Ali says

i learned from this book what mass?what transfer? i understood phase and exctrat and hundered words.....

Fatemeh says

aiiii!!!

Prabhakar Kotha says

Easy to understand on good practice.Found it better than other chemical engineering text books in terms of difficulty level.

Pragnesh says

good

An says

good

Farhad says

It is suitable reference in transport engineering but we can hardly neglect Treybal mistakes too! So also it is maybe unique mass transfer reference I tend to think that you need an aware teacher to adjust you on Treybal way!!
