Karencilla says

My favorite painter.

Diana says

In fiecare dimineata cand ma trezeam, simteam o bucurie constienta: bucuria de a fi Salvador Dali si, plin de nerabdare, ma intrebam ce lucru minunat va mai infaptui astazi acest Salvador Dali. //

Not only were the illustrations and painting stunning but Dali is a fascinating artist to read about. He has been my favorite since I was a Freshman in high school (1997). You can easily distinguish his work from any other artist and his art leaves a lasting memory that will never be forgotten

Donald Armfield says

Dali a Surrealist of erotic, and bizarre, dark and sometimes gruesome. A man a little on the conceited side, but if I painted this art I would hold my chin a little higher too. Some paintings I recognized from when I was a kid like The Persistence of Memory. If you get a chance do some page flipping in one of Dali's collections.

Quotes from Dali

"For me, the erotic must always be ugly, the aesthetic always divine and death always beautiful"

A very complete timeline. Much of his work is shown. A significant portion of the text are either Dalís own quotes, or quotes from others who spoke of him and/or his work. At the very least this book has inspired me to read other books written by Dalí.

Cara says

I really love Dali's work. I've read a bit on his life and he's an interesting person as well. I'm not one to remember past artist's names and be able to distinguish what's Monet and what's Picasso etc, but Dali is one I can usually spot and I always like.

Olivia says

loved it! amazing full page prints, information on his life, work and philosophies.

Amy says

Great book I love his work.

Gabriela Salinas says

Uno de mis favoritos cuando niña y la mejor parte de este libro es que lo conforman historias de pequeños lectores creando su propia noción de el físico, la crianza, y el talento de este gran pintor

Oksana Argakova says

Good selection of paintings in this book!

Alex says

Found two typos. Ever so slightly biased view of Dali's personal and professional life. Overall enjoyable and informative read.
