Brennan says

This series will never stop being so fucking brilliant!

Mitticus says

Love Robot+Petri. But i see some deep s** happening if those brilliant idea of his is on.

Hazel deserves a new personality and lot of spanking. This character is so annoyig that i don't get why all the trouble the parents are living for her, just let her die.

Those seekers of revenge -imaginary or not- uf. Still a bit puzzle for the survival of The Will.

Amina says

Awesome! I loved every part of it! Feels like there's a new adventure lurking!

Elle says

God I love this series so much.

Brandon St Mark says

Lots of naked Will, and sex, and also children fighting (both physically and verbally). Lots of Saga-y goodness and I'm glad this title is back!

Just finished reading this issue!!!! It wasn't as amazing as I expected it, probably because I had high hopes for the new arc. However, I'm still extremely excited to read issue 50 to see how everything goes. I love Ghüs so much.

Samhain says

Güs with his onesie open at the bottom is the most ridiculous yet adorable thing ever. Forget the drama, I'm down for a Güs spin-off where nothing ever happens and he's just the happiest little guy in the universe! Although, it would be *nice* to know how they all came back from that abortion planet, and why they decided it was time to get Squire back, and where did Marko get that cool armor, and so on. But Sir Robot's betrayal (btw fuck you dude, Alana's supposed to be your bff now wth?!) and the terrible consequences it will inevitably bring? It can all go to hell, let me have Güs' adventures instead!

Jess says

and we're back to heartbreak and devastation and the gruelling wait of a month between each issue

Francis Pellow says

The return of Saga with a new six issue run. This issue kicked things off again with a seed of the most dramatic plot development. Will it grow or lead to more drama and difficulties for our misfit family? Can't wait for issue #50.

Adam says

Oh damn. The Saga gang is all together in this brand new arc; and it's looking to get a little dicey.

Aron says

Great stuff!

Maria says

"Anyone can kill you, but it takes someone you know to really HURT you. It takes someone you love to break your heart."

Honestamente amiguitos, no importa si estoy leyendo un Volumen de 130 paginas o un Issue de 43 páginas, cuando se trata de Saga, nada es suficiente. Siempre quedo con ganas de más.

Tendré que aprender a fortalecer mi paciencia, ya que voy a tener que esperar un mes para la salida de cada Issue.

SPOILER ALERT

La historia se complica, tenemos a dos parejas interraciales, dos niños mal portados, una pareja de reporteros, una mascota y a Ghus. Todos en fuga, de camino a ninguna parte a bordo de una Nave espacial en forma de árbol.

La historia de **Bill** , no le veo sentido, pero se que termina siendo muy importante para la trama principal.

El drama entre la convivencia dentro de la nave me pareció muy entretenido y creo que están poniendo sobre la mesa varias posibles traiciones.

El **Príncipe IV**, ustedes saben que lo adoro, pero se pasa de caliente, si ya lo dije y no me arrepiento. Una de las razones por las que me gusta tanto, es por lo extremadamente sexy que es, la imagen detallada de su pene aun la tengo guardada en mi memoria. Pero pareciera que basa toda su vida, y decisiones siguiendo lo que el pene le dice. No me quejo ya que me encanta verlo tan “fluido”, pero declarándole su amor a Petri me pareció precipitado y fake, según estaba super enamorado de Alana y ahora resulta que ya se enamoró de Petri.

Hazel sigue de mal portada, no aprende, en el pasado la vimos tratar mal a Izabel y en este le dice algo super cruel a Squire. Alguien necesita educarla y no dejarla al cuidado de quien sea.

Claudia says

Good start for a new arc but I think I'm losing interest in it...
