Stacey says

Quick and enjoyable read! And the picnic scene...YES.

Jennybug says

I really liked this one. It was a really quick read. I liked how well spun the tale was. It was really fun to read and left you wanting more. I liked the relationship between both of the main characters, and I just love reading about the Olden Days! I mean what girl wouldn't want to make a picnic lunch and then have her beau bid, so that he could eat the lunch with her. Actually making the lunch I could do with out, maybe I will just have my beau take me to lunch at the Spaghetti Factory.

Kathryn says

Read "Desert fire" first to get the background for this story. a clean quick read, romance. the innocence of love is clearly displayed in this story of Brynn, a 17 year old moving from the civilized east to the more rowdy west where her father accepted a teaching position. She is bored out of her mind with the newness of her surroundings until she meets Michael McCall, a handsome, older, horseman in Mrs. Johnson's store. She thinks his shameless flirting is just a ruse, but finds that he really does like her more than a friend. The McCall families introduce and welcome the newcomers, even though some are very jealous of Michael's attention to Brynn like Annabelle. When robbery are getting closer and closer to town, one time their own bank robbed, the sheriff and his deputy suspect Michael, but when Michael shows up at Brynn's shot, the truth is revealed, the law is dirty and Michael was supposed to be the fall guy. When Brynn tries to help Michael by hiding him in a legendary family cave he leads trouble to them. There is a shoot out and Michael is wounded again, but not before he skirts around the answer to what he was talking to Brynn's dad about on the night of the robbery. When the honest law men come to clean out the bad, Michael asks Brynn to marry him and she says yes after he tells her that after meeting her in the store the first time he knew she was the one for him, he just had to test and see if she felt the same and was old enough to agree.

Sigh...

I admit I'm a hopeless romantic.

This was a wonderful short story. My only complaint is that it was too short. 180 small pages easily read in less than 2 hours. Perfect for a lazy afternoon. Read after Marcia's book Desert Fire since it's about the next generation of McCalls.

Sandy says

The best part of the book is when the men are raising the barn and the entire McCall family attires

themselves in typical Marcia fashion. Marcia is never at a loss for ways to find her male characters without their shirts! I missed having a bit of mystery with this Marcia installment (she usually has some secret or a tortured past a character or two is hiding) but still a sweet love story with loads of flirting. (And one of my favorite characters, Jackson McCall, is back!)

Ooooh, favorite part number two is when Brynn spies on Jackson and Malaina still sparking somethin' fierce after all these years. :)

Kathy * Bookworm Nation says

If you enjoyed Desert Fire, you'll want to check out this charming sequel. It takes place twenty or so years later and follows Michael McCall (son of Jackson and Malaiana) and Brynn Clarkston.

Brynn is new in town and not too happy about it. That is, until she meets the ruggedly handsome rancher Michael McCall. I thought these two were really cute together; they have a light happy courtship. There are some fun scenes in this one, gotta love a good barn raisin'. I enjoy the charm of McClure's westerns, they're a fun way to step back in time for a bit.

Content:

Romance: Clean, just some fun kissing.

Violence: Mild

Annalisa says

Book 2 Love Notes Collection Series. I like how this does indeed Echo the Past of the first book in this series "Desert Fire" only now it is with Jackson and Malaina's son Michael and the new girl in town Brynn Clarkston. I also really liked glimpsing more of what has transpired in the lives of Jackson and Malaina, Baker and Charlotte, Mary and Matthew and how their love still burns.

Just what I needed! A light fluffy book. Life can now resume. This was a great book!

Laura says

I just love a McClure book. I love the juicy romance, the fluttery feeling she can create with her words- without getting R or X rated! So clean, and so romantic.

Amy says

Love the kissing!

This is a fast and easy read. I love reading this book when I want a fast little lift. This book makes me smile, laugh and sigh. I always end reading it with a big smile and a happy little sigh.

I love Michael i. This book. He makes me laugh he makes me smile. I live how he teases so much but in his teasing there always lays the truth of how he is feeling.

I love how Brynn is better than Annabelle. I think I would have totally smacked that girl a few times but Brynn is better then that and I really like that about her she doesn't give into the bait.

Oh and you can't forget about the kissing! I love all the kissing!

I really enjoy this book even if it is a fast story it still makes you smile.

Runrachel says

Jessie says

To Echo the Past is a sequel to Desert Fire, but doesn't need to be read in the right order. It is one of my favorite MLM westerns. I love Brynn and Michael. I love how Michael teases her! and especially love their first kiss. Marcia Lynn McClure just puts you right into the west, and makes me long for a simpler life, a small town mercantile, and barn raisings. I love the setting, love the characters, and love Michael MCCall's

toothpick ;)

Marybeth says

Oh I loved this one! Accidentally read the 2nd one first, which I don't recommend, but still, I loved this set so much that I've read them both twice. Quick reads, but soooooo good!!
