Once Upon A Snow Day

Kait Nolan

Once Upon A Snow Day Kait Nolan

Isabelle Lawson loves her job. Driven, dedicated, there's no room in her high-pressure life to look for love outside the pages of the books she edits. Can a fun-loving, handsome stranger change her mind?

A novelette of approximately 10k words.

"Meet cute" is a term used to describe a situation in which a future romantic couple meets for the first time. Meet Cute Romance is a series of romantic shorts celebrating the possibilities of that first meeting.

Mrs MJH Compton-Edwards says

Sorry Kait Just do NOT like Novellas, Like a whole story NOT part of one, and could not find the books they referred to either, so not sure I even had the titles correct after finishing them, so left high and dry which is why I just hate Novellas, also had already read some of the stories anyway.

Tammy says

What a cute little story.

I like the cover picture, so I picked this book; I was not disappointed.

Isabelle was a workaholic, she was forced to take a snow day with a friend, she is lucky and meets Brandon - who has given us his busy work life in exchange for enjoying himself everyday. Sparks fly, they spend the day together, and then agree to a dinner date - wonder what happens next...

Michelle Graves says

I am currently stuck in a house full of people with the flu, avoiding them all like the plague they carry. I came across this little gem in a book club I belong to and I am so glad I did! It was short, sweet, and exactly what I needed to distract me from the infirmary that has become my home!

The characters were all simply loveable and charming! I am full of warm-fuzzies after finishing this one. So, if you are looking for something sweet, look no further. This one is a definite win and I can't wait to read more by this talented author.

Katie W says

This is a short little story about the first meeting between Isabelle and Brandon. Isabelle loves her work as an editor and is pretty much married to it. When her friend convinces her to come along on a first date at a ski resort, to make sure the guy isn't a serial killer, she does--with plans of a quick getaway. After forgetting to grab her friend's keys, she finds herself stuck for the day. Brandon is all fun and games and a cute meeting between them put a smile on my face.

I enjoyed their day, right along with them. This is perfect for a quick pick-me-up.

Content: moderate amount of swearing; clean romance.

Emma Meade says

Well-written and easy to read. I flew through this "meet cute romance". A ride through the snow, a snow fight and hot chocolate - what a perfect first date and totally random meeting. Isabelle and Brandon were in

the right place at the right time. Once Upon A Snow Day was a fun and lighthearted story. My recommendation: Enjoy on a cold day over a cup of chocolate.

Sandy says

Good story

The story was good I would even say 5 stars good but the editing was terrible. Sentences were repeated, there were whole sentences left out and at times you lost what was going on. If the author had a better editor I would read more of her books.

Marsha Spohn says

Reviewed at Romance Is Ageless

Meet Isabella and Brandon. One a devoted to her work schedule, borderline workaholic. One a former now reformed workaholic who knows the value of taking time to ... just be. Two people, one impromptu snow day with their friends and possibilities.

The Meet Cute series are short stories about a couple's first meeting, usually with someone within the story who is doing the online dating scene – not necessarily our couple though. They are fast, they are definitely adorable, they are perfect for those moments when you want to escape but don't have a lot of time.

Isabelle and Brandon were a couple that I would have loved to know more about. Yes, of course, this is a story about their first meeting but the characters were so well defined that I truly did want more. Yet I'm content that they'll work their way to a happy ever after without my looking over their shoulders.

I had fun with this story, and I'd recommend it for any Romance reader.

I own an e-book copy of this story.

Rhonda says

short but cute

Stephenie Oxley says

Wish this was longer! I was just getting into the story and then it was done. It was very sweet.

Amanda says

What a great story! Quick read. Start to finish, 1 hour! Short but didn't lack. Full of laughs. Full review to come.

Lauralynn Elliott says

Sometimes you just want to read something sweet and romantic. And this story fits the bill! I love the "meet cute" idea, where you get to see the first meeting of the two main characters, and you know their story will be a happy one. Kait Nolan brings her characters to life in every story, in every genre she writes. This one certainly did not disappoint!

Racheal says

What a fun story to read!! It was the prefect length for a short "get away" while doing laundry, making supper or whatever. I loved the characters and how they had a fun filled chemistry together. I am happy that a friend sent it to me and told me that I just had to read it.

I know this was a very short story but it would have been neat to see an epilogue of them in the future.

Jennifer Ware says

Really sweet story

Can't wait to read the rest! Believable in depth characters in a fun storyline of an unexpected romance on the slopes

Pamela(AllHoney) says

Just a cute and sweet little novella about the meeting of a guy and a gal. Fun and short. Great for when you are looking for a nice little quickie! lol

RedRedtheycallmeRed says

As with most short stories (and this one took me about 20 minutes to read), there isn't enough character development to get fully invested in the story.

Isabelle meets Brandon at a ski resort and they spend the day together. It's sweet and cute, but nothing terribly exciting.
