herself alone in the library with Edward she has no idea how much her life is going to change. He makes her feel things that she definitely should not be feeling. She let herself get caught up before in these feelings and it ruined her life. She's a fallen woman, after all and now on the run as a result of it. But, the feelings the Dark Duke makes her feel are nothing that she has ever felt before and under his direction she's about to feel so much more.

I am such a fan of Sabrina York's writing. Not only does she write intelligently, but there is humor and witty conversation. I swear one second I'm fanning myself and checking my Kindle for scorch marks and the next I'm laughing out loud. I can not wait to read Violet's story. I have a feeling it's going to be quite the read.

Deserie williams says

self note: Hero had feelings for heroine in previous book! also he participated in orgies. yuck! no thanks!

NhaughtyV says Damn the Zon Save the Reviews says

"Lord love a duck. It was fantastic." I'm head over heels in luv with this series! Just when I think it couldn't get any better, I go and read Edward's story! Historical settings, funny dialogue, and smokin' hawt sex! Oh yeah!!! If you've not read any of Sabrina York's books, stop what you are doing and go one click this one! You will be hooked and immediately run and get the rest in the series!!

Christy Lynn says

The Dark Duke find light in a lover.

Lorraine Brattin says

Another great story by Sabrina York.

Oh my gosh was this a great story. I knew from book 1 Dark Fancy, that this was going to be a great story. It introduced Edward, the Dark Duke to the series and it did not disappoint me.

Edward is quite familiar with the ladies and has a dark side to himself that is brought up in the story. Due to the death of their parents he is made guardian for 6 children even though some are in their teens. As the children are living in the home, he likes to disappear to a brothel to escape. So one evening when he comes home he meets Kaitlin, the companion to Violet the eldest female of his wards.

Kaitlin takes Edward and turns his world on its end. She is beautiful, and sassy and a crazy knack for drawing. When the relationship gets steamy, Kaitlin learns of Edwards side job which is writing adult books and he asks her to draw for him.

What a great story that continues. What secret part of her past does Kaitlin hold from Edward? Can Edward fix this or will Kaitlin marry who she is betrothed to? Oh it's such a great story. Must share this one.

Lily says

This second book in Sabrina York's Noble Passions series focused on the Duke of Moncrieff who we met in book one. I had big expectations for this interesting character. While I found his story entertaining, I don't think he was quite as dark and complex as I had hoped. Still the story was steamy, erotic and engaging. On to book 3.

Pansy says

She has done it again! HRH Sabrina York has penned a HOT and wonderfully entertaining story. Meet Edward Wyeth, Duke of Moncieff, a delightful degenerate who has earned the nick name Dark Duke. The only person who may take more delight in debauching decent damsels would be his non de plume, hedonistic

Lord Hedon. I absolutely loved having an erotic author write a story featuring an author of erotica! But as we all know, erotica, written with men in mind as the primary readers, needs to have pictures. Being a historical piece, an illustrator is needed. Lord Hedon finds an illustrator in Kaitlin MacAllister. Not only is she a talented artist, she doesn't mind a little-um-research. OMG! This was some hot research!

As things heat up between this wonderfully hot and adventurous couple, the story takes some surprising twists and turns with the extended family, leading to a rush to Scotland on a rescue mission. This was an amazingly entertaining romp that kept me reading straight through until the end and left me wanting more. Although this was a complete story with the featured couple finding their HEA, I was left with wanting more about other characters. I will be looking for the next story in this series with great anticipation. Very nicely done Ms York!

Gaele says

If you haven't dipped your toes into the joy of Sabrina York's regency-era erotic romances, and you want a little more than just a blushing virginal bride, this is the series that you will need to dive into. And, BONUS points, while there are some characters that appear and are mentioned in each of the three books, you do not have to read them in any particular order. You just will want to read them.

Edward is the Dark Duke, a bored lord with a penchant for BDSM and a side-hobby of penning his fancies under the pseudonym Lord Hedon. His life at the moment is anything but boring: he has been asked to provide a season for a cousin, and she has arrived with his aunt, a companion and her brothers in tow.

Kaitlin has run from Scotland with her best friend Violet, and is posing as her companion as she seeks opportunities to earn money and pay off her brother's debts. What Edward doesn't realize is that Kaitlin is no innocent, and that passions burn deep inside her heart.

I adored Kaitlin: her mix of brains, courage and a devilish sense of humor combine to make a heroine who is engrossed in facing new experiences head on, and taking responsibility for her choices. Edward, despite his reputation for being a debaucher and rake has a sense of honor and family that even he didn't realize was there until he was roped into obliging Violet with a season. While we see both characters develop and their attraction grow as their escapades are more frequent, Edward's growth was a surprise to him but not to the reader. In fact, Edward is often the last to realize many things: believing that he lost the one woman he could love to his friend James, and not realizing why he couldn't stop thinking about Kaitlin, and even not realizing that a disguise would never fool Kaitlin: introspection is not Edward's forte.

So many elements are in play for this story: the clever interruptions from family members, Kaitlin's sacrifice of herself for her friend, and her decision to have some fun with the dreaded chore by making those around her dance to her tune, even the burgeoning relationship between Edward and Kaitlin not to mention Edward's own realizations about the emptiness of his life all fall into place like pieces of a puzzle, each fitting neatly. The steamy scenes are that and then some, and pack a double whammy – Kaitlin's awakening to the pleasures to be found with a man, and with her own self are erotic and detailed with squirm inducing moments for even the more jaded reader.

So what are you waiting for? Go grab this book and start your new addiction.

I received an eBook copy from the publisher for purpose of honest review for the Jeep Diva. I was not compensated for this review: all conclusions are my own responsibility.

Cordelia Linder says

It's getting HOT in here.

My kind of historical romance, hot & steamy with sex that comes off the pages. WOW. This is my second book by Ms. York and thus far they both have been great, but this one is by far the best. Keep them coming, and yes, pun is intended.

E. says

4.5 stars

“Dark Duke” by Sabrina York is a delicious erotic historical romance that spotlights Edward Wyeth, the Duke of Moncrieff, as his world is turned upside-down by his visitors, particularly the companion who accompanies his cousin Violet, Kaitlin MacAllister. Edward’s secret vocation requires a very open-minded person to accept and it never occurs to him that the mousy Scot, Kaitlin, has her own secrets that will make her a perfect foil for him, if only he can get past her formidable barriers. He undertakes to educate her in sensual matters, but never expects that the pupil will surpass his expectations, with a surprising aid that he doesn’t expect.

The wonderful combination of heat and humor in this story reminds me of why I enjoy this author’s works so much. There are intriguing twists on some of the conventions of historical romances combined with a intense sensuality that is offset by the mischievous antics of the hellraisers who have invaded the Duke’s life. I love that he grows throughout the story and embraces the people who have turned his life upside down, despite a series of unexpected developments. Things got a little murky for me toward the end as the madcap action intensified but I suspect that illumination will be provided in a subsequent story and I can’t wait to read more in this series.

I received a copy of this title in return for an honest review.

Rhonda Jones says

Sexy, Wicked, Fun

I am not normally a fan of BDSM but wow, just WOW! Great book. But you want to know what I liked best about this book? While the dark duke likes his sex with a bit of kink, you could tell he was a good guy by the things he did not do. He has a house full of young cousins making mayhem in his prior bachelor pad. And while he grouses and hides, he does nothing to hurt those boys in any way. He does not shout, he does not spank the boys, he lets them have their fun. I liked the dark duke right from the git go.

Courtney says

I found the first book in this series, Dark Fancy, on Negalley and received a free copy in exchange for an honest review. Having honestly loved it, I immediately bought the rest of the series.

This book is the second installment and revolves around the Dark Duke, the Duke of Moncrieff, whom we briefly meet at the end of Dark Fancy, and his cousin Violet's friend, Kaitlin.

Right there, that should tell you that this book spends a LOT of time on plot, character development, and on setting up the rest of the books in the series. Keep in mind, it is only about 160 pages long, so, that is a lot of development in a very short book. Though, much like in Dark Fancy, the relationship does not feel rushed or forced.

But, If you're reading this series because of the characters, want to see how the family interacts and engages each other, or to find out what the six Wyeth boys get into...by all means keep reading the series. If you're reading this for the schmexy times and don't give a fig about the character development, you should skip straight from Dark Fancy straight to Folly. Because, Lordy, you're gonna get a lot of character development, plot twists, and a mildly shaky timeline if you read the series straight through.

That isn't to say this particular book doesn't have its erotic moments. The scenes of the characters reading the books while you, the reader, reads the book, is very meta and will test how well the reader resists the power of suggestion. They were very well done.

Overall, I found this book to be a fun and flirty romp, but with far more plot and character development than I was expecting based on the first book in the series.
