Elizabeth (Miss Eliza) says

Another war is looming and perhaps Maika shouldn't have tried to reactivate that shield... thankfully I have the next issue on hand after that cliffhanger.

Carrie says

I never know what's going on, but I know I love it.

Lea Taranto says

The art in this series as well as it's fast pace with good balance of action and intrigue mean I am addicted till the end

Mitticus says

[Is like Supernatural on cracks. The mention of "seals" and "release" ... oh boy. The Shaman Empress maybe was trying to avoid some sort of inv

Scott Whitney says

In some ways it was a little harder to follow than those episodes which came before. Again, it leaves more questions than it answers.

4.5 stars!

Loved it! So many threads are slowly weaven together, can't wait to see what the story bring next.

(if you're curious about this comic, go read my review of volume 1 where I go into details of world-building etc).

I find it hard to review individual issues, everything is spoilers.

Vincent Stoessel says

Great!

Gwendolyn says

I love this series.

Monsour says

The comic that makes you stare at a page for 4 minutes is BACK with promising start for the new arc.

Also I always wondering, why is it the population of men in there world is almost had a 1/20 percentage. Did most of the male human and cumae died on the last war or something...

Jenn Marshall says

Wow. I just recently started reading Monstress and it is one of my favorites. The story is dark and the artwork compliments it so well. It is beautiful and well worth reading, just not one I would recommend for younger readers. It does get intense.

Alex Panagiotopoulos says

Can't wait to see how the sub-plot with the shield generator will unfold. Another great issue, both in script and art. Congrats.

Shannon says

I am IN LOVE with this series. I love how empowered women are. I love the way in which an "evil" entity can make you empathize with it. I love the Nekomancer and I love the little fluffy white ball of fur in doggie form introduced in this issue. I love that each issue always surprises me and that this team of two talented women behind the story and the art never fail to amaze me.
