Agent-in-Training Terri Reed

Meet the FBI special agents of the elite Classified K-9 Unit in this exciting new novella!

FBI intern Zara Fielding and her K-9 partner, Radar, stumble across a robbery gone wrong and put themselves in the criminals' crosshairs. Her childhood friend FBI computer guru Dylan O'Leary works for the secretive FBI unit she longs to join, and he vows not to let anything happen to her. As they work to stay one step ahead of the bad guys, new feelings ignite. When she goes missing, it's only Dylan—and Radar—who can track her down. Will they arrive in time to save her and the future she and Dylan have started dreaming about?

Marg says

a short book was good as an introduction to this series.

Hannah says

An enjoyable short tale of a woman and her dog. She's transitioning from work on the police force to becoming an FBI agent when she gets caught in a robbery in progress. The bad guy that gets away comes for her, and it's up to her childhood friend and longtime crush to keep her safe.

Janie R. says

This was a suspenseful, fast-paced, action filled short introduction to the Classified K-9 Unit series. I had a hard time putting this book down! My hero-Radar!

Paula Legate says

I have read 3 of the 7 books in this series so far, and I am hooked. I have enjoyed each book, and look forward to reading the other books. This book had intense suspense. Zara, and Dylan were locked in a trunk together, and the car was pushed into a river. The action was good, and the romance between the two agents was sweet. I also loved Radar Zara's K-9 partner. Excellent book.

Great

Lots of action,suspense and thrills.Fast paced and a really good story.Hold on to your seat,the hits keep on coming very quickly.

Linda Montgomery says

Too short!

As with all of Terri 's books, I would like more! But I always look forward to the next book. And the next one, well, you get it. Ani animal stories are also a favorite so this was special.

Kelly Knapp says

Best of every thing

I love this series, both the full length and the shorter novellas. The love inspired is a formulaic sub-genre of the romance category which is centered on prayer and God. However, the stories are well written and have strong characters that defy most stereotypes.

This novella is a beautiful example of this with both the female protagonist and her dog battling (and winning) a case of PTSD. Having lived through a bombing, officer Zara and her dog, Radar, have spent a year training to return to duty. After a day of upper level training, Radar alerts while Zara is driving home. Trusting her dog, Zara stops and foils a burglary but must shoot one of the perps. Can Zara and Radar outsmart the perps partner? If long time friend, Dylan has any say in the matter, Zara will! But just how close a friend does Dylan wish to be?

Have read all the Classified K-9 Unit series, love books about dogs, and these S&R guys are the best. Cute short story

Too Short

It was a good story but with only 60 pages, everything happened too quickly and ended up being unrealistic. All the characters needed more development as well.

Patrizia says

3 stelle e mezza

Questo è il racconto che lancia la serie multi-autori dedicata agli agenti cinofili di una squadra speciale dell'FBI. Ha un buon passo per quanto riguarda la suspense, ma come tutti i racconti è troppo corto per i miei gusti; inoltre questa autrice è un po' troppo ispirazionale, se così si può dire. Ma le trame dei libri della serie mi piacciono, quindi li leggerò.

FANTASTIC!

If you're a fan of working dogs, the hero dogs who work with law enforcement to protect us, then you will absolutely love this book. In fact the whole series is great and it showcases how brave these dogs truly are.

The romance is a pretty good thing too.

Brenda C. McAllister says

FANTÁSTIC!!!!

I love all of Terri's book, especially when they have dogs and romance in them. I thoroughly enjoy christian books, most of them encourage me to trust God through everything going on in my life!!!!

Pat Whitesell says

Dependable K9 instincts

This was a cute story about the love two people have for each other and how they finally admit it during a crisis. They are part of an FBI K9 group and the story shows how valuable these dogs are and what they are capable of doing. It is a quick and enjoyable read. After reading this story I plan to read more of the series.

Inspiration in Law and Order

All of the elements are here and Terri Reed used them to create a great Agent in Training novella. The suspense, drama and undercurrents of love result in a platform for more to follow. I would prefer more descriptions to help me visualize locations and character nuances. Happy Reading!

Hazel Robinson says

Action from beginning to end

Wow, Zara and her K-9 partner Radar is heading home when Radar see something suspicious. Zara stop to take a look a bullets start flying. Dylan who was taken in my Zara's family when his parents were killed has been hiding his feelings for Zara for a decade, do she feel the same way. Time will tell if the survive. This story has house bombs, kidnapping, attempted murder and so much more. A great start to what looks to be a on the edge of the seat, cannot wait for the next book in the series.
