This was a fantastic novella, the bad guys just kept getting away! Really enjoyed it, must read more!

Fun read!

I love Megan and Brigit. This is a good story within the series. Quick read, fun mystery. Nice look at modern day crime solving.

Megan & Brigit Are Back!

Megan & K-9 partner Brigit are engaging characters. I love the way we get chapters "spoken" from Brigit's point of view! I definitely think someone should start a FB type of site for dogs like Brigit suggested. I really enjoyed going along for the ride with Megan & Brigit.

Cara Noyes says

At just over 140 pages, this novella was a quick read. I felt kind of sorry for 2 of the 3 villains who were dragged into the mess.

Jeanie Jackson says

A fun light read. Spend the day with Megan and Brigid as they are pulled into helping investigate a bank robbery. Although Megan and her K-9 partner are beat cops they are first on scene and the detective on the case is one of Megan's mentors. With her desire to become a detective and her true desire to serve and protect, Megan is thrilled to get to contribute to hunting for "real" criminals. Brigid's viewpoint adds a touch of humor which I always love.

Janet says

Cute ebook that nicely filled in the gaps while I waited for the third book in this series to become available digitally.

Kay Hudson says

I love the Paw stories. This one falls somewhere between a novella and a short novel, and tells the tale of three totally incompetent criminals who manage to elude capture for longer than one would expect, while doing everything wrong. Megan demonstrates her dedication to her work in some unlikely ways, while Brigit rolls with the liver treats. Brigit's ideas on social media for dogs are especially funny. I'm looking forward to finding the next full length novel in my mailbox tomorrow.

A fun snack sized addition to the Paw Enforcement series. This short episode will tide you over to the next book. Fort Worth Police Officer Megan Luz is growing as a police officer with the help of her canny K-9 partner Brigit and under the mentorship of 2 detectives. In Upholding the Paw Megan and Brigit take on the 3 Stooges of bank robbery. Read and laugh along as the 3 bad guys try to outwit Megan and Brigit. Though this is part of a series it can be read stand alone.

Sandy says

Diane Kelly is one of my favorite authors. I love the way she gives everyone a point of view in this book.

Gerri says

This was my first Megan and K-9 Brigit paw story. Shorter than I expected, but the story was complete and I loved it. I enjoyed how the author let us in on what Brigit was thinking, usually about liver treats, but other doggie pleasures and concerns as well. They worked well as a team and I liked the character of Megan, and thought she was just about right as a K-9 officer with hopes of becoming a detective. The crime spree sounded like something you'd read about and wonder how people can be so stupid. But they can. Although my first Paw book it won't be my last. I'm hooked.

Upholding the Paw -----4 Stars

This is a short story that jumps right into the action. Officer Luz and her K-9 Brigit are after the bad guys again. I particularly like getting a part of the story from Brigit's point of view. This is a quick read that includes Blast a bomb sniffing dog who enjoys the company of Brigit when their owners get together for crime fighting or romance. If you're not sure this is a series for you, this is a good and inexpensive way to check it out.

Mariko Tsubaki says

Great short story to keep us waiting for the next book. This book has Megan and Bridget chasing after three bank robbers/car thieves/arsonists.

Barbara Hackel says

This short book is just what I needed to tide me over until book 3 was finished! It is another fun mystery solved by Megan and K-9 partner Brigit. Who knew bank robbers would be so stupid as to steal a city bus? And multiple other cars? The crime is serious, but the criminals make this book have more laughs than I expected. I liked the way Megan is growing in her detecting skills, as well as in her personal life with Seth. I am sure Brigit agrees with me because she enjoys her time spent with Seth's dog, Blaze. Short but reasonably priced is a nice between book. It would be lovely if Ms Kelly would do this again before book 4

Angela says

Liked the story but it didn't seem like the characters changed at all and things didn't seem to progress with Megan and Seth at all.

Upholding the Paw review

Upholding the Paw is the third book in the Paw Enforcement series written by author Diane Kelly. It's a funny story with bungling crooks and as always, Brigit's canine comments. Love this series.
