The Wrong Blaze

Meagan Brandy

The Wrong Blaze Meagan Brandy

As head of Blackline Academy, I spent my days training with the elite, getting them ready for the one thing each hopes to gain in the end, the chance to call themselves a Blaze.

I had it all figured out, knew exactly who and what I wanted in life, then *he* came back, determined more than ever to prove me wrong.

He's forced his way into my world, demanded my attention no matter the cost.

He pushed until I fell.
And then he knocked me down.

But nothing is ever as it seems.

Hate is where it started.
Love is where it was headed.
Lies are what destroyed everything.

Now I'm left to wonder...did I fall for the *wrong* Blaze?

The Wrong Blaze is a full-length novel. The first part was originally published in the Burn Me Anthology and left you on a cliffhanger. THIS is the full story!

Jessica *The Lovely Books* says

“I know what I see in her baby blues, and buried deep beneath her feelings for someone who doesn’t deserve her and will never want her like I do... is me. Her antihero.”

Y’all...OMGGGGG. That was a rollercoaster of emotions if I ever saw one. Wow!

Holyyyyy...that was GOOD! The angst. I’m surprised my body came out alive after all that angst and the twists and the turns. Sure, there was a lot that didn’t surprise me in the least. But there was also a lot that had my jaw dropping. Make sure you have a fire extinguisher near by because damn.

Alec and Oakley have known each other their entire lives. That thin line of love and hate really is very thin. But the thing is, is that our boy Alec has only ever seen Oakley. While she has only ever seen Rowan...her best friend.

Things aren’t always what they seem though. And as I mentioned earlier, there’s stuff you’ll probably guess but then again there’ll be things that may surprise you. Alec is one sexy man. He’s a total alpha that will piss you off. I’ve seen reviews that have said they wanted to throw their kindle, and I think I have to agree.

I wanted to throw my kindle so bad.

I didn’t obviously. I had to know what happened even if my heart was shattering. Even though the characters made me want to shake them. I wanted to scream at times. I shed a tear or two... I have to tell you though—I loved ever damned minute of it!

Oakley. My girl. She’s badass in every way that counts. You want a strong heroine? This is her. You want a woman that doesn’t take shit from any man, including one she may be falling for? You got her. How about one that’s brave, kind, and completely amazing? I can keep on convincing you but I won’t. Get this book! And prepare...

“When you have a man, when he’s yours”—he inches forward, placing his hands on each side of me, locking me in place—“you’ll feel it everywhere. You’ll heat up at the thought of him, melt from his words, and you’ll fucking burn when he touches you. When he’s yours, he’ll fuck you ‘til you’re spent, and still ... you’ll beg for more. Crave more. Always more.”

*Thank you to the author for providing a copy for an honest and unbiased review. All thoughts and opinions are my own.

So main character sleeps with h and then surprise! He has a wife. Okay but then while he locks h in her room he goes to the next room and f#\$k his wife while h has to listen. Okay. Icky but I power through except h runs away, he drags her back and does it again. Screws the wife in front of the h. Nope that's where I dnt and walk away. I can get behind everything but that.

HOLY FREAKING MOLY this story was beyond amazing and I couldn't put it down for even a second! Meagan Brandy is an extraordinarily talented author that captivates me whole body, heart and soul every single time I pick up one of her books and this one was definitely no exception. This one took me on a wild ride full of unexpected twists and turns that kept me guessing right up until the very end!

This story had me all twisted up in knots from the completely original storyline to the undeniably angsty romance between Oakley and Alec. I was definitely rooting these two on all the way from the beginning and I absolutely adored seeing their chemistry light up my kindle. There were so many time throughout that I wanted to reach right into the pages and start slapping these two silly until they both realized how unbelievably perfect they were for each other.

The Wrong Blaze was such an extraordinarily thrilling tale that kept me on the edge of my seat and I can't help but recommend this story to all readers! Seriously go one-click this one RIGHT NOW!

Snow says

Going in...inspite of the tight schedule, inspite of all the things piling up, inspite of whatever the heck is waiting for me at the next corner of life...LOL

Just dropping everything and going in...dammit!!!

oh well, **this is what i call a shit full of angst, frustrating angst book!**

I won't go into details at all, cause it's a true spoiler, through out the first 50% I was pushing myself to go through it, I was intrigued, true, BUT I was also masochistically determined to finish this through, cause honestly, I couldn't possibly believe that the author would lead us on like that, cruelly and frustratingly

annoying only to be slapped in the face to cement the dreadful feeling.

So yeah, I that's why I continued and finally when it was all resolved and I got my answers and suddenly I was supposed to feel this relief, but NO, there was no relief, I just felt abruptly empty, thinking "oh well, at least it's over" LOL

and finally, or mainly, I had my issues with the heroine for the first part of the book, she annoyed the fuck out of me! And just finally when i accepted her as such and she almost found the sense and her way out of being dense and utterly blind to the situations and emotions around her (no wonder everyone kept the secrets to "protect" her, but I had a feeling it would happen anyway cause she would probably fuck everything up and it would all blow apart),

then the H took over with the biggest fuck up of them all (but I could find the reasoning in the fucked up situation he was involved in, it was just silly and awkward to read about his "possessive alpha demanding shit" regarding the heroine when, in fact, his hands were tied, and so were his actions...just frustratingly awkward and irritatingly angsty...until the very end...gah and after this sentence:

Forgive me when I don't deserve it, love me even though I haven't earned it, trust me when you have no reason to.

I was torn completely....

With this sentence alone, the H pointed out the true essence of the "love is blind" phrase and all I can do now, is just take a deep breath and stay torn...lol

cause, I truly found it hard to forgive the guy, then after all he did and finally, said this, I was reluctant to stay so adamant in being hard on him...so, yeah, call me weak but I've let it go...

fuck it...

one of the most frustratingly pent up on angst books I have ever read...but there were also some little pricks of the trade, the pacing was a little bit off in the beginning and there was no true, believable reason why several relationships don't work, and then they slowly unravel towards the end, but by that time I was already frustrated too much to care! :/

But i have recently discovered this author and I will certainly read her previous works, while I wait for the second installment of ***The Boys of Brayshaw High***

Laura says

This book was unbelievable. I couldn't put it down. Oakley and Alec are so hot together, I thought at times I might combust just from reading!

This story has absolutely everything. Sexual tension, mystery, crime, angst. This is Defo going in my "To read again" pile!

Laura||GandyFangirl? says

[I instantly tune out the moment another person is introduced into the story and either the H/h is having sex with the too. I'm a purist I suppose and want only the H/h to be involved in each other once they show an interest.

I was already pissed at this story when it was an anthology. Not only because it ended on a cliffhanger, but the story introduced a wife to t

Claypot_Reads - Michelle says

You know it's an epic read when you check your PMs & see you sent 32 screenshots, 38 gifs & 40 messages to your book babe while reading. The kind of story that meant my family ate toasted cheese sandwiches for dinner cause I couldn't put it down!!! Seriously LOVE LOVE LOVED it!!

These characters had me flipping through all the emotions from stabby to squirmy to swoony to sad to smiley - it had the lot. I was 100% hooked from the prologue right through to the very last sentence. Perfection!

Any book that can make me feel this much goes straight into my 2018 Favourites for sure!

I received an arc of this book.

Cali Gals says

I know an author is excelling at an #antihero plot when at the beginning of the book I can't decide if I want to kill or get frisky with the male lead. Don't judge me (haha). This story took me ALL OVER the place. It definitely has a storyline that packs a punch and you are not always sure where it is going (yikes). Alec and Oakley are spicy, interesting characters that bring on the steamy even when you aren't even sure they can stand each other (eek). Umm plan for intrigue and several surprises along the way. This story is hard to articulate without giving anything more away so mums the word. Ok all I have left to say is I enjoyed it and it is going on my recommendation list. Happy Reading!

~Dawn~TUG says

Wow. What a ride. I swooned, screamed, cussed out everyone, laughed, and just wanted answers. So so wanted answers!! Meagan Brandy made it impossible to put this down and continue on your regular day without knowing WHAT THE HELL WAS GOING ON!! Felt like a ran a marathon of WTF moments...to end the journey so....you'll have to read it to find out!!

I was enjoying this book right up to the point where the H brings his WIFE into the h's home and has sex with her so the h can hear. And then keeps on doing it. No thanks.

Terri Handschumacher says

Holy
Fuckin'
Hell!!!!

Meagan Brandy is a master of bringing the angst, and bringing me to the brink of wanting to throw my kindle across the room. And I know she is doing this with a devilish smile on her face. I am still in knots from reading this one.

The battle of emotions when it comes to Oakley had me going through her ups and downs right along side her. You didn't know if she was going to be able to keep herself together at times. Then she will do something and you can see just how strong she is. Oakley is a character that will have you wanting to make her open her eyes to what is really in front of her, and wanting her to see that what she has wanted isn't really what she needs.

Alec was the perfect antihero that made me love and hate him. I found myself thinking of ways to kill him and dispose of his body. Then he will say something so panty melting that, then you can't help but want him again. He is the true definition of a Lovable Asshole. And you know there is a secret that he's keeping, and you just hope that what he's hiding isn't something that will make thing go in the a way that there is no coming back from.

With Rowen you know that he is hiding something from Oakley, his best friend. You want to beat the fuck out of him and then want to give him a push in the right direction. Still you want to think he's a good guy. But, is he the one that is right for Oakley, or is he the wrong guy?

Meagan Brandy will take you on a ride that will have your emotions going so up and down that you will be left with such a hangover that you will want to threaten Brandy for making you feel this way. But, know that the ups and downs that she takes you through is so fucking worth it in the end.

Serena says

I GOT SO PISSED OFF reading this book. Not sure I've sworn that much in a long time. ? BUT!!! My rage kept me turning the pages!! I was on the edge of my seat, and maybe even on the edge of losing my freaking mind. The Wrong Blaze is a must read if you love angsty, enemies-to-lovers romances that will punch you in the guts and the g-spot! REPEATEDLY.

THE WRONG BLAZE is the PERFECT blend of angst, sexiness and suspense!

Cindy Mcgriff says

OMG! This book took me on a roller coaster ride. I threw my kindle across the room in every chapter. The author tortured me and wrung me through the wringer. And I loved every second of it! The twists and turns in this book will kill you!

I loved the characters in this book. I loved that I had no idea what was coming and my head is still spinning.

Read this book People. You won't regret it.

Meagan Brandy is one of my new favorite authors!
