Barbie: A Fashion Fairytale

Mary Man-Kong

Barbie: A Fashion Fairytale Mary Man-Kong

When Barbie discovers that her aunt Millie's fashion company is struggling, she enlists the help of several fashionable fairies to turn the business around. This Step 2 reader is based on Barbie's latest direct-to-DVD release, *Barbie™: A Fashion Fairytale*.

Matthew Schauer says

The book was good
I like the Barbie was in a plane
I did not like the Jacqueline part
The pictures were good

Maya says

I rated it

Natalie says

Sam got this for her birthday. To be fair, she likes the story. But the fairies in the book are called Flairies (we're assuming that's fairies with flair) and one of them is named Shyne. For an intro reader to have that much garbage in it it sort of makes me angry.

Plot - fine, whatever.
Words - good God.

Sarah Souther says

Barbie goes to visit her either ageless or completely Botoxed aunt in Paris and fashion ensues. There's lots of pink, which is not unexpected. There are also "flairies" who make the dresses sparkle. There are lots of terrible children's books, so I don't know why this one got me so riled up I bothered to review it. I assume many little girls will just love 1) Barbie, 2) pink, 3) sparkle-inducing flairies. If it gets them reading, it's acceptable. Barely.

Danielle says

This is my babygirls favorite.

Holly Letson says

If you put your mind to it, you can achieve your dreams....especially with a little magic on your side.

Taylor says

I recently read this book to a kindergartner and she loved it. She loved all the glitter on the dresses and the fairies that helped make the outfits. This is a great book for children because it uses a lot of imagination in the story and shows them how team work can make dreams happen.

Rommel Sison says

6-year-old daughter: 5 stars

4-year-old daughter: 5 stars

Angela Anderson says

I love this book it was amazing

Sharlynne says

Barbie goes to see her Aunt Milicent. She discovers some flaries. They help her make lots of pretty dresses. They did a fashion show. They go home riding in carriages.

My favorite part is when they do the fashion show. You might like this book if you like things that are magical.

Annika Hines says

This is a medium star book to me because I don't really know they added a magic wardrobe and I wish they hadn't had the fairies get kidnapped.

Beth says

Kinda cheesy, but I would expect nothing less from Barbie

Edma says

Are you impressed by fashion and adore clothes? Why don't you have a look at this book for kids, it will

unfold your imagination and you'll love the characters and will live with them and their love for exquisite taste. Don't miss it.

Steven R. McEvoy says

My daughter is now almost 6 and she is becoming fascinated with the Barbie books. She often brings them home from the school library. And recently on our trip to the book store she picked a number of Barbie books to get to read. This was the first one we read. She loved it because it is very close to the movie. But the story is a little weak, trying to do an hour and a half movie in such few pages. The illustrations are also a little weak. The movie has such strong vibrant colours and yet the illustrations are, to a great extent, plain, especially for what is supposed to be dresses glamorized by fairies. Not the best of the Barbie books!
