Sparkymom says

Super short but good

No way was I going to miss a story from this series, short or not. I enjoyed the easy banter between Val and Luke and the depth of love they demonstrated in this story. Val got to be the heroine and totally rocked at it. It was a great little addition to the series.

Riverina Romantics says

Newlyweds Luke and Valentina finally find the time to getaway for a honeymoon and land in Palau at a private island paradise. On their last day, Luke gets in dire trouble in the water with no one to help but his claustrophobic wife. Isolation may come at a high price.

This is an extremely short story but well told and suspenseful in a few pages. Nice interlude and wrap up for this couple. I was riveted.

Rachel says

Cute little short story about Luke and Val on their honeymoon. They find themselves in a tricky situation and Val has to overcome her own fears in order to save Luke's life

Adore this series beyond words

Lizabeth Tucker says

Black Ops 6.5

On the last day of their belated honeymoon, Luke Coulter and Valentina find themselves in danger. With former Navy SEAL Luke trapped, it is up to his wife to save him.

To have the big bad Black Ops hero need rescuing by his supermodel wife is a great twist. Very intense. 4 out of 5.

Gerri says

Just how many lives does Doc have? Sweet short.

Books and Spoons says

I love Black Ops series by Cindy Gerard, and was so happy to find this novella on Amazon. Luke and Val were so much fun to get to know in their full length novel, so this novella about their honeymoon was a treat to me.

They have so much love and devotion to each other, it is just adorable. Made me truly *sigh* so many times. Even in this short read, the author pulls you in so well, that the fear and anxiety left me gasping. Val was so courageous, facing her fears, trying to save her beloved.

The story is full of love, dedication, and intensity. If you have read the Black Ops series, this is a lovely addition to the adventure in the full length novels. ~ Five spoons!
