Murdering the Roses

Cindy Bell

Murdering the Roses Cindy Bell

Everything is finally starting to come together for Vicky. She is moving on from the tragic death of her parents four years ago. There is hope of a romantic relationship with handsome Deputy Sheriff Mitchell Slate and she is enjoying running the grand, old inn with her sister and her Aunt Ida.

But then, Vicky finds the murdered body of the inn's gardener. The inn has a wedding booked for the weekend so her wacky Aunt Ida ropes her into investigating the murder. It is a race against the clock to solve the murder so the wedding can go ahead as planned. This puts Vicky and Aunt Ida right in the line of danger.

Will Vicky and Aunt Ida be able to stay safe and solve the murder in time? Will the relationship between Deputy Sheriff Mitchell and Vicky blossom or will the mean, by-the-book Sheriff McDonnell stand in their way?

Melody says

A very short book, it wasn't until I finished the book that I figured out the title as it doesn't really relate much to the story. Two sisters own and run an inn with the help of their aunt. When their gardener I'd found murdered in their garden their high end establishment is in an uproar. The sisters, well one sister and the aunt must solve the murder so business, and a wedding can continue. The characters seem a little shallow but the plot was good with the occasional twist.

Viv Wilday says

A quick read

Amy says

Kindle/Mystery: I really should like amateur skullduggery books. I struggled & skimmed through this one. I couldn't identify with any of the characters because they had no depth.

Valorie Hunter says

Watch out for gardeners you hire. Background check!!!!

10 stars!

Vickie, Sarah and aunt Ida are something else. Especially Vickie and aunt Ida they are like Lucy and Ethel when it comes to their hair brain schemes.

The trouble those two get into make you hold your breath at times.

The police can't control those two, the two sleuths in the thick of t things.

There is deception, robbery, ex-cons hiding things, and murder, car chases.

You will love it.

Lori Henrich says

Vicky and Sarah are running the family inn after the death of their parents. Aunt Ida has been looking out for them and helping whenever possible. Vicky is about ready to fire an employee when she finds him dead in the garden. Vicky only hired him because of an obligation that she felt toward his mom. Bob's death stirs up difficulty when patrons of the inn start leaving because of the police presence.

This series is so similar to the Bekki Beautician series. Especial when you consider both main characters are dating a police officer. I didn't like this as much but I will try another in the series to see what happens.

Pamela Baker says

I enjoyed this overall. The first scene made me wonder if I was going to be able to finish the book though. It didn't work for me, reminding me of a bad movie with characters that were not well developed and poor acting. I found it interesting to watch the writer pull the story and characters somewhat together after that. The mystery was not hard to figure out but I still enjoyed the book for the first in a series and expect I will read another one.

Terri says

I enjoy cozies and this one was a short read. Vicky, her sister Sarah and her aunt Ida run an inn catering to celebrity clientele. Their gardener is murdered.

Setting up a new cozy series can be a challenge in that you need to give the sleuth a believable reason to investigate the crime. That was one of the things I didn't care for much in this book. She automatically assumed the cops (one of which she dated) were incapable of solving the crime for no apparent reason. Then she did one silly thing after another that defied common sense.

Though I did like the characters a bit, they need fleshing out and hopefully will as the series progresses.

Finally, the mystery didn't really have many suspects and some of the twists felt a bit forced to me.

gary c lehn says

Great story...

I enjoyed this story of adventure and suspense. The author has done a wonderful job of choosing her characters for the tale of mystery and romance. Another nice story.

Debbie says

Cute short story. Enjoyable cozy mystery.

Elizabeth Haire says

Murdering the Roses

This story gets its title from a comment by one of the characters. It seems the new gardener isn't as plant savvy as he should be and the lovely Inn's gardens are showing off his mishandling. Then a body is found. The staff, the guests, and vendors are all potential murderers.

And there is a wedding to be held within days.
Will they figure out the mystery so the bride can have her dream day?

RO G'ma says

This book is a fun, easy, clean read, with just the right touch of suspense to keep you interested. It isn't a suspense, thriller murder mystery, but still a page turner to find out what trouble the crazy characters will get into next. There's a small hint of possible romance someday, but no explicit sex, foul language or graphic violence. Read this book if you want to spend a pleasant afternoon reading a clean whodunit. If you're looking for a complicated mystery, this isn't the book for you.

Carol Ward says

What fun ?

Cindy Bell does it again. Beautiful setting, wonderful characters and a fun little mystery. Aunt Ida is a delight ? . I can see her two nieces have their hands full keeping her out of trouble. Can't wait for the next adventure.

Lisa says

I like cozy mysteries. This one was okay. It was predictable and had cheesy characters.

Debbie says

This book was a very cute, quick, witty, and yes kind of predictable but it was great. I read for the enjoyment of the story not to check grammar and sentence structure that's not my job. I read other reviews and don't get how people can do that and still enjoy the book . This is about two sisters who own and run an inn with their Aunt Ida. When one of their quest check in with cash and only his first name red flags go up. While Vicky is walking in the garden looking for one of their employees she finds him murdered in among the roses. The story leads us along with Aunt Ida and Vicky as they look for clues to who the quest with the first name only is and who killed their employee. This is a quick read for a raining day and if you don't want to think about anything except loosing yourself in an easy read.

Frances L. Ehrig says

B and B

This was a simplistic murder mystery. Easy reading! The characters should be able to grow in future books. Books just need more plot.
