Ali Schultz says

Some decent information absolutely entombed in self-obsessed, conceited, pretentious, obnoxious, condescending, and often sexist drivel.

Robert says

I read the English version, but this is the only one I could find on here. Mr. Brown asserts himself as one of the foremost exponents of close-up magic, and this enthralling and informative read has a wealth of advice to any serious scholar of magic. A fantastic insight into a fabulous mind that will leave you thinking much deeper about your own performances and style.
